

### DID GROUNDHOG GO JOY-RIDING

It is to be expected, for you couldn't expect him to duck back into the cold, cold ground on such a day as this.

The ground hog saw his shadow today, without doubt, but whether he ducked back into his burrow or not is problematical. Rather, it is to be believed that he hired an automobile and went for a joy ride, for never has southern Oregon seen a more perfect day. Mr. Weather Prognosticator was up against a sun all day and a full moon all night. It was a fierce combination. But according to tradition he is back in his hole with six weeks of winter to come.

So if you believe in the groundhog and his forecasts keep your overcoat and umbrella where you can grab them.

### SCHUMANN-HEINK HERE ON MARCH 1

The coming appearance in concert of the celebrated contralto Ernestine Schumann-Heink will be given to the music loving public of this city, and an opportunity to hear this artist at her best. She is now at the zenith of her career, a career declared by those who know to be the greatest of any contralto that has ever lived. Mme. Schumann-Heink has planned the most tremendous and extensive season of any she has ever given but she maintains that it will serve to enable her to make new friends, which, she asserts, is one of her chief ambitions.

Her song recital in Medford will

be given Friday evening, March 1, at the Natatorium. Popular prices will prevail, the best seats being but \$2. This fact is an assurance that a great crowd will be present to welcome this most popular singer.
