## 600 UNIONISTS LOCKED OUT

SAN FRANCISCO, Cal., March 1.—Nearly 600 men belonging to the seven local unions of the Pacific maritime federation were locked out here today by an open shop ultimatum of the Union Iron Works and the Moore and Scott Iron Works.

The lockout is the result of the action of the unions in the maritime federation in refusing to take the places of striking union ship calkers. The terms of the corporations include demands for the open shop on all "old" and new work on steel vessels. The men declare the intention of the employers is to discontinue the eight hour day. The corporations also refuse to pay the union scale of \$5 a day for calking or repairing, which is known as "old" work. The men declare they are willing to work for any employer who will pay union wages and grant union hours.

## MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn. I thought I had to suffer this way as long as I lived, but when I began to take Theodor's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress. I took two small packages in all, and although that was some time ago, the dyspepsia has not returned. I speak a good word for Theodor's Black-Draught whenever I have the opportunity." If eating causes distress, we urge you to try Theodor's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver. It acts gently and is without bad after-effects. Try it. Price 25c.
