

# MEN LISTEN TO DR. PARSONS

Sermon on Repairing the Transgressor—Only This Week Will Well Known Divine Be in Medford—Large Audiences Appreciate Him.

A fine meeting with the men at 6 o'clock last evening. A splendid talk by Dr. Parsons to 40 men. Last night a large audience. The best sermon yet. Everybody is pleased. Only this week will Dr. Parsons be here. Come tonight and make certain that you hear him.

**Repairing the Transgressor.** The careless call one who transgresses a law a law breaker. But the law is not broken. Be it nature's laws or God's commands they work right on. It is the transgressor who is broken.

That all have transgressed and been injured by sin is the plainest fact of consciousness and biblical teaching. The inquiry now is how to repair that injury. How to deal with the sin and its results.

Negatively it is foolish to deny it. History, conscience, consciousness, the bible and common sense all declare for the fact. It is equally foolish to excuse sin, an excuse never mended a broken bone after a fall, nor a sin after its commission. It may stupefy the conscience.

Nor should we try to deal with sin in the realm of emotions. We ought to be ashamed, sorrowful because of it, we ought to hate it, but many don't. To try to work up emotions about it is ridiculous.

We must deal with it in the realm of the intellect, the conscience and the will.

We ought to recognize frankly the fact and confess. I have sinned. We must recognize that our sin is chiefly against God. As David said, "Against Thee and Thee only have I sinned." We ought to recognize the guilt of it that it leaves us liable to God's punishment. We ought to recognize its inevitable power to isolate from God and all others. Hawthorne in the "Marble Faun" taught this lesson in splendid form.

Then we should get God's perspective. The sins against God in the violation of the first and great command are the great sins in spite of popular estimation.

Then we ought to recognize the reality of God's remedy in the crucified Savior. When we understand the meaning of the words "The Lord hath laid on him the iniquities of us all" we shall hate sin and see it as God sees it and in his name pray "Lord be merciful to me a sinner."

Then we ought to repent, to forsake sin, turn to right ways of life and confess it to God and if it has injured a fellow man and restitution be possible we ought to make restitution. Any dealing with sin that falls short of this is shoddy work.

# ALDRICH OUT FOR ROOSEVELT

Nebraska Governor, Believing La Follette Physically Unfit at This Time, Would Support the Former President.

LINCOLN, Neb., Feb. 7.—Believing Senator Robert M. La Follette physically unfit at this time to wage his fight for the republican nomination to a successful conclusion, Governor Chester Aldrich of Nebraska in a statement here today urges progressive republicans to unite on Theodore Roosevelt as their candidate. Governor Aldrich says:

"My judgment, reached from evidence at hand, is that sentiment is rapidly crystallizing in favor of Colonel Roosevelt. In this sort of a contest, principles and not politics are the chief factors. We progressives are agreed on principles and politics. We are bound, beyond a shadow of a doubt, by certain and positive policies to select a leader who will carry these policies to a successful conclusion.

"Another matter of importance in considering the availability of Colonel Roosevelt is that with his nomination there would not be the uncertainty, unrest and distracting influence on business that hovers over every presidential campaign. It would be known at the start what his attitude on business would be and this one proposition alone is worthy of profound consideration in selecting a republican standard bearer."

Values that are uncommonly offered in this city's stores should be uncommonly well advertised.

# DEEP PURPLE IS BEST YET

Play Is Best Example of Realistic Drama Yet Written—Mirror Held to Certain Phase of New York Life and a Perfect Reflection Follows.

The classic drama of the past depended upon its literary merit. The drama of the present day depends upon its dramatic intensity. The poetic phrase has given way to the language of the people. It is realism that modern authors are striving for.

"The Deep Purple" is perhaps the best example of realistic drama that has yet been written. The author has held the mirror up to a certain phase of New York life and we get the perfect reflection of a certain type of the underworld that actually exists.

The authors, Armstrong and Mizner, have given us a play absolutely faithful to details. There is the dramatic intensity not overdrawn, coupled with a kind of serious humor that makes us laugh and yet with a melancholy undertone.

As to the cast, it was as near perfect as is possible to assemble in a traveling company.

Harry Hilliard would be quite star enough for one pretentious company. The cast not only includes this brilliant actor, but another equally great—Walter Edwards, who starred in "The Lion and the Mouse," and was also leading man for Olga Nethersole.

This is not all. The cast included Richard Garrick, Lyster Chambers and Frank J. Currier, all of whom are stars. Among the women of the company Maedline Louis, Anne Sutherland, Maggie Hallway Fisher and Lillian Herbert, and we must not forget Virginia Philey, who played a small part exceedingly well.

Much could be said of each individual in the cast, even to the valet and bellboy, but it can be summed up in the term "perfection."

We regret that the audience was so small. Great attractions like "The Deep Purple," "The Bohemian Girl" and "The Chocolate Soldier" should not come so closely together, for each deserve the largest audience Medford can turn out. "The Chocolate Soldier" being first, reaped the financial benefit. Thanks are poor pay, but such as it is the men and women of "The Deep Purple" are extended our heartiest. ED ANDREWS.

# GOMEZ CHIEF OF REBELLION

Several Bridges on Mexican Railroad Dynamited—Several States in Active Revolt—Gonzales Is Imprisoned.

EL PASO, Tex., Feb. 7.—That Emil Vansquez Gomez is the active head of the present insurrection in Mexico is regarded here as almost certain today. This is borne out by the arrival of Paslu Martinez, formerly secretary to Gomez, to establish a revolutionary junta. Other followers of Gomez are arriving on every train. It is believed here that General Orozco and Gomez will join in efforts to overthrow the Madero government. Orozco is indignant, according to dispatches, because the government has denied him the governorship of Chihuahua.

Reports received today say that several bridges on the Mexican Northwestern railroad below Casas Grandes have been dynamited. Abram Gonzales has been imprisoned at Torreon, and the states of Chihuahua are reported in open revolt.

# HUSSEY'S

# Progressive Aggressive Contradicting Webster

We might say addressing is a science. WHY? Because it is the application of certain well defined principles handed us by our forefathers and first demonstrated by our mothers. Then what is science, you ask. In our practice it is the application of certain well defined teachings, which change not infrequently, causing the necessity on the part of the Progressive of deep and continued study and research and frequent trips to the great clinical and scientific centers for the purpose of close application to modern methods. Have you realized our position in this matter? One member of our firm has but recently returned from such a trip and the benefits he derived are yours at the same price as former antiquated methods used by those not Progressive. In fact it costs you less to be treated by skillful and up-to-date methods, than to experiment with those who are inexperienced and lack such qualifications. WE ARE LOCATED HERE TO STAY. Our investments in our offices and outside is in the THOUSANDS OF DOLLARS, another proof that we are RELIABLE. Others have wanted to do as we are doing, but lacked courage for fear of criticism. Another proof positive that we are AGGRESSIVE. We always have and shall continue to respect and honor all duly licensed Physicians, and it shall be our aim to neither offend nor defend their acts or practices—this is truly ETHICAL.
