EUGENE MEN VISIT MEDFORD

Party of Twenty-five Business Men Arrive on Special Car and Spend Day Sizing Up City—Auto Rides and Banquet Provided.

The Eugene merchants, 25 in number, arrived in Medford this morning. They were accompanied here by President Colvig of the Medford Commercial club, who got himself mixed up with them in some way while on the train, Mr. Colvig being on his return home from Portland.

Mr. Colvig promised these gentlemen from the Willamette valley city that they would be given an opportunity to bask in glorious sunshine upon arriving here, but this statement could not be given full credit because to them it was the seeming impossible. However, Mr. Colvig's promise was kept and upon the arrival of the train here the sun was shining brightly and the little birds were chirping in the treetops.

A delegation of Medford people met the visitors at the train and escorted them to the exhibition building where there were a number of automobiles in waiting to carry them around the city and to Jacksonville. The party returned from Jacksonville a little after 12 and took lunch at the new Medford hotel.

Another automobile ride is planned for this afternoon, and some of them will visit the Medford schools. This evening a banquet will be given the visitors at the Medford hotel.

MAPLE ON TRIAL DYNAMITE CHARGE

LOS ANGELES, Cal., Feb. 13.—The trial of A. B. Maple, charged with complicity in a plot to blow up the Hall of Records here, was begun today before Judge George C. Banniss, sitting in place of Judge Willis of the superior court.

The second trial of Bert H. Connors, similarly charged, was set for April 16. The jury in the first trial of Connors disagreed and was discharged.

The trial of F. Ira Bender, the third of the accused trio of labor men, is being continued from day to day, to be set.

TEARS FROZEN TO CHEEKS DURING AIRSHIP TRIP

NEW YORK, Feb. 13.—After having her tears frozen to her cheeks during a hysterical experience in a biplane, Mrs. William Dunlap today declared her ambition for aerial adventure has died. George W. Beatty took her up 1000 feet over Belmont park. Then the motor stopped. Beatty managed to glide the machine to earth. Mrs. Dunlap is under the care of a physician.

Epworth League to Meet.

The Epworth league of the First M. E. church will hold its regular monthly business meeting, to be followed with a Valentine social, at the home of Mr. and Mrs. C. Meeker, 315 North Bartlett street, this evening, Tuesday, February 13. As there is much accumulated and overdue business to be disposed of, it is urged upon all members to make a special effort to show up at 7:30 p. m. sharp.

Much interest is being shown by all members of the league in regard to the building of the new church. The league expects to make a large donation as well as furnish the new league rooms with the necessary furnishings, which will be in keeping with the progressiveness of this department.

It is expected that the league will also take up the matter of securing a deaconess for the church. The membership of the church is so large and so scattered that it is next to impossible for the pastor to keep in touch with every one and by securing this added help the influence of the church will be greatly increased.

WASHINGTON, D. C., Feb. 13.—President Taft nominated George Borquin to be federal judge for the district of Montana.

Two Holes in the Household Purse

If you use butter otherwise than as a spread for bread you are wasting money, because Cottolene will make just as light cake and pastries as you ever made from butter, and it can be bought for about the price you pay for lard. One-third less Cottolene, moreover, is required than of either butter or lard. With Cottolene you save in another way. Lard-cooked food leads to indigestion, and indigestion sooner or later runs you into the hands of the doctor. Use Cottolene and your bills will be less both with your grocer and with your family doctor.

A NEW DRY CLEANING AND HATTING ESTABLISHMENT

H. Heartfield will open a French dry cleaning and hat establishment in Medford Wednesday and says he will have the most complete plant of its kind in the state with the latest improved machinery. The plant will be located at the corner of Main and Laurel streets and the up-town office will be the second door east of the Moore hotel. Phone Pacific 2821, Home 280. Mr. Heartfield is experienced in his line and asks for a share of the business. 280\*

WHY DO WOMEN ARGUE?

You might ask them all and they never could tell, because they do not know. Neither do we. We will not argue because it takes time and with us time is the issue. We could not argue with you that our spray hose was the best ever made, no argument coming. We know it is the best because we know how it's made, because it's made to order, the article we had to have was the best the factory could make. Let us show you.

In selecting a line of paint we choose the kind that covers the earth. Uncle Sam buys more of S. W. P.'s Paint than all others combined because it stands the test. We can do your plumbing for you cheaper than any one can do it, but we won't because we do not do cheap plumbing. We do your work the best it can be done and you get the best work at a living profit to you, not always for us. You might call us foolish if we said we expected to do more business this year than in any year in our history, but that is just what we are going to do. You just look in and see the miners carrying shovels and picks out of the store, just notice the new houses going up all over town and ask the builder where he gets his hardware and why. They can tell you and will. If one automobile will not deliver it two will and you just notice the one is always on the road. Yours for the largest business yet.
