

PHONE COMPANY TO PAY TAXES

As Result of Supreme Court's Decision in Initiative and Referendum Case, Pacific States Concern Will Pay License Tax of \$10,450.

PORTLAND, Ore., Feb. 20.—As a result of the United States supreme court's action in declaring the Oregon initiative and referendum law unconstitutional, by inference, when it decided consideration of the Oregon system was not a question for the courts, the license tax of \$10,450, assessed against the Pacific States Telephone & Telegraph company, under the authority of the initiative, will be paid by the corporation.

This was admitted today by J. B. Kerr, counsel for the telephone company. He said there was nothing else to do but accept judgment and foot the bill.

The telephone concern was the first to raise the question of the validity of the Oregon system. It refused to pay the tax on the ground that the initiative and referendum were unconstitutional.

EXPECT ARREST OF "SIR" COOPER SOON

OAKLAND, Cal., Feb. 20.—Prediction that Dr. Milton Abraham, alias "Sir" Harry Westwood Cooper, who fled from Oakland last week with Miss Anna Milbrath, with whom he contracted an alleged bigamous marriage after illegally acquiring money belonging to the girl's mother, would be apprehended within a week was made here today by Captain of Detectives Peterson.

"We know positively," said Peterson today, "that Abraham left here on February 11 for Seattle, en route to Vancouver, B. C. We have flooded the entire northwest with descriptions of the man and we do not believe that he can escape. I also believe that as soon as Miss Milbrath learns the true character of the man that she will divulge his whereabouts. When he finally is taken into custody there will be little delay in returning him to Oakland for trial. We already have secured the warrant for his arrest and the moment news is flashed here of his capture steps will be taken to bring about his extradition."

Mrs. Herman Milbrath, mother of Cooper's sixth wife, is prostrated at her home here as a result of her daughter's entanglement with Abraham. The police charge that Abraham obtained \$1000 from Mrs. Milbrath by false pretences.

That a misunderstanding of the white man's motives has been one of the causes of the Indian's backwardness in adopting civilized methods and in fighting education is being demonstrated at the Government Indian School in Carlisle, Pa., where twelve members of the Hopi nation, now worshippers and pagans, who came here five years ago virtually as prisoners of war, are now preparing to go back to their people and spread the doctrine of the new life which they have gladly accepted.

These twelve Hopi Indians when they came here were crude specimens of a low order of civilization.

ABE ATTELL SHOWS GOOD FORM AT LOS ANGELES

LOS ANGELES, Cal., Feb. 20.—Los Angeles fight bugs apparently have experienced a change of heart overnight, for today instead of "raven crooks" that Abe Attell "has gone back," the thousand fans who watched him in his first training stunts here unanimously declare that he is as fast, if not faster, than ever before.

Attell entertained a record crowd at his camp. He boxed several rounds and did two hours' light gymnasium work. He is happy and husky, and laughingly disparaging of Kilbane's skill.

Kilbane's gallery was no less than the champion's. The little Clevelander worked easily until the hour for donning the mitts arrived. He then treated the crowd to eight rounds of lightning work. He already is near the stipulated weight.
