The Wells Fargo Express company boys of Medford are sure enough boosters. A couple of days ago there arrived in the Medford express office a lady's shoe to which were attached an hundred or more express tags, each representing the different express offices in which this shoe had been during its several thousand miles of travel from the extreme southeastern states where the aforesaid shoe had been launched upon its random tour of the United States. On these tags were inscribed all kinds of little complements, some very pretty in sentiment, others coarse and rude, but it was up to the Medford boys to boost—and they did, by making a large trunk check out of heavy cardboard and upon either side they pasted a splendid lithograph picture of Rogue river valley apples and pears. When that shoe reaches the cold northern climate of British Columbia, Montana and the Dakotas many an expressman will look with longing upon that picture of red and yellow apples and delicious pears.

Try McDowell's ice cream and sherbets.

STRIKE OF 10,000 LAUNDRY WORKERS IN NEW YORK MAY FORCE MEN TO STAY IN BED OR GO SHIRTLESS

The strike of the ten thousand or more laundry workers in New York has its humorous possibilities, and what might occur should the trouble continue for long is depicted by our comic artist. The workers are presenting a "stiff front" but their employers declare that this "stitch" has been knocked out of the strike.

NEW LIBRARY OPENS THURSDAY

Plans Completed for Opening of Institution—Reception to Be Held From 8 to 10 O'clock—Program to Be Rendered—All Invited.

Plans were completed late Monday night for the opening of the new Carnegie library, which opening will take place on Thursday evening of this week, and the receiving hours will be from 8 until 10 o'clock. There will be a short program rendered, but of who or what this will consist has not as yet been decided upon, suffice it to say that there will be music and short addresses.

An invitation is extended to every citizen of Medford to attend this opening. The board of directors, who will receive visitors, are: Mayor W. H. Canon, Professor P. J. O'Gara, W. I. Vawter, J. E. Watts, Ed M. Andrews and the Mesdames P. J. Neff, F. W. Howlett, F. E. Merrick and B. P. Theiss. The board is especially anxious that all Medford people should attend this opening, because they want all to see and admire with them the beautiful structure which has been erected, and when you call they want to be there themselves to show you around; then again they want you to see and understand the necessity there is for more books and magazines, and they want to ask you at this time to contribute such books and magazines which you may have and can spare which would be creditable acquisitions to the library.

NEW DINING ROOM HOTEL HOLLAND OPENS

The new dining room at the Hotel Holland was opened Monday in a very successful manner. For quiet simplicity and good taste this dining room stands unique. The general decorative scheme is Deft blue and white and the furniture and little work ornamentation is carried out in the same plan. The tables are covered with plate glass over imported tapestry, the central color of which is the blue of the walls.

Mrs. E. G. Andrews is manager of the dining room and has done much to give it a homelike atmosphere. Mrs. Porter J. Neff, whose good taste is shown in the rest of the hotel, is again receiving compliments for her latest achievements in a dining room which is as the manager says, "the only one of its kind this side of the Mississippi, from Seattle to San Diego."

ally released by the Wisconsin senator. Just where La Follette stands is indicated by the statement issued from his headquarters today:

La Follette's Statement.
"As a progressive leader of proved ability, La Follette was drafted as leader of the fight to be made at Chicago at a time when leadership was believed to mean certain defeat. Roosevelt then positively eliminated himself from the 1912 fight. His followers for the most part being sincere admirers of La Follette, pledged themselves to the latter.

"La Follette claims that before consenting to make the fight he had every assurance from Roosevelt that under no conditions would he be a

COUNCIL HOLDS MEET TONIGHT

Public Market and City Hall Plans Come Up—Dog Tax Bill Considered—Crematory Plans to Be Discussed.

The city council will meet tonight, it being the first Tuesday of the month. No meetings have been held for three weeks and because of this there is considerable accumulated work to be taken care of.

Besides the routine work of allowing bills and receiving reports from the city architect will present plans for a new city hall and the proposed city public market building.

The proposition of putting in a crematory for use in burning and effectually doing away with the rubbish and debris of the city will also be taken up and discussed. A new dog license ordinance will also be presented and passed.

properly coached, he would never have been allowed to speak, and who was suffering from a shattered nervous system, committed what even his most loyal friends admit was a grievous political blunder by attacking without discrimination the press of the nation."

No Excuse Now for Greasy Doughnuts

A lady in Greenville, S. C., recently wrote a friend as follows:
"Two years after preparing doughnuts with the utmost care, I was disappointed to see them come out greasy and unwholesome looking. However, with my first use of Cottolene for frying them, I was delighted, as they were brown, crisp and delicious."
"For making doughnuts, pastry, light bread and flaky biscuits, I prefer Cottolene to any other shortening on the market. We even carry a pair of it on our annual camping trips through the mountains."
Cottolene—the perfect shortening—is made from vegetable-oil; it contains no hog fat—no indigestion.
