Digestible Doughnuts

"All Gone—"
and no cause for complaint

Cottolene

Let the children eat their fill of doughnuts—if made from Cottolene. There's no stomach-ache or indigestion in Cottolene doughnuts, because Cottolene is a vegetable oil product, pure and healthful as olive oil. It makes food rich, without making it indigestible. It makes food palatable without the greasiness of lard-soaked food. It is more economical than butter or lard because one-third less is required.

From the standpoints of health and economy, Cottolene is unquestionably the leading cooking fat on the market.

Use one-third less Cottolene than butter or lard.

Cottolene shortens your food—lengthens your life

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Rivesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well. I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui. Your druggist sells and recommends it. Get a bottle from him today.

N. B.—Write for Ladies' Advisory Dept., Chatterbox Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.
