

COLONIST TRAVEL WILL BE HEAVY

Increase Is Expected in Number of Homeseekers Coming to Oregon This Season—Western Governors' Trip Responsible.

SPOKANE, Wash., Jan. 20.—Colonist travel on all lines to Washington, Oregon, Idaho and Montana from eastern points this spring will be much larger than last year, according to Howard A. Noble of St. Paul, general passenger agent of the Great Northern Railway company, who is in the northwest on his first official visit. While here he said:

"Business is generally good in the passenger department, showing increases over last year. Of course, it is quiet in some spots, but the good crops of 1911 gave the farmers a little extra money. Many inquiries are being received from persons interested in Washington, Oregon, and Montana.

"The indications are for a heavier colonist travel this spring. This probably is due to the crops of 1911 and to the advertising through the western governors' special train which traversed all over the east. The land shows also greatly exploited the country.

"I look for an increased demand for small farms, 10 to 20 acres, nearer the larger towns and cities this year. There is much inquiry for logged-off lands and tracts that can be used for dairying and poultry raising where small orchards can be set out. Many working people in the east, with small savings, are making these inquiries, and it is our aim to get these people to come west and locate. We have our exhibit car traveling through Indiana and Ohio now, and instead of having it make stops in the larger cities as heretofore, are having the car stop at towns of from 500 to 1000.

"While it is not definitely settled, I look for a reestablishment on all transcontinental lines of last year's colonist rates, based on \$23 from Chicago to Pacific coast points and \$25 from St. Paul. This is one of the matters to be discussed at the next meeting of the association."

BAPTIST MEN AT BANQUET BOARD

Over 150 Representative Men From the Various Baptist Churches of the Valley Meet in Interesting Session in This City.

The Baptist churches of Rogue River valley sent representative men to the number of 150 to a conference held in Medford last night at 7:30. They assembled at the Baptist church and marched in a body to the Nash grill, where they enjoyed a splendid banquet. An orchestra from the men's class of the Baptist church rendered excellent selections, as did a quartette from the same organization. They were heartily encored, and all enjoyed the music, both instrumental and vocal.

Dr. Padelford was then introduced by H. H. Tuttle, chairman of the meeting, who stated the history and purpose of the Laymen's movement. It was born in the city of New York five years ago and has for its purpose the reaching of every man and woman in this world in this generation for Christ. His address was practical and witty and well received.

Dr. W. T. Stackhouse, secretary of this movement for the northern Baptist convention, was then introduced and gave a most stirring address on the objective purpose of the movement and how to accomplish it. Stackhouse has a striking personality, is a great wit, a logical speaker and a fine story teller. He held the audience with him until 11:30.

Those in attendance from outside point were: J. L. Gault, V. O. N. Smith, Rev. E. H. Hicks, Victor Shaw and Dr. H. M. Shaw, Ashland; Ben Harman, H. T. Hull, R. K. Haekett, Arthur Conklin, A. E. Edgerton, Chas. A. Fessenden, F. L. Warren, James Pilgrim, Wm. R. Brougher, J. R. Elder, Jerry McCracken, Russell Drake, John Riggins, Leslie Warren, D. A. Fitzgerald and Rev. F. C. Lovett, Grants Pass; Rev. R. B. Shonn, A. W. Beebe, W. H. Head, D. McKillop and I. R. Hamilton, Central Point; J. W. Grover, Prof. P. H. Daily and C. L. Painter, Eagle Point; George Brown and Orla Belle, Brownsboro.

Dr. Stackhouse is accompanied also by Rev. Fred C. W. Parker of

SENATOR GORE AIDS WILSON

Blind Senator Says Wilson-Harvey-Watterson Incident Is a Mere Bubble and Not a Billow—Not to Be Taken Seriously.

WASHINGTON, D. C., Jan. 20.—Rushing to the defense of Governor Woodrow Wilson of New Jersey in the controversy growing out of Wilson's demand on Colonel George Harvey that the latter stop advocating in Harper's Weekly his candidacy for the democratic presidential nomination, United States Senator Thomas P. Gore of Oklahoma declared that the Wilson-Harvey-Watterson incident is a mere bubble, not a billow. He said:

"It seems that the head and heart of Governor Wilson's offense is that he told the truth. An honest man cannot accept office with lies on his conscience. To decline the aid tendered by the alliance was a difficult and delicate task. Governor Wilson did so in the face of danger, and his act was one of moral and political heroism, such as few men are capable of.

"Governor Wilson's critics should tell frankly whether their candidates would assume the obligation which the governor declined, and if so, whether they would discharge or disregard the obligation.

"I had much rather see Wilson defeated with his heart an open book than triumphant with a skeleton concealed in it from the public eye."

KAVANAUGH IS ILL; TRIAL HALTS

Work of Selecting Jury to Try Louis J. Wilde Goes Over Until Monday—Non-Union Artisans Are Not Wanted.

PORTLAND, Ore., Jan. 20.—Owing to the illness of Judge Kavanaugh, the work of selecting a jury to try Louis J. Wilde, the San Diego banker, for embezzlement of \$90,000 in connection with the sale of telephone bonds to the defunct Oregon Savings and Trust company, was put over until Monday and the attorneys were given a chance today to examine the records of veniremen who are yet to be examined. It is now believed that the jury will not be completed until Wednesday.

During yesterday's session the defense made it very plain that non-union artisans were not wanted on the jury. Two more non-unionists were peremptorily challenged yesterday by the defense. Previously they had removed another non-union man by similar procedure.

The Seven Points of Beauty. How Many Have You?

The really beautiful woman must possess the following seven points of beauty:

- A Good Complexion, A Perfect Figure,
- A NICE HEAD OF HAIR,
- Beautiful Eyes, Pretty Eyebrows,
- A Well Shaped Mouth, Good Teeth,

Very few can lay claim to all of these seven attributes of beauty. Some slip into the beauty class by possessing four or five and very many ladies succeed in being exceedingly attractive with only two or three points to their credit. The one attribute which prevents any woman from being plain may be possessed by all, and that is a nice head of hair.

Geraldine M. Forbes, writing in a recent issue of a woman's magazine and touching upon the hair in its relation to feminine good looks says: "And what a difference it makes in their appearance! One cannot look ugly if the hair grows thick and has a satin sheen. The fashion of the moment demands glossy hair and hair that lies close to the head in clinging tendrils."

To Make Your Hair Beautiful, Use Newbro's Herculide

Reasonable care and effort is all that is required to enable almost any woman to have good hair. When the hair falls out and is stringy, uneven, dry, brittle and generally unsightly, the condition is nearly always due to dandruff and the germ that causes it.

Before the hair will grow naturally and luxuriantly, the scale-like accumulation must be removed and the dandruff germ destroyed. That is what NEWBRO'S HERPICIDE does. It is an aid to nature. HERPICIDE keeps the scalp clean, adds a softness and luster to the hair which indicates health. It not only prevents the hair from falling out but causes it to become one of woman's greatest charms.

Beautiful hair and lots of it may be the reward of every woman willing to devote a little personal effort to the use of the First and Original Dandruff Germ Destroyer. Herculide stops itching.

Applications obtained at the better Barber Shops and Hair-Dressing Parlors. Large size bottles sold and guaranteed everywhere.
