

YOUNG WOMEN TO FORM Y. W. C. A.

Junior Society of Greater Medford Club Plans to Turn Organization into a Branch of Young Women's Christian Association.

The young women of the city who are members of the Junior Society of the Greater Medford club are planning to reorganize that society, making it a branch of the International Young Women's Christian Association. A young woman organizer will be here next week to direct the reorganization.

PROGRESSIVES AND DEMOCRATS TO UNITE FOR TARIFF FIGHT

WASHINGTON, Feb. 24.—The tariff program in the senate will be framed at a conference which democrats and progressive republicans and regular republicans are planning to hold soon after the finance committee concludes its hearing on the house steel revision bill early in March.

The democratic leaders virtually have decided to make the first stand for the house measure with perhaps a modification that would not interfere with party solidarity in congress, and then having gone on record for a straight democratic bill, endeavor to reach some compromise with the progressive republicans.

The regular republicans will simply bring in an adverse report on the house measure. They are not unanimous, however, and may report a substitute. Progressive republicans have talked over the matter informally and the plan of those most active is to make some concessions to the democrats.

BOTH MEDFORD TEAMS WIN AT BASKETBALL

Medford High was twice victorious Friday night in Jacksonville when the county seat first and second teams were beaten in fast contests.

The second teams were the first to take the floor and in a general rough and tumble fashion Medford won by a score of 25 to 4. Team work was the extract of the victory, as the head plays were unfathomable to the Jacksonville quintet.

Medford's first team then matched it with the Jacksonville alumni and were the victors by a score of 40 to 25. The game was a hard-fought one and filled with many spectacular plays owing to the fact that the game was played on a slippery dance floor.

Ashland 31, The Dalles 10

Ashland took the second game of a series with The Dalles by a score of 31 to 10. The game was a good one, but the well trained Ashland quintet proved too much for the eastern Oregon crowd and resulted disastrously for them. This gives Ashland two victories and leaves no doubt as to their superiority over The Dalles crowd.

The first half of the game stood 13 to 13.

Mr. and Mrs. Perl of Medford attended the concert and banquet Thursday evening.

Jack Aiken, of Woodville, was a guest of J. W. Myers and wife at the banquet.

Miss Grace Gregory of Agate is visiting Miss Marjorie Watkins.

J. N. Smith spent Friday in Grants Pass.

The Rogue River Valley band played for the Willow Springs box social Friday night, which was attended also by a number of our young people and all report an enjoyable time.

Tyson Beall returned from Yoncalla Friday morning.

F. E. Bybee of Jacksonville was calling on friends here Friday morning.

G. W. Dunn, L. L. Mault, E. D. Briggs, George Owens, Editor Greer of Ashland were here Friday looking over the political situation.

A. J. McLeod of Glendale was here on a business trip last of the week.

Rex Lampman of the Gold Hill News and Editor Hammerley of the Woodville Argus attended a meeting of parties interested in county politics here Friday afternoon.

EAGLE POINT EAGLETS.

(By A. C. Howlett.)

G. H. Tranna, the man who is superintending the water system of Medford, called Monday afternoon at the Sunnyside for dinner. He had just returned from the intake of the Medford water pipes and reported that everything was all right again; that some drift had lodged so as to endanger the intake and that the man in charge had shut off the water until the debris could be removed, but that everything was all right at that time.

It is now definitely understood that Artie Nichols and his uncle, Thomas E. Nichols, will build a two-story brick on the lots south of the town hall near the old county road, 60x47 feet, and that Heath & Diamond have contracted for one of the rooms, 20x60, with an addition of sixteen feet on their part of the building for a storehouse, thus making their part of the building 29x76 feet. The other part of the lower story will be used as a meat market and cold storage room, while the upper part will be used as a tenement house for roomers. They expect to begin work on the building in a few days and have it ready for use by June 1. The store building now occupied by Heath & Diamond is entirely too small for their business, and the present meatshop used by Nichols, Jackson & Co. being altogether too small for their business.

Miss Hattie Weiss, sister of Mrs. M. L. Dally, who has been stopping at the Model variety store during her sister's absence, started home today (Wednesday).

G. M. Fountain of Klamath Falls is here visiting his cousins, M. L. and P. H. Dally.

The workmen have about completed the room over the First State bank, and the I. O. O. F. expect to organize their lodge here next Tuesday, February 27. They expect to organize a good strong lodge, as there is quite a number of old members who will go into the organization, and several have expressed a desire to take the degrees. They are expecting to have with them members from all of the surrounding towns and Grand Master Bowersox of the state lodge with them, and of course are looking for a large crowd of people here that night.

Mrs. Roe tells me that she has changed her mind about building on the north side of the creek and thinks of building on a lot near the wagon bridge and turn her attention to raising fancy poultry.

The city dads have had Lawyer Neff of Medford draw up a charter for our town and it was read Tuesday night in the town hall and will be read again tonight, and then it will be submitted to the people for approval.

When I was in Medford Tuesday I learned that the railroad bridge across Butte creek was washed out and I wish to say that I rode over it twice Tuesday and found it all intact. We have to go away from home to learn the news.

John Singleton of Los Angeles, and his sister-in-law, Mrs. Singleton, of Eagle Point, were passengers on the train Tuesday for Medford.

Miss Hattie Cincaido, who has been visiting friends in Ashland, returned to the home of her parents in Eagle Point Tuesday, and George Nichols, Jr., was also a passenger out from Medford.

T. Harvey, who sold out a short time ago, started for California the first of the week.

A. H. Vitzthrom and D. M. Reed came out from the Prospect plant Tuesday and spent the night at the Sunnyside on their way to Medford. They have been engaged at carpenter work on the plant. They report that everything is working nicely up there.

People Use Electric Flat Irons the Year Round

They are equally as convenient in fall and winter as they are in the hot weather. There may be less discomfort from kitchen fires, to be sure, but the electric flat iron has many other advantages than saving heat. They save drudgery. They save footsteps between ironing board and stove. They never need changing. They are always clean and uniformly hot—ready at your elbow.

Thousands of Women

use them who prefer to iron little things themselves in their own room, or elsewhere, on short notice. An electric iron once tried is never afterward dispensed with. Why not try one yourself. Ask us for particulars.

Vapor Treatment

FOR CATARRH, COLDS, COUGHS, SORE THROAT AND BRONCHITIS.

Everybody knows that breathing HYOMEI a few times a day through the little hard rubber pocket inhaler will in a short time drive out catarrh.

Many people regularly use the vapor treatment at night in conjunction with the inhaler, claiming that it hastens results.

This is the vapor treatment: Into a bowl three quarters full of boiling water pour a scant teaspoonful of HYOMEI, cover head and bowl with towel and breathe for five minutes the soothing, healing, antiseptic HYOMEI vapor. Try it when using HYOMEI for any nose or throat ailment.

HYOMEI is guaranteed by Chas. Strang to put an end to catarrh, or money back. A bottle of HYOMEI costs 50 cents; a complete outfit, which includes inhaler, \$1.00.
