

JUDGE HURTS DARROW CAUSE

Denies Petition Filed by Earl Rogers Asking for a Complete Transcript of Evidence Taken by the Grand Jury.

LOS ANGELES, Feb. 23.—Judge Hutton today denied the petition filed by Earl Rogers, attorney for Clarence Darrow, asking for a complete transcript of the evidence taken by the grand jury that indicted Darrow. He also over-ruled the objections contained in a brief submitted by Rogers on the statute governing the disposition of evidence. He based his decision on a United States supreme court finding.

The Darrow case went over. The trial date is to be set next week.

Klaus to Fight Dillon.

SAN FRANCISCO, Cal., Feb. 23.—Frank Klaus of Pittsburg, the middleweight claimant, will clash here in a 20-round bout late in March with Jack Dillon of Indianapolis. Announcement to this effect was made today by Promoter James W. Coffroth, who is undecided whether to stage the contest March 23 or March 30. The exact date will be announced later. Two weeks after this fight, it was announced, the winner will be pitted against Eddie McGorty of Oshkosh.

Coffroth said today that the defeat of Abe Attell yesterday at Los Angeles would not affect his arrangements for the match March 9 between Attell and Harlem Tommy Murphy.

REPORT ATTACKS LOAN SHARKS

May Be That Uncle Sam Will Find a Way to File the Teeth of Men Who Make Poverty the Source of Their Capital.

WASHINGTON, D. C., Feb. 23.—"The family account at the company's store usually exceeds the wages of father, mother and children and the family is then forced to borrow money from loan sharks to meet the added debt."

This is the outstanding feature of a report issued today by the department of commerce and labor, following an investigation of conditions prevailing in the cotton mills of the Carolinas, Georgia, Texas and other southern states.

Prisoners at the federal penitentiary in Atlanta, the report says, are better fed than the cotton workers. Their homes, it is charged, are insufficiently heated, sanitary conditions are bad, and epidemics of measles, malaria and typhoid fever are frequent. Their home life, according to the report, is conducive to pneumonia, and as a result tuberculosis prevails in hundreds of families.

"In an average family of eight persons," says the report, "half of the members work. Their wage is insufficient to meet their needs, and a visit to the loan shark invariably follows. Then other children are sent to work until the trapped family has sent all the children into the maw of the cotton mill."

BANKER LAUGHS AT IDEA OF BANKERS TRUST

SAN DIEGO, Cal., Feb. 23.—"There's no such thing as a bankers' trust," said Maurice L. Rothschild, millionaire banker of Chicago and a member of the famous family of bankers, here today. "The idea is absurd."

"Bosh" Says Wilson.

TOPEKA, Kas., Feb. 23.—Woodrow Wilson branded reports that his daughter Nellie was in danger in Mexico, as "bosh." He said: "Stories that I have asked an escort for my daughter to the border are nonsense. My daughter is visiting friends in Madera and will remain there until she wishes to return."

MAY YET PROBE MONEY TRUST

Consolidation of New York Institutions Controlled by J. P. Morgan and Company Stirs Members of the House to Action.

WASHINGTON, D. C., Feb. 23.—A "real investigation" into the so-called money trust is threatened by members of the house today as a result of the consolidation in New York of the Manhattan and Bankers Trust companies, institutions controlled by J. P. Morgan and company.

Despite the action of a democratic caucus in rejecting the Henry resolution calling for a probe of the money trust, republican and democratic progressives, it was announced today plan a combination to force the adoption of the resolution.

WILLIAMS, Cal., Feb. 23.—Gamblers here will fight the new county anti-gambling ordinance, so far as it affects poker. They declare poker is not a game of chance, but of skill.

POOR OLD PAPKE COULD NOT "COME BACK"

SACRAMENTO, Cal., Feb. 23.—Bill Papke, yesterday a claimant for the world's championship in the middleweight class, is today an added recruit to the ever growing army of "can't come back" fighters, as the result of his decisive defeat at the hands of Frank Mantell.

The Pawtucket fighter throughout the entire 20 rounds kept the erstwhile "Thunderbolt" backing up. The 20th round ended with Mantell raining blow after blow on Papke's face as the latter hung over the ropes trying to dodge the fusillade of punches.

Sol Levason of San Francisco refereed the bout.
