PIRATES, UNDER GUISE OF REBELS, MURDER AND ROB RIGHT AND LEFT

STEAMER TAKEN AND LOOTED OF OVER \$200,000

Canton Delta Is Terror Stricken—
One Band Has a Torpedo Boat and
Armed Launch and Raid Many
Coast Cities.

HONG KONG, Nov. 25.—Pirates and brigands have the Canton delta terror stricken. Under the guise of rebels, they have murdered and robbed right and left. Battles between the outlaws and soldiers have resulted in no less than 1,000 deaths. The city of Canton is terror stricken today, the inhabitants fearing a descent on the city by the pirates, who are said to have sufficient numbers to enforce demands for booty. H. J. Nicholson of London, chief officer of the British West River steamer Shuion, and Captain Johnson, a Scotchman, fell fighting against capture of their ship. Chinese passengers aboard were killed. The Chinese steamer Kwongwen was attacked near Wu Chow and looted of \$200,000 in booty.

The pirates are working everywhere. One band has a torpedo boat and two cargo boats. They captured Wu Chow and held the place for a time, but after a fierce hand-to-hand battle were routed. More than 100 were decapitated.

SHANGHAI, Nov. 25.—Fighting between revolutionists and imperial troops is in progress at Hankow, according to dispatches received here today. The battle has raged for thirty-six consecutive hours, with the rebels gaining ground slowly but surely.

The Standard Oil company's tanks outside Hankow have been set on fire by shells from the rebel gunboats, and the whole Standard Oil plant has been almost destroyed.

It is impossible to say at this time the number of dead, but the losses on both sides are declared to be enormous.

SEATTLE, Wash., Nov. 25.—Seattle's water system was again placed in working order this morning after being dead since last Sunday. The big mains on the Cedar river were repaired last night over a temporary bridge and a large part of the city today receives its first water since Sunday.

REAL TRIAL OF THE M'NAMARAS SOON TO START

Within the Next Two Weeks It Is
Expected That the McNamara Jury
Will Be Sworn—McManigal vs.
McNamara Is Real Line-up.

LOS ANGELES, Cal., Nov. 25.—John J. McNamara against Orrie E. McManigal.

This is to be the real line-up in the McNamara murder trial when prosecution and defense get down to business within the next fortnight. Both sides will set their stage with that object in view.

And the state will have the pottlight first. Its witnesses will be sworn and all its facts marshaled to pave the way for McManigal's thrilling story, upon which the state depends to fasten the halter about James B. McNamara's neck. Its facts and evidence will be rounded out and got well into the minds of the jurors before McManigal, whose confession of an alleged "dynamite inner circle" within the ranks of organized labor has amazed all who are familiar with it, will be sworn to clinch it all and drive it home to the twelve men seated in judgment.

To refute that story the defense will largely depend, not on the man on trial, but on his elder brother John J. McNamara, the national labor chief, who occupies the same cell in the county jail. John J. McNamara will be expected to show that McManigal could not possibly be telling the truth. He will be expected to cite incidents regarding McManigal which he is expected to say, he knew simply as a fellow unionist; to show that the latter was "under suspicion" as a spotter for the National Erectors' association for more than a year.

And the manner in which the jury contrasts the two stories is expected to have a decided effect on the final verdict.

With eight men permanently sworn to try the case and with the defense reduced to seven peremptories, it was believed certain the jury must be completed within two weeks.

CHICAGO, Ill., Nov. 25.—It was announced at the office of the Chicago, Rock Island and Pacific railroad that the differences between that company and its striking shop employees have been adjusted.

BANKERS JOIN WITH WALL STREET IN CONSPIRACY

So Declares Alfred W. Crozier, Financial Authority, Who Denounces Senator Aldrich's Plan, Accepted by Bankers' Association.

CINCINNATI, Ohio, Nov. 25.—Denouncing former Senator Nelson W. Aldrich's central reserve bank fund plan, Alfred W. Crozier, a prominent financial authority, declared to the United Press today that by accepting it the American Bankers' association at New Orleans yesterday "solely joined Wall street in the most daring and most dangerous conspiracy that has ever been cooked up by the greed and avarice of high finance."

Continuing, Crozier said: "Shall the check of the public currency be public or private? That is the issue. The Aldrich plan offers the banks for their support the most colossal bribe in all history. He would take good government and give to a banking syndicate a present of \$1,000,000,000 to put in their reserves, so that, with relatively no investment, the banks can collect interest and loan back to the people at a profit of \$10,000,000 and get more business credit—on mere financial wind."

Stage Robbed.
DRAIN, Ore., Nov. 25.—The Drain Coosa Bay stage, leaving here at 5:40 o'clock this morning for Scottsburg, was a held up by two masked men about three miles out of town, each wielding an automatic revolver. SECURE TRACE OF GILLESPIE AND YOUNG GIRL

Man Wanted for Abduction of Nora Darling Was Passenger on Schooner Which Was Recently Wrecked at Mouth of Columbia.

According to word received from Mrs. Margaret Darling, who is still searching for James Gillespie and her daughter, Nora, whom he is said to have enticed away from her home in this city, definite trace has been obtained of the two, but so indefinite is the clue that it may do but little good. Gillespie and Nora Darling are said to have been passengers on the schooner Washington, which was recently wrecked near the mouth of the Columbia river. Miss Darling is said to have sailed under the name of Mrs. Jane Fillmore.

An attempt is now being made to find some trace of the couple following their rescue from the wreck. It is believed that they are at present in California.

Mrs. Patterson Grows Weary.
DENVER, Col., Nov. 25.—With head hung low, weary and dejected, Mrs. Gertrude Patterson, on trial for the murder of her husband, Charles Patterson, was still under fire today on the witness stand, the target for a deluge of merciless questions from Prosecutor Benson, who began his cross-examination of the defendant yesterday afternoon.

Te prosecutor is devoting his energies in an attempt to bare the woman's relations to Emil Strouss, the Chicago millionaire, with whom she went to Europe, and to whom she alleges her husband sold her for \$1,500. The rapid fire of questions involved the witness in numerous contradictions of her own testimony.

FIERCEST CONFLICT IN HISTORY OF GRIDIRON VIEWED BY THOUSANDS

32-YARD PLACE KICK WINS FOR SAILOR BOYS

Army Plans Most Aggressive Game But Are Outshouted—Captain Dalton of Naval Academy Makes Perfect Kick.

PHILADELPHIA, Pa., Nov. 25.—Captain Dalton of the Naval academy at Annapolis won the game between the United States army and navy cadets here this afternoon, the Middles a t the end of the first half with a brilliant place kick over the goal from the 32 yard line. The kick scored the only points made during the contest, which was one of the bitterest struggles between the rivals in years.

Thirty thousand people saw the game. In the president's box sat Mrs. Taft and her daughter, Miss Helen Taft. With the Middle rooters sat Secretary of the Navy Meyer, while Secretary of War Stimson sat in the army rooting section.

Annapolis was favorite as the game opened but the army played the most aggressive game.

In the second period the army carried the ball to the navy's 35-yard line where Hyatt failed to execute a drop kick for goal. A long punting exchange followed and the navy finally secured the ball at the army's 40 yard line, from which point they battered through the army line for a 15 yard gain.

With the ball on the 25 yard line Captain Dalton dropped back for a try at goal. The ball was shot the 32 yard line. It was caught in position on the ground, the captain met it squarely sending it over the heads of the onrushing army line and between the goal posts.

In the second half the army fought valiantly, advancing the ball steadily into navy territory, but was unable to score. They played a better aggressive game through than their victors but were outshouted. Final score: Navy 3, Army 0.

RECORD NUMBER OF PLAYERS ARE FORCED TO QUIT

Never Before in Long Series of Conflicts Between Crimson and the Blue Has a Gridiron Battle Been So Stubbornly Contested.

SOLDIERS FIELD, Cambridge, Mass., Nov. 25.—Harvard brawn and bulldog grit battled here today in one of the fiercest conflicts between the great rival universities since the first football was kicked over a gridiron. And the finish was no score—Harvard 0, Yale 0.

Strong in confidence that their Blue warriors would humble the Crimson machine, more than half of New Haven seemed to have crowded into the great stadium here when the ball was put in play, and throughout the struggle the enormous crowd—more than 40,000—hung breathless on the incidents of the game. Then, the danger point passed, from both the Crimson and the Blue ranks came thundering volleys of applause.

Stubbornly Played.
Never in the long series of conflicts between the Crimson and the Blue has a game been more stubbornly played. Wendell, for Harvard, and Philbin and Camp, for Yale, showed prodigies of prowess, and the severity of the struggle was seen in the fact that an almost record number of the football giants were forced to retire, bruised and injured, from the field during the progress of the game.

When the teams lined up it was noticed that Potter, Harvard's brilliant quarterback, considered by many experts the equal of Howe, had been replaced by Gardner. Gallner appeared at right tackle for Yale instead of Paul. At fullback the veteran Philbin, whose work was a feature of the Princeton game last Saturday, replaced Dunn, a new man this year.

Howe Fumbles.
Immediately after the kick-off Francis of Yale recovered the ball on Harvard's seventeen-yard line. Crimson supporters held their breath as Howe dropped back from his position for a field goal, but Howe fumbled. See-saw punting followed.

It looked like a sure score for Harvard, but a fumble averted the goal.
