

TWENTY ROUNDS OF FAST BOXING

The Natatorium Athletic Club will hold its monthly smoker next Friday night, and Manager Frankie Edwards promises the fans that he has matched up five four-round bouts which will fill all expectations, as he has taken considerable pains so as to be able to present to the club's patrons a good evening's entertainment of high-class boxing.

The main event will be between Joe Biff and "Gunboat" Smith, who hail from Woodville. This should be a corking good go, as Biff, when in action, resembles a torpedo destroyer. That he can go some was shown in the easy manner in which he polished off Earl Ralston in two rounds.

The semi-final will be between Jimmy Smith, the plumber boy, and Eddie Conley, who has held his own against the best boys in the amateur ranks at San Francisco, but he will find a hard nut in the local plumber boy, who is a strong, willing boxer with a fair punch.

The special event will bring forth young Wolgast and Jim Driscoll, a pair of 115 pounders who will make things as lively as a pair of game cocks.

There will be two preliminaries between Willie Mack and Eddie Clark at 133 pounds, and Johnny Roche and Freddie Lewis at 110 pounds, making five four-round bouts in all or, as Frankie Edwards terms it, twenty rounds of fast and furious milling.

Tickets on sale at Hotel Nash. Reserve your seats now.

LEWISTON NABS MAN WANTED HERE

A. C. Hewton, who is wanted in this city for skipping the country, taking with him a large amount of furniture on which he had paid but a little money, has been arrested at Lewiston, Idaho, according to a telegram received Monday by Constable Singler.

Mr. Singler will probably go after the man.

Hewton is said to have purchased a large amount of furniture from J. J. Saeton, packed it and left. For this offense the warrant was issued.

CONSTABLE IS LAW-BREAKER

David Pence, constable of Trail precinct, was arrested last week at the instance of Deputy Game Warden E. H. Hubbard, charged with having deer meat in his possession during the closed season. R. J. Ommel was also arrested by Hubbard, Ommel having been caught fishing in the government fish hatchery at Trail.

Both men were brought before Justice of the Peace Casick for trial and were each fined \$50 and costs, and in both cases fines and costs were paid.

MANSFIELD PAYS A FINE OF \$50

George Mansfield, who created a disturbance on Central Avenue Friday evening in the neighborhood of Jack Johnson's boothblack stand, was fined \$50 by Mayor Canon in the police court Monday morning.

Mansfield paid the fine and stated that hereafter he intends to leave liquor alone.

STRIKES HAND WITH AX; LOSES FINGERS

While splitting kindling Monday morning at his home on West Main street, Dr. C. H. Dennison struck his left hand with the ax and will probably lose several of his fingers. Dr. Dennison is suffering severely from the shock to his nervous system, as well as from the wound.

The ax cut clear through the hand, completely severing the first finger and so badly cutting the others that they may force amputation.

Hastings' for Health.

LARGE CROWDS HEAR PALMER

Dr. Ray Palmer addressed large crowds at the Baptist church yesterday morning and evening. The evangelist is a strong and logical speaker and has a way of presenting the gospel so both old and young can understand it. When the invitation was given last evening for those who desired to confess their intention to live the Christian life, six came forward and gave the evangelist their hand, thus making a public confession of their faith in Christ. A large chorus choir, under the leadership of Prof. Forrest Edwards and assisted by two pianos and a cornet, furnished music that was inspiring as well as entertaining. Services will be held every night at 7:30. The pastor and members of the Baptist church give a special invitation to all to attend these services.

Piles Cured in 6 to 14 Days
Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c.

LOS ANGELES EXCURSION.

Leaving Medford December 29th, an excursion will be run to Los Angeles, round trip rate will be \$35, tickets limited to 90 days for the round trip, stopovers in both directions at the pleasure of the excursionists. Whatever equipment in the way of Pullman and tourist cars will be provided, also chair cars for those who prefer to make entire trip by daylight. Those desiring to go should call, phone or write passenger office Southern Pacific company, Medford, Oregon, and give their orders for sleeping accommodations. The date set will enable those who desire to be in San Francisco for New Years eve (a great treat in itself) and also reach southern California for other attractions.

HAUL ROCK WITH AN AUTO TRUCK

Twohy Bros., who have the contract for macadamizing the Central Point road, are employing modern methods in moving the rock from the bunkers in this city to the road where it is used. A large auto truck is attached to a train of six dump wagons and great speed is attained in making the trip. The wagons are hauled at a speed representing a fast trot if horses were used.

Twohy Bros. are endeavoring to complete the road before rains force the mto stop.

Mrs. Lowell Dead.

Mrs. Martha E. Lowell died of heart failure Saturday night, November 26, 1911, at 4:45 o'clock, at the home of her daughter, Mrs. George

BLAME YOUR STOMACH

Get Rid of the Poisonous Gases and Fermenting Food.

If you suffer from headaches, dizziness, biliousness, constipation, inactive liver, nervousness, sleeplessness, bad dreams, foul breath, heartburn, shortness of breath, sour stomach, or dependancy, be sure and try MI-O-NA stomach tablets.

If you want immediate relief from an upset or rebellious stomach try MI-O-NA Stomach Tablets.

You might just as well get a 50-cent box today and start to put your stomach in tip-top shape and make your body feel fine and energetic.

You take no risk, not a particle, for if MI-O-NA stomach tablets do not do all that is claimed for them Chas. Strang will return your money.

Why Accident Insurance is Necessary

Ten per cent of all deaths are due to accidents. 11,000,000 people are killed and injured yearly in the United States (19 per minute). There are five times more people killed and injured yearly than die from natural causes. More people are killed and injured in the United States yearly than have been killed or injured during any war of the last two hundred years. You are more liable to die from an accidental injury than from any disease but one. Nature will guard against illness, but never against an accidental injury. More people have received indemnity from the Travelers for accidental injuries than were killed or wounded in the Union Army during the Civil War.

C. B. WALKER & CO.
Insurance of All Kinds 102 W. MAIN ST.

Reboe, four miles northwest of Medford. Deceased was 75 years of age and a native of Newfane, N. Y., and her home was in East LaRoe, Mich. She was a charter member of the Eastern

Star lodge in Union City, Mich. The remains will be taken to Union City, Mich., for interment, leaving here Tuesday evening. Mrs. Lowell was here paying a visit to her daughter, Mrs. Reboe.

Sacramento Valley Lands

The Sacramento Valley is the valley of opportunity for the homeseeker and investor. The soils of the Sacramento Valley will produce the widest diversity of crops grown in the civilized world. The climate is mild and equable. The entire valley has rail and water transportation, bringing it in close touch with all the coast markets and with the opening of the Panama Canal freight rates to other countries, and with the vast increase in population, land will advance in value many times over. The time to buy is NOW, while lands are within reach, and reap your profit when the big advance comes. Here are some good ones: 160 acres of rich level alfalfa land, 3 1/2 miles from Dixon, in Solano county. Dixon is on the main line of the Southern Pacific railroad from Sacramento to San Francisco, 22 miles from Sacramento and 45 miles from San Francisco. This is the only large body of good alfalfa land within 75 miles radius of San Francisco, and by this season alone it is destined to become the leading source of alfalfa for milk and dairy products for San Francisco and the bay cities, where a million people are now living, and where the opening of the Panama Canal, millions more will be there. Dixon ships a carload of certified milk to San Francisco every day. Milk in 10-gallon cans is worth 16 and 18 cents at Dixon; this is net to the farmer, and means that the ordinary dairy cow that gives 2 1/2 gallons a day will pay 45 and 50 cents a day income. You will support three cows. The soil is the richest in the state. The winters are mild and the summers cool. Irrigation can be had by pumping; over 100 pumps feasible and more economical than gravity irrigation. Every acre of this alfalfa will produce alfalfa in abundance. From 9 to 11 tons per acre each season. Fourteen in alfalfa, one of the best stands in the district. "The proof of the pudding is in the eating," and when you see the alfalfa you will not hesitate a minute. The price for the whole 160 acres is only \$17,000, a little less than \$100 per acre, and reasonable terms can be made. If you want a BARGAIN, where you can make a handsome income on cattle, hogs and alfalfa, this is your opportunity.

400 acres in Tehama county, 5 miles from a main line station on the Southern Pacific railroad; 200 acres in alfalfa that produced 1500 tons of hay for the season of 1910 and the same for the season of 1911, or 7 1/2 tons per acre, all WINTER IRRIGATION. The 200 acres of alfalfa land is the best alfalfa in the Sacramento Valley, has none. It is pure river bottom sediment, 20 feet in depth, without a trace of alkali, hardpan or adobe. It is all fenced and cross fenced into five fields with hog-tight wires. You can keep 300 dairy cows on it the year around. If you want to sell your hay, there is an alfalfa mill one mile distant, which will take all your hay at \$7 per ton, delivered loose at the mill; you can cut it, haul it and deliver it for \$2 per acre, leaving you a net price of \$5 per acre or \$7500 cash for the season on this part of the ranch alone. The remainder of the land is fine grain or fruit land. It is the best peach, apricot or cherry land in the state. It will produce from 10 to 12 bags of wheat per acre in summer fallow, or 12 to 20 bags of barley in summer fallow. This is all fenced and cross fenced into five fields, making 10 fields on the whole land. There are two very large new stock barns, a large new hay barn, all kinds of corn for handling stock, electric motor and pump for supplying water for domestic purposes and stock purposes, a fair residence, telephone and electric lights, with power on the ranch for pumping if you want to irrigate. An abundance of water can be had at a depth of 100 feet that will rise to within 12 or 15 feet of the surface. It is equipped and ready to handle a large amount of any kind of stock, horses, mules, cattle, hogs or sheep. It is an income-paying property, producing an income of 18 per cent net on only one-half of the ranch. The property is only \$45,000, on terms of \$15,000 cash and the balance in three, four or five equal annual payments, to suit your convenience. It is the BEST BUY in the Sacramento Valley or California. There are no other equal number of acres at the same price that will begin to compare with this.
