## BREAK RECORDS FOR SUNDAY SCHOOL MEET

All records for adult Sunday school classes in the city of Medford were broken on Sunday morning by the men's Bible class of the Baptist church, when 120 men attended. Of these, 110 were registered members and ten were visitors. Before class dismissed, five of these were enrolled as members.

This class has adopted the practice of giving the historical setting as well as the Biblical reference. Applications are also made tending to bring discussions from the members and many lively debates are enjoyed.

President Stine said: "To the organizers Sunday was indeed a joyful day. Two months ago we started the class with the slogan, '100 members.' We gained the goal. Then we planned to have February 4 a '100 present day.' People laughed at us and called it an idle dream. We realized the task, but we conquered. The future is indeed bright."

H. H. Tuttle, who is the teacher of the class, said: "The class has three aims: To live the broader, greater life of practical Christianity; to use it every day in our life; to bring the younger generation to Christ and the church by concrete example and not by oratory or hand-lung out platitudes. Finally, to insure Medford a good, clean, honest government by voting together and taking decided, open stands on certain principles."

There are between 200 and 300 men in the different churches, all associated in this movement, and the classes are constantly increasing.

There is power untold there and 400 votes mean something. But primarily this is not a body politic but a real Christian movement."

The lectures will be continued from week to week and will cover all manner of cuts, sprains and drawing, etc.

### Auto Expert in Peril

The great automobile industry which is the marvel of the twentieth century has been developed at a terrific cost of human energy.

The well known automobile engineer of New York City, C. M. Archer, had a very trying experience which he relates in a letter as follows: "As a result of overwork in my profession my health became broken down a year ago. This grew worse and I became very weak and nervous. Then I began to take Vinol and now I am strong and well again."

"Vinol has certainly worked a miracle in my case. It is the greatest body builder I have ever seen and nothing equals it. You may publish this for the benefit of every man and woman who wants to know the way back to health and strength."

There are many overworked men and women in this town who ought to take Vinol right now and recover their health and strength while they can. Do not delay another day. We guarantee Vinol to do you good and give back your money if it does not. Medford Pharmacy, near Postoffice.
