

SPLENDID DAY AT BIG REVIVAL

Great Success Is Met by Dr. Palmer at Baptist Church—Many Features Please Large Congregations—Musical Features.

Sunday was truly a wonderful day at the Baptist revival. Dr. Ray Palmer, the southern evangelist, was at his best. The two sermons preached by him were pronounced by all who heard them among the strongest they ever heard. At 11 a. m. the evangelist's subject was, "The Glory of God's House." The text was chosen from Psalm 27:4, "One thing have I desired of the Lord and that will I seek after, that I may dwell in the house of the Lord all the days of my life to behold the beauty of the Lord and to enquire in his temple." At the close of the sermon two young women publicly confessed Christ.

The meeting was the greatest held up to that time, but the evening service was the glorious climax of the day, when a large number of souls were saved, husbands and wives, sons and daughters, came forward and gave themselves to God. Not less than ten persons were converted at both services. At the evening service Mrs. A. A. Holmes sang two solos, one entitled "Not Tonight" and the other "Not a Sparrow Fall-eth." Both songs were sung with much feeling and they had their effect in touching hearts.

Miss Florence Hazelrigg also sang at the evening service "I Want to Go There, Don't You?" Miss Hazelrigg has a full, round voice, with great power, and her song stirred all hearts.

When Dr. Ray Palmer arose to preach he looked into the faces of an earnest, eager congregation that crowded the church. The subject of the doctor's sermon was: "The Unpardonable Sin," Matt. 12:32. For nearly one hour the speaker had the people in rapt attention, as he brought forth arguments, theological, historical, psychological, scientific and practical, to prove that millions do commit the unpardonable sin. A profound hush was over the audience—at almost any time during the sermon one could have heard a pin drop. Men and women were made to feel that sin is a horrible thing and that many are in danger of sinning away their day of grace. At one point in the sermon the evangelist gave a surprising test to show that nearly all Christians became such before 29 years of age. The preacher asked all who became Christians before twenty to stand. Nearly all the Christians in the house arose. Then the preacher said: "All who were converted between twenty and twenty-five stand." Only a few people arose. Then between 25 and 30, a less number arose, and by the

The duties of this committee will be to carry on the movement in Medford, and they are empowered to increase their membership as they may deem advisable, to appoint sub-committees for special work and to raise any business which may come up in the interests of the movement. A meeting of this committee will be called within the next two or three days.

Following this report Attorney H. A. Canaday addressed the meeting on the subject, "Young Men and Religion," and following this H. C. Garnett spoke upon "Religion and Business." W. H. Gore spoke on the "Impressions Made by Gipsy Smith." This was followed by an address by Rev. Ray Palmer, the evangelist. Every address delivered was filled with the spirit of the movement and all were listened to with an absorbing interest which told plainly that each of them had their finger on the pulse of public sentiment, and that this sentiment stood for better and more Christ-like living, and for the rescue of fallen and unsaved men. A number of beautiful and inspiring solos were sung by C. D. Hoy.

At the close of the meeting Mr. Meers stated that he had intended to not take a collection, but he had later decided that it was a splendid opportunity for those who wanted to do so to give a little something for the needy poor of the city. A collection was taken and more than \$12 was turned over as a result to Rev. Holmes, who has charge of charity work for the churches.

CLUSTER LIGHTS SHOW UP WELL

Burn Night and Day as No Switch Was Installed to Turn Them Off—Light Poles on Main Street to Be Removed.

Turned on Saturday evening the new cluster lights on Main street are burning night and day, all because the electricians did not install a switch with which to turn them off. This will be corrected in the near future.

Work on removing the electric light poles is to start at once. The preacher had reached 45 in his questions not a soul arose! Dr. Palmer has made this test all over America and never has made the test anywhere without the same results.

Dr. Palmer said according to these practical tests it had been shown that if one is not converted before 25 he stands one chance in ten thousand of ever coming to Christ; if one waits till 35 he has one chance in fifty thousand of being saved, if one reaches 45 and is not saved he has one chance in two hundred thousand of coming to God, 55 one in three hundred thousand, 65 one in five hundred thousand, 75 one in seven hundred and fifty thousand.

There will be a great service tonight, when Rev. A. A. Holmes will baptize many new converts. Dr. Palmer will preach on "The Silent Sinner at the Judgment."

DOUBLY PROVEN

Medford Readers Can No Longer Doubt the Evidence. This Medford citizen testified long ago.

Told of quick relief—of lasting benefit. The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. T. J. Williams, 617 Oakdale ave., Medford, Ore., says: "In 1907 after Doan's Kidney Pills benefited me so greatly I publicly recommended them. At this time I am again pleased to speak in their praise and give permission for the continued publication of my testimonial. I suffered for years from kidney and bladder trouble, the symptoms being slight at first, but becoming more pronounced as time passed. The pains in my back became so acute that I could hardly endure them, and as the result of restless nights I arose in the morning all worn out. Often I was so lame and stiff that I could not stoop and headaches and dizzy spells were common. I tried so many remedies without being helped that I became discouraged, but when Doan's Kidney Pills were recommended to me, I decided to try them as a last resort. I procured a supply at Haskins' drug store and after using two boxes I could see that a great improvement had been made. I grew better from that time on and was soon free from kidney complaint. Doan's Kidney Pills cannot be praised too highly."

HOUSE-WARMING LIBERTY ORCHARD

Mr. and Mrs. L. B. Minard Entertain Many Guests—Six Course Dinner Is Served—Covers Were Laid for Fourteen.

Sunday was a red letter day at Liberty orchard, when Mr. and Mrs. L. B. Minard were host and hostess at a magnificent house-warming. About 1 o'clock the guests began to arrive and were ushered into the spacious rooms, redolent with comfort and cheer. After a season of admiration and congenial visiting, a sumptuous six course dinner was served. The color scheme of red and white was tastefully portrayed on the table by laurel and chrysanthemums wreathing the centerpiece. Covers were laid for 14. Mr. Young was toastmaster. Long did the merry company linger at the bounteous board, yet were unable to do full justice to the feast.

After a walk in the orchard the afternoon was spent in quiet conversation, interspersed with music, both sacred and patriotic.

With the lights came apples and popcorn before the great fireplace. Ere the guests were allowed to depart the host made tea and a dainty lunch was served, with Mr. Biden as master of ceremonies. A mirthful hour was much enjoyed.

With sincere love for the hospitable host and his admirable wife, the guests, though loth to go, wished them many a happy day and thanking them for so pleasant an entertainment departed to their various homes.

A NOTEWORTHY ACHIEVEMENT

2513 People Bought Goods Here on Dollar Bargain Day

Our auditing department has just completed its report of the business done on Saturday, December 9th—Dollar Bargain Day—and the record shows that 2513 people bought goods here on that day. This, we think is a wonderful showing—a credit to our energetic sales force, a compliment to the store, because it bespeaks for this store the confidence the public places with us and a compliment for Medford as the recognized trading center of this section. We estimate that full

5,000 PEOPLE

visited this store on this day; we base this calculation on the fact that in trading most women bring with them one to two friends to assist them in selecting. Then deducting from this number many who no doubt made more than one purchase and adding to the number those who simply came to look and those who were unable to find what they were in search of and still others who could not be waited on, we feel that we have made a conservative estimate.

Our business was the largest single day's business in the history of this store, which fact proves conclusively that hard times, such as is frequently talked by certain people, is in no wise true and that this store is more and more establishing itself in the minds of the people of Medford and Jackson County as the Style and Bargain Store of this section.

KENTNER'S

ELK FOR ASHLAND FOREST DESIRED

Forage Would Not Be Lacking and Forest Rangers Would Give Protection—Want Crater Lake Region Stocked With the Game Animals.

ASHLAND, Ore., Dec. 11.—Considerable interest is being taken here in the matter of stocking the Ashland national forest with elk from the forests of Wyoming. It is stated that the Ashland preserve has ample protection and abundance of feed to supply a large herd of these monarchs of the forest who are perishing by the hundreds in Wyoming every year. By fencing a portion of the Ashland forest, a sufficient number of elk could be kept to stock Crater Lake and Klamath reserves each year and so save to the sporting public a race of game animals that is sure to be as extinct as the buffalo in a few years unless something is done.
