

TVEITMOE, JOHANNSEN AND MUNSEY INDICTED, ARRESTED

CHARGE NAMED IS NOT KNOWN

Clarence Darrow Will Defend the Men —Detective Says Charge Was Conspiracy to Transport Dynamite Between States.

LOS ANGELES, Cal., Dec. 30.—Positive assertion that nine persons had been indicted by the federal grand jury...

The charge is conspiracy to transport dynamite between states in violation of the federal statutes.

Of the indicted men, three—Olaf Tveitmoe, Anton Johannsen and J. E. Munsey—are under arrest.

LOS ANGELES, Cal., Dec. 30.—Olaf Tveitmoe and Anton Johannsen of San Francisco, two of California's most prominent labor leaders...

It is not known definitely whether these men are included in the list of indictments returned by the grand jury...

No Statement Made. "We have just been arrested," Tveitmoe told the press representatives.

Following the arrest of the trio of noted figures in labor ranks, Deputy Marshal Sittle declared that no other arrests would be made in Los Angeles during the day.

To E. J. Hendricks, a local labor leader, Tveitmoe stated that they could secure their release on \$5000 cash bail, and Hendricks is now scouring the city in an attempt to raise the necessary amounts.

Malcolm McLaren of the Bureau agency was responsible for the statement that the labor leaders had been indicted on a joint charge of conspiracy to transport dynamite between states in violation of the federal statutes.

The arrest of the labor men came as a thunderclap to local union men, Special Government Agent Lawler having stated only this morning that no indictments would be returned until January 8.

250,000 On Strike. MANCHESTER, England, Dec. 30.—The number of strikers in the cotton mills here increased today to 250,000, probably the greatest strike in the history of Europe.

The strike promises to be a long and bitter struggle against the employment of non-union labor. Operatives of the Cotton Spinners' Federation went on half time in the Lancashire mills today.

CRACK TRAIN IS DITCHED; 20 DEAD

Great Northern's Coast Train "Oregonian" Goes Over 15-Foot Embankment—Fire Breaks Out—Corpses Cremated.

ST. PAUL, Minn., Dec. 30.—Twenty passengers are reported killed in a wreck of the Great Northern's crack coast train, the Oregonian, two miles east of Sharon, N. D., today.

It is reported here that the train went over a 15-foot embankment and that the cars are still burning, with bodies of those caught being consumed.

Eight injured persons have been rushed to the hospitals. The wreck was caused by a derangement of schedules, due to the running of special trains.

At 2 o'clock this afternoon the list of dead and injured in the wreck was not obtainable, communication having been severed because of wire trouble.

From the meager reports in the hands of the railroad heads, the entire train except the engine and mail car plunged over the embankment.

Dr. Helmarm, the only physician on the train, though himself seriously injured, gave relief to the maimed passengers.

WATER SYSTEM AT BUTTE FALLS

Line Will Run From Ginger Creek Into Town Carrying Splendid Supply of Pure Water for Little Village in the Hills.

Butte Falls has plans made for the installation of a splendid water system. Civil Engineer L. W. Whiting of this city has been employed by the officers of that town for some time in surveying out a line from town to Ginger creek, from which it is proposed to take the water.

There is a splendid flow of water in this creek and the altitude at which the water for the town will be taken out is sufficiently great to give a splendid pressure. It is estimated that for an expenditure of \$10,000 in putting in the system a supply of water can be secured which will be ample for a town of 3000 population.

MAN WANTED AT PORTLAND CAUGHT AT GRANTS PASS

GRANTS PASS, Ore., Dec. 30.—R. G. Allison of Portland was arrested in a Pullman car berth on the Southern Pacific southbound Shasta limited train here before daylight this morning by Chief of Police McLane on telegraphic instructions from Frank H. Collier, deputy district attorney at Portland.

Turk Cabinet Resigns.

LONDON, Dec. 30.—Dispatches to the Exchange Telegraph from Constantinople say that the Turkish cabinet has resigned.

The Holland—Medford's New Hotel, Which Will Open New Year's Day

MAY HAVE TO FIGHT FOR PEACE AT THAT BANQUET TONIGHT

Thirty Policemen Will Be Present at Widely Heralded Peace Banquet—President Taft Expected to "Talk Right Out in Meeting."

NEW YORK, Dec. 30.—That old Hibernianism, "We'll have peace as we fight for it," well describes the situation between the widely heralded peace banquet, which, with President Taft as chief guest, will be held tonight at the Waldorf Astoria.

Following denunciations of the banquet by former President Roosevelt, Andrew Carnegie and Mayor Gaynor, the war spirit is so rampant that precautions to avoid a serious turn have been taken and for the first time in the history of a formal feast here, 30 police will attend, prepared to oust any guest refusing to accept his peace unadulterated and exactly as prescribed by the committee on arrangements.

The president, usually pacific, is expected to talk "right out in meeting" tonight, and to reply hotly to Colonel Roosevelt's allegation that the peace treaties now before congress, to applaud which the banquet will be held, were conceived in a "spirit of hypocrisy."

Andrew Carnegie, Henry Claws and Charles A. Towne are also scheduled to speak after Taft's address. A special train from Washington will bring numerous diplomats to grace the feast. It will arrive at 4:30 p. m. and start on the return to the capital at midnight.

FREDERICKS OFF TO INDIANAPOLIS WITH CONFESSION

Los Angeles District Attorney Will Probably Appear Before Federal Grand Jury Now Probing Dynamiting Cases at Indianapolis.

LOS ANGELES, Cal., Dec. 30.—Carrying with him the original confession of Ortie E. McManigal, in which the names of 20 labor leaders are said to be mentioned in connection with dynamite outrages, District Attorney John D. Fredericks, the only living lawyer to beat out Clarence Darrow in a noted criminal case, left today for Indianapolis to testify before the federal grand jury investigating the so-called national dynamiting conspiracy.

Another announcement of importance today was that of Special Agent Oscar Lawler, to the effect that no indictments would be returned by the local probers until January 8. This statement was regardless of the fact that the United States district court and the federal investigators convened, no session usually being held on Saturday.

Olaf Tveitmoe and Anton Johannsen, San Francisco labor leaders, are chafing under Lawler's delay in calling them before the grand jury. Although these men have been in Los Angeles for nearly two weeks, subject to the grand jury call, not once have they been summoned before that body.

KEEPS PROMISE MADE TO WEST; IS BACK IN PRISON

William Mack, Convicted Murderer, Allowed to Go Home to Assist His Family, Returns to Salem, His Work Done and Promises Fulfilled.

SALEM, Ore., Dec. 30.—Fulfilling his word of honor that he would return to prison to complete his sentence of life imprisonment as soon as he had paid off the mortgage on the home of his father-in-law in Spokane, which had been mortgaged to raise money for his defense, William Mack, convicted murderer, today donned his prison garb and resumed his duties in the penitentiary.

Mack is under life sentence for the killing of Miles Carter, a bartender at Grants Pass, Ore. He was convicted in January, 1909. In June, 1911, the governor heard that Mrs. Mack, her two children and her parents were practically destitute. He told Mack he could go free long enough to pay off the mortgage and place the family in easier circumstances.

Mack followed instructions and returned to the penitentiary unattended when his work was done.

INDIANAPOLIS, Ind., Dec. 30.—District Attorney Fredericks of Los Angeles, who forced confessions from the McNamara brothers, is expected here Wednesday next. Fredericks will bring evidence for presentation to the United States grand jury, which is investigating the alleged dynamite conspiracy. The investigation will be resumed here on that day.

'THE HOLLAND' IS TO BE OPEN FOR INSPECTION SOON

Medford's Newest Hotel Will Welcome Visitors Monday and Guests Tuesday—Is Splendid Building and Credit to Men Erecting It.

The Holland, Medford's newest hotel, will be open for inspection on New Year's day and preparations have been made for a reception on that day. The hotel will welcome guests on Tuesday.

The Holland is a splendid four-story building of Mission style. Throughout it has been fitted for the purpose of making it home-like, and its builders have wrought well. Fifty-seven sleeping apartments are elegantly furnished and, all being outside rooms with all modern conveniences, they are certain to attract and hold trade.

This hotel was erected by Porter J. Neff and J. A. Westerlund, both business men of the city.

On entering the Holland one is struck with the magnificent appointments of the lobby, reading and writing rooms. In the lobby a high paneling is surmounted by a broad tapestry, which lends a delightful, cozy appearance to the room. The floor is of tile. An indirect lighting system is used.

On entering the Holland one is struck with the magnificent appointments of the lobby, reading and writing rooms. In the lobby a high paneling is surmounted by a broad tapestry, which lends a delightful, cozy appearance to the room. The floor is of tile. An indirect lighting system is used.

The reading and writing room is one of the most handsome to be found in any hotel in the state. A heavy beamed ceiling with appropriate finishing sets off the walnut furniture and fittings, the whole making a most harmonious scene, where not one discordant note strikes the eye. A huge fireplace promises heat on wintry evenings.

The Gray Room. Adjoining this room is a "gray" room, to be used as a ladies' parlor. A richness clings to the furnishings of the room which makes it a most delightful picture. It is a very dainty room, ideal for the purpose it is asked to serve.

Plate mirrors are placed in the various oak doors. The elevator is the fastest in southern Oregon and will whisk guests to the top floor in a twinkling.

The building was designed by George Butz, a prominent New York architect, who, owing to falling health, left New York last spring. This is the first important work he has done here.

PETER BUZOS ALLOWED TO GO BY GOVERNOR

Acting Upon Recommendation of District Attorney Mulkey, Deputy Prosecutor Reames and Judge Calkins, Sentence Is Commuted.

HAS SERVED 105 DAYS FOR ATTEMPTED BRIBERY

He Will Now Be Permitted to Return to His Family and Home in the State of Utah.

Acting on the recommendation of C. L. Reames, who acted as Deputy Prosecuting Attorney in the trial of the state vs. Peter Buzos for attempted bribery, and the recommendation of B. F. Mulkey, prosecuting Attorney, and that of Judge Frank M. Calkins, who presided at the trial, Governor West has commuted the sentence of Peter Buzos and remitted all the unpaid portions of the fine imposed upon him in the event that the defendant Buzos should pay the costs of the trial yet remaining unpaid.

Buzos was sentenced on September 15, 1910, to pay a fine of \$500 and the costs of the prosecution. In default of the payment of the fine he was committed to the county jail where, at the rate of \$2 a day, he has paid \$210 of the fine by serving 105 days, and the action of the governor in remitting the fine cancels the balance of the fine, namely \$290. Buzos was convicted of attempting to bribe District Attorney Mulkey.

At the trial of the case Mr. Mulkey, the district attorney, being a necessary witness for the state, C. L. Reames was appointed to prosecute the case on behalf of the state. In their recommendations to the governor that the defendant Buzos is a Greek who understood but little of the customs and laws and who reached Medford to find that his brother, George, had been indicted for the crime of murder in the first degree and that, taking everything into consideration and the doubt as to whether or not the defendant, Peter Buzos, ever really intended the statement that he made to the district attorney through an interpreter to be an actual offer of bribe money, it was urged before the governor that the defendant, Peter Buzos, had been sufficiently punished and that he should now be permitted to leave the state and return to his family home in the state of Utah.

ASK GOVERNOR FOR REQUISITION

Constable Singler Will Appear Before Governor West Today Seeking Necessary Demand on California for Mrs. Adams.

While in Salem Saturday Constable Singler will ask Governor West to sign requisition papers asking the governor of California to surrender to Oregon officials the custody of Mrs. J. H. Adams, who is held at Santa Rosa, Cal., charged with the kidnaping of her daughter, Eulalia Hansen, from the home of the girl's father, Paul Hansen, in Medford a few days ago.

Upon securing the necessary papers from the governor of Oregon Mr. Singler will go to Sacramento and ask Governor Johnson of California to approve of the extradition when he will go to Santa Rosa after both the mother and child and bring them to Medford, where the mother will have to stand trial for kidnaping.

February 1, under the direction of Mrs. F. G. Andrews, who has had extensive experience along this line. No expense has been spared in the furnishing of the hotel. Imported pictures brighten each guest room, while the furniture is all chosen with a view to harmony and comfort.

TO THE PUBLIC.

The New Year's Mail Tribune will be the largest and finest edition we have ever attempted to issue. It will contain more cuts than all previous special issues combined. It is far and away the most costly edition ever attempted in southern Oregon. The New Year's number will contain an illustrated orchard section, devoted to horticultural interests of the valley; a Medford section, devoted to the growth and expansion of the city, with panoramas and photos of all new buildings and statistics of improvements; a Rogue river valley section, with panoramas of the various cities and photos of their buildings and descriptions of their progress. There will be illustrated articles on the new Prospect power plant, on the convict camp, on Crater Lake highway, on valley soil survey and many other subjects. We appeal to the people of the Rogue river valley, particularly Medford, for generous support. Now is the time to show the world our progress. All should cooperate in the endeavor.
