ARE YOU AETNA-IZED AGAINST ACCIDENTS C. H. REDFIELD REPRESENTING

Aetna Accident-- Northwestern Mutual Life Both Phones 210 Fruitgrowers Bank Bldg.

People Often Ask Us This Question:

"Why did you erect such a large building in a city the size of Medford?" "You are five or ten years ahead of the times," they say.

Suppose we are five years ahead--what of it?

It only goes to show our faith in Medford, and at the end of five years we will NOT be five years behind the times. All of which goes to show that people acknowledge the M. F. & H. Co. store to be the most up-to-date place in Southern Oregon. We admit that fact also. If that is true, would you not expect to find the largest and best stock of goods in Southern Oregon here? Right again—you would, and will.

Especially at this time of year should you be interested in this immense stock, for Xmas is almost here. Don't wait until the last moment to buy your presents, and then get something that is not just what you would have selected, had you not been so rushed. Look at a few of these suggestions. Better still, call at the store and look at the stock.

Our big shipment of Silesia china arrived yesterday and will be on display in our windows Monday. This line includes everything that could be desired, and can be purchased in single pieces or complete sets. Something new in Medford. See it.

When it comes to furniture, we pride ourselves that nothing in Southern Oregon can compare with our line. Rocking chairs, book cases, music cabinets, smoking stands, sofas, foot stools, and a thousand other appropriate gifts can be seen on our floors.

Perhaps the family would appreciate a new rug, new carpet or sofa pillow much more than you think. Much money is spent on useless articles when the same amount will buy a good serviceable one. Why?

Did you ever see the CUT GLASS room at the M. F. & H. store? If not, ask the salesman to show you the display—it will be a surprise for you. Many people do not know that we carry a large line of cut glass.

The little tots may not know the full meaning of Christmas, but they do know what a new go-cart, wagon or carriage means. If you don't believe this, bring them in and see what they reach for first.

Don't forget the boys. They are always in need of a pocket knife or some tools. Speaking of tools, we have complete sets of boys' carpenter tools that are paying propositions. They not only teach the boy something useful, but are baby articles to have around the house.

Football season is here. We have the footballs. A crowd of boys can get more real enjoyment out of a football than any other one thing that we can think of. A Christmas gift of a football will not only please your own boy, but will give his boy friends a chance to have a lot of fun too.

We believe in marking our goods in plain figures so that you may see for yourself just what they are worth. Do not hesitate to ask about any article in our stock. We like to tell about them.

Aluminum ware makes serviceable and useful presents. We carry a full line of this.

Would the wife like one of those electric stand lamps to sew or read by? We have them in many varieties, with single, double and triple globes.

The M. F. & H. Co. will be open every evening this coming week. We give rebate books for refund of railroad fares to out-of-town purchasers.
