

SAY DEFEAT DUE TO CONFESSIONS
MINNEAPOLIS MAN PAYS \$250,000 FOR SUNCREST ORCHARD

140 ACRES OF
TRACT ARE IN
FULL BEARING

Purchaser Is Mr. Campbell, Young
Capitalist of Minneapolis, Who Will
Spend Part of His Time on the
Tract—Charmed With Valley.

ORCHARD TRACT CONTAINS
461 ACRES OF FRUIT

Deal Is Made by Huntley and Mac-
Clatchie of This City—Tract
Is Splendid One.

The real estate firm of Huntley & MacClatchie announced today the sale of the famous Suncrest orchard owned by Dr. F. C. Page of this city to Mr. Campbell, a capitalist of Milwaukee and Minneapolis, for the sum of \$250,000. The sale is not only the largest investment in orchard land in the valley, but also represents the largest individual orchard proposition.

The orchard has been planted with view of subdivision later if desired. Mr. Campbell has purchased the property as an investment, but expects to spend part of his time in the valley.

The Patterson ranches which form the Suncrest orchard have been known for years as among the greatest producers of agricultural products of any in the valley and as a fruit ranch is now and will be in the future one of the great show places that will command the attention of the public.

The property contains 31,000 trees covering 461 acres, of which 140 acres in full bearing is said to be the most perfectly grown block of trees in the Pacific Northwest, also 300 acres of young pear trees of which 100 acres have peach fillers.

The equipment of the property is ideal, having a large ranch house, two barns, packing house, etc., also teams and a full line of machinery necessary for its care. The fall work has been carried on consistently and the ranch now is in perfect condition for this season of the year. The location is one and a half miles from Talent and the sloping hillside gives it not only perfect soil and air drainage but overlooks the valley for miles.

CANNERY IS TO
BE ESTABLISHED

A. W. Chinn of Kansas City has purchased the cannery recently operated by L. P. Lozier, has leased 80 acres of land from Roguelands, Inc., and plans the establishment of a cannery and pickling works on the "desert" along the Pacific & Eastern railway.

Mr. Chinn has also asked for an additional 100 acres of land from Roguelands. He plans to bring a number of families from Nebraska to locate upon the land and grow vegetables for the cannery and pickling plant.

Mr. Chinn is an experienced cannery man and is optimistic as to the future of the business in the valley. He expects to have the 80 acres he has leased planted to cucumbers, cabbages and tomatoes. When his Nebraska people arrive he will lease additional acreage.

Roguelands, Inc., has also made arrangements to grow products to be disposed of at the cannery. Other ranchers in that neighborhood have also contracted with Mr. Chinn. The development of this industry is to be taken up in earnest.

AFTER 7 YEARS
BEEF PACKERS
PUT ON TRIAL

Carpenter's Court Is Jammed to the
Doors When Rich Beef Barons
Were at Last in Their Final Corner.

PLEAS OF NOT GUILTY
ARE FORMALLY ENTERED

Eight Years Ago Attempt to Get the
Packers into Court Was
First Started.

CHICAGO, Ill., Dec. 6.—Brought to book after a hunt of more than seven years, J. Ogden Armour and nine other Chicago packers were placed on trial here today before United States District Judge Carpenter on charges which may land them behind the bars of a federal prison for criminal conspiracy and violation of the Sherman anti-trust law.

Judge Carpenter's court was jammed to the doors when the rich packers, who had so long evaded the law, were at last in their final corner. They pleaded not guilty.

Before the court opened it was reported that the packers would plead not contendere, and throw themselves on the mercy of the court. This proved unfounded, and when Judge Carpenter took the bench the final battle of the long-drawn-out struggle began.

Nearly eight years of legal maneuvering has been occupied in actually bringing the so-called "beef trust" to trial. Almost unremittingly since 1903 the department of justice has been encamped on its trail, but the beast has evaded capture in a jungle of legal obstacles, up until today.

SAYS GAS COCKS
WERE KNOCKED OFF

Detective Burns Wants to Know Why
McNamara Did Not Tell Whole
Truth Regarding Placing of Explosive.

CLEVELAND, Ohio, Dec. 6.—"Why doesn't Jim McNamara tell how he knocked off the gas cock and flooded the place with gas where the suit case filled with dynamite was put?" asked Detective William J. Burns, discussing J. R. McNamara's statement of the Los Angeles Times dynamiting. "If he told that, could he convince any one that he did not intend the entire destruction of the Times building and its occupants?"

TRIANGLE COMPANY
OFFICIALS MOBBED

NEW YORK, Dec. 6.—Mobbed by 300 frenzied women crying "murderers," Isaac Harris and Max Blanck, proprietors of the Triangle Waist company, indicted for manslaughter in connection with the fire and horror in the Asch building last March, had to be protected by a force of reserve police called into the criminal courts building.

SAN BERNARDINO, Cal., Dec. 6.—Dr. A. W. McDavitt, the local dentist convicted here of keeping Miss Jessie McDonald in captivity at his apartments for several months, was today sentenced to one year's imprisonment.

ROGUE NEWTOWNS
REFLECT THOUGHT
GIVEN TO CULTURE

Judges Express Opinion That No Bet-
ter Example of What Scientific
Care Will Do for Apples Was
Shown Than Exhibit.

SPOKANE, Wash., Dec. 6.—In the opinion of the judges of the fourth national apple show, just closed at Spokane, expressed after they had completed their work, no better example of the degree of perfection in apple culture that can be attained with wise and scrupulous care could be found at the show than that of the Yellow Newtowns exhibited by Houston brothers of Talent, near Medford, Ore.

Ordinary Specimen.
Exhibition of this fine consignment of fruit was a matter of second thought on the part of the growers, after the entire carload had been packed ready for shipment to Copenhagen, Denmark.
It was an ordinary specimen of the fancy, well-cultured apple grown in the Rogue River valley of Oregon this season, having been sold through the Northwestern Produce company at \$2.10 per box f. o. b. Medford, the prevailing price for fancy apples in the Rogue River valley this year.

\$300 Cash Prize Given.
Nevertheless, this display carried away the cash prize of \$300 for the best carload of Yellow Newtowns, scoring an extremely high percentage for perfection under the exacting and closely-drawn lines by which the judges were compelled to decide. This carload was in the common commercial pack, hence did not enter the contest for the sweepstakes prize judged almost exclusively upon fancy work.

Houston brothers brought this exhibit from the crop taken off of six acres, included in their thirty-five acre orchard devoted to apples and pears. This six acres has been in bearing for the last eighteen years. The ground is non-irrigated.

First on Box Display.
These same Oregon exhibitors captured first prizes for the best five and the best ten-box display of Yellow Newtowns, and got the silver cup awarded for the best five-box exhibit of apples in any variety, having scored higher in points of perfection than any other five-box exhibitors at the fair. Their score was 99 out of a possible 100 in the five-box display, and would have been perfect had it not been for the fact that they were in the straight instead of the broken pack, which was one of the requirements. In the ten-box display of Yellow Newtowns, Houston brothers scored 99.3-4 out of a possible 100

PRINCE CHUN IS
DEPOSED AS THE
CHINESE REGENT

Revolutionary Leaders Are Well
Pleased With Removal—Baby Em-
peror Is to Be Raised as a Chinese.
Not Tartar.

PEKING, Dec. 6.—Prince Chun was today deposed as regent to the Manchu throne, upon the orders of Yuan Shi Kai.
Chun probably will be banished. The rebels hailed his removal as regent with warm approval.
Shi Sai, a Manchur, and Hsu Shi Chang, a prominent diplomat, were named as guardians of the baby emperor.

SHANGHAI, Dec. 6.—The edict deposing Prince Chun as regent was signed by the empress dowager and grants the prince regent the right to abdicate. It allows the premier and his cabinet to take up the appointment of a substitute regent later.
The infant emperor will be raised as a Chinese by Hsu Shi Chang and Shi Sai. The prince regent will retain his title and an annuity of 50,000 taels.
The revolutionary leaders in Shanghai declare that this does not satisfy them.

TO DEMAND PRIMARY
LAW IN WASHINGTON

points, one-fourth point having been deducted by the judges because one of the apples in all the display was a little too low.

How Points Were Determined.
In judging the small exhibits of this kind, quality counted twenty points, color twenty points, condition twenty points and pack twenty points. In judging the carload lots the judges multiplied this by 100, having a basis of 10,000 points from which to work.

HOUSTON WELL
Pleased With
RESULT AT SHOW

Had Car Been Prepared for Show
Purposes Instead of for Shipment
to Denmark, It Would Have Been
Entered With Best Results.

"We are very well pleased with the showing our car of Newtowns made at the Spokane apple show," states L. H. Houston, one of the brothers who own the Buckeye orchards, who returned Tuesday evening from Spokane, "and had we packed for show purposes, and entered the free-for-all we would have taken premier honors. However our five and ten box displays showed what we can do, and we were first all the way on Newtowns. Scores of people daily exclaimed at the beauty of our apples. As I said, I am more than glad we entered the lists."

Fred Balch, who superintended the packing and shipment of the Houston Bros. carload of Yellow Newtown apples for the Spokane National Apple Show and who accompanied the car to Spokane and placed it on exhibition, also returned to Medford yesterday.

The carload of 680 boxes took the first prize for Newtowns in the carload class, the first prize in the ten box class and in this the score received was 99.75 points out of a possible 100; the fruit also took first prize in the five box class and in this the score was 99 points out of a possible 100. This score would have been perfect, or 100, had the fruit been put up in a diagonal instead of a square pack, the rules of the association requiring the diagonal pack. The fruit, pack and conditions were perfect, aside from the arrangement of the pack. Besides the three prizes given the fruit a silver cup was also given.

There were nine carload lots of apples exhibited, all these from Washington and Idaho, save the one carload from the Rogue river valley in Oregon.

There were exhibits of Yellow Newtowns in five and ten box lots from nearly every apple growing section of the Northwest, and the Rogue river valley won first prize against all these competitors.

This carload of splendid apples sent out by Houston Bros., and through the Rogue River Fruit and Produce Association, was sold at Spokane to a representative of the Danish royal family and it is now on its way to Copenhagen, Denmark.

The carload from here did not enter for the pack prize as this would have necessitated the unwrapping of all the fruit, and as it was to be shipped after the show, every apple

McNAMARA BOMB IS

Vote Largest in History of City—
Harriman's Connection With
Labor Cause Hurt Him.

LOS ANGELES, Cal., Dec. 6.—With nine precincts missing Mayor George Alexander at 2:15 o'clock this afternoon had increased his lead over Job Harriman, the socialist-union labor candidate, to 37,524 votes.
The count at that hour stood: Alexander, 85,183; Harriman, 47,659.

LOS ANGELES, Cal., Dec. 6.—Complete returns from 269 precincts increased George Alexander's lead for the majority of this city over Job Harriman, the socialist-union labor candidate, to 35,726. Prohibition was snowed under by 36,603 votes majority.

LOS ANGELES, Cal., Dec. 6.—George Alexander has been re-elected mayor of Los Angeles, being swept into office by a landslide, which gave him a plurality exceeding 35,000, and carried with him every other person on the ticket endorsed by the business interests of the city, the damaged machines of both political parties and the so-called good government forces.

The socialist-labor union leaders admit their utter rout and positively insist that the real reason was the eleventh-hour developments in the McNamara murder trials. The fact that Job Harriman was one of the labor men's attorneys cost him the votes of thousands of union men and women here who blamed him for not publicly repudiating the McNamaras as soon as he found they were guilty.

The vote was the largest in the history of the city. It was the first time in the history of California that the women were permitted to vote at a municipal election in a large city, and they voted almost solidly against Harriman and his associates. The Alexander forces will have complete control of the city affairs for the next two years, having elected every councilman and member of the educational board.

Prohibition was snowed under, the suggestion that they go dry having been overwhelmingly defeated by a ratio of about four to one.

FIVE PERSONS ARE
KILLED IN WRECK

PITTSBURG, Pa., Dec. 6.—Five persons were killed and several injured today when a Pennsylvania passenger train ran into a freight wreck at Manor.

Mr. Balch says that this carload of fruit attracted more attention and received more favorable comment than did any other carload of apples exhibited. Every inquiry made was for facts and figures regarding the country which produced the fruit exhibited.

Nearly every fruit producing section in the United States was represented at the Spokane apple show, as was also many sections of British Columbia.

INTEREST CENTERS NOW
IN BRIBERY CHARGES

Victors in Battle at Polls Admit That
Confessions Had Something to
Do With the Result.

"The developments as to bribery and attempted bribery were the efficient cause of the sudden change of pleas in the McNamara case." — Judge Walter Bordwell.
"I have acted unselfishly and from devotion alone, and I have always been ready and fairly able to take upon myself all of the responsibility for my actions." — Clarence Darrow.
"The Franklin bribery case will be pushed next Monday. If it develops that others are guilty, they will be vigorously prosecuted." — District Attorney Fredricks.
"I would rather go to the penitentiary with the McNamaras than share with the district attorney and Judge Bordwell responsibility for yesterday's disgraceful scenes in court."
Lincoln Steffens, whose claim that he settled the McNamara case is disputed by Judge Bordwell.

LOS ANGELES, Cal., Dec. 6.—Despite the fact that the McNamara brothers are in cells in the county jail waiting transfer to San Quentin for their admitted crimes of dynamiting, Los Angeles is more interested and even more excited than at any time since the Times was blown up.
The sweeping victory scored at yesterday's municipal election by the united forces of the old-line political machines, the liquor interests and the so-called good government interests over the united socialist-labor candidates has accentuated the feeling that the result was a bargain, pure and simple, the McNamaras being traded for an issue with which the campaign was won. The socialist leaders all insist today that this is the fact, and while the Alexander leaders will not discuss the matter so far as the alleged bargain is concerned, they freely admit that the pleas of guilty in the McNamara cases on the eve of the election was alone responsible for the landslide in their favor.

Federal Probe Interests.

Interest centered today in the bribery charges and the federal probe. So far as the former are concerned, District Attorney Fredricks said there would be nothing doing until after next Monday, when the case against Bert Franklin comes up in open court. That a fight will be made then is problematic. It is openly suggested here that a part of the bargain which brought the McNamara pleas was that the bribery charges were to be dropped; that Franklin shall plead guilty only to a misdemeanor and pay a fine.

Fredricks says "Nothing of the sort," and that there will be vigorous prosecution. Darrow refuses to talk at all, insisting that "It would be improper" at this time. But there seems little doubt today that the very men who traded the McNamaras for the city election can and will end all bribery proceedings if they think it best.

The federal probe into the dynamiting outrages, which are alleged by
