

## QUARREL OVER POLE DISCOVERY

### NEW REVOLT IN FAVOR OF DIAZ OCCURS

Independent Revolution in Southern States Alarms Foreign Nations—Early Abdication of Madero Expected—Simultaneous Attack.

United States Orders Troops Sent Home From Philippines and Stops Those Sailing.

WASHINGTON, D. C., March 8.—Alarmed by official reports of a second and independent revolution in Mexico, the war department today ordered the Fourteenth cavalry, now stationed in the Philippines, to start for San Francisco at once. The orders by which the Third and Fourth cavalry were to go to the Philippines have been rescinded. These troops will be ordered to the border.

WASHINGTON, D. C., March 8.—More trouble for President Francisco I. Madero is reported in official dispatches to the state department this afternoon from Mexico City. Spurred to action by the success of the Vasquista movement in northern Mexico, a second revolution, independent of other insurrections, has broken out in the southern states.

**Miranda Heads Move.**  
The new revolution is headed by General Miranda, who, before the movement became generally known, succeeded in organizing a strong force of rebels in the states in Jalisco, Oaxaca, Vera Cruz, Puebla and Tlaxcala. This force is now reported to be concentrating for an attack on Mexico City. At the same time General Pascual Orozco is marching on the capital from Ciudad, Chihuahua, with an army of 12,000 men. General Miranda, it is reported, has an equally large force. It is believed in official circles here that the two rebel forces will start a simultaneous attack on the capital.

Diplomats here believe that Madero will be unable to cope with the rebels and his abdication is predicted on all sides. Both army and navy officials are agreed that the capital will be unable to withstand the assaults of two attacking forces and its capitulation is believed certain.

**Veterans vs. Volunteers.**  
It was pointed out that while Madero is mobilizing an army of 30,000 men most of these are raw recruits and know nothing of actual warfare. On the other hand, the men under the command of both General Miranda and General Orozco are seasoned veterans of the insurrection in which Madero wrested the power of government from Porfirio Diaz.

While official verification was not obtainable, it was reported here that the second revolution is headed by men favorable to the administration of former President Diaz and if the movement is successful that Diaz will be asked to again take up the reins of government.

### ROGERS LIKELY TO ADMIT GUILT

SAN FRANCISCO, March 8.—Intimation that John Rogers, accused of the murder of Benjamin Goodman, jewelry salesman, would make a clean breast of his knowledge of the bloody crime when he is placed upon the stand possibly tomorrow, was given today by the defendant's attorneys during the cross examination of Detective Sergeant Thomas Conlon, one of the arresting officers.

### TEDDY AFTER CAMERA MEN.

THEODORE ROOSEVELT THREATENING TO SMASH PHOTOGRAPHER'S CAMERA

### MISSOURI GOES FIFTEEN TO ONE FOR ROOSEVELT

KANSAS CITY, Mo., March 8.—Leading other candidates by fifteen to one, Theodore Roosevelt, judging from the preferential primaries held in the Fifth Congressional District, today is the popular choice of this section of the state for the republican nomination. A complete count of yesterday's vote follows:

"Roosevelt, 5,565; Taft 390; La Follette 55; Cummins 6.  
The Roosevelt delegates selected at the primaries will convene next Tuesday and select delegates to the national convention. The Taft supporters assert that the president's following was instructed to take no part in yesterday's primaries.

### LA FOLLETTE TO ATTACK RIVALS

WASHINGTON, D. C., March 8.—Flat declaration that he will discuss the records of all presidential candidates, including President Taft and Theodore Roosevelt, was made here today by Senator La Follette in answer to a rumor that he planned a direct attack on Roosevelt. After asserting that the records of the candidates could not be distorted into an attack, the Wisconsin senator said:

"The issue is the right of every individual—the farmer, the worker and every man paying tribute—to free himself lawfully from unjust exactions of the tariff, the railroads, the trusts and the money power controlling capital and credit, and from every other form of oppression by special privilege.

### BRYAN CONGRATULATES SEATTLE'S NEW MAYOR

SEATTLE, Wn., March 8.—Mayor Elect George F. Cotterill has received several hundred telegrams of congratulation from nearly every section of the country. A telegram from William J. Bryan read: "Accept hearty congratulations on your victory. Success to your administration."

### REVOLUTIONISTS WIN A VICTORY AT VERA CRUZ

Fifteen Hundred Federals Defeated by Two Thousand Rebels—Attack on Seaport Now Under Way—Orozco Marching Upon Capital City.

Sentiment Against Americans Rapidly Growing Among All Parties—Foreign Outbreak Expected.

MEXICO CITY, March 8.—Victorious after a four days' battle near Acatlan with 1500 federal troops a force of 2,000 rebels today is marching on Vera Cruz, the principal seaport of Mexico. The losses on both sides in killed and wounded exceeded 300 men. News of the battle reached here today, and according to the reports the engagement was the most stubbornly fought since the inception of the Vasquista movement.

The rebels are nearing Vera Cruz and the residents of the city and loyal troops are massing in an effort to save the city. With the revolutionists in control of Vera Cruz the rebels would be in a position to dictate to the foreign and native refugees.

General Orozco's force is approaching Mexico City and a clash is expected next week.

**Preparing a Defense.**  
Sentiment against Americans is growing rapidly among both the Maderistas and the Vasquistas and Ambassador Wilson wishes to be prepared in the event of a foreign outbreak.

President Madero today took active charge of the work of recruiting men to engage in the defence of the city against the rebel attack. He plans to have 30,000 men in the field when the clash comes. The combined forces of General Orozco and Colonels Miranda and Mendez will total at least 12,000 men, and the outcome of the battle, it is generally agreed here, will determine the fate of Mexico.

President Madero today denied that the intended forming a new cabinet, adding that he was well satisfied with the personnel of his official family.

Spanish residents here have fortified a club house and have sought refuge there, because of unconfirmed reports that 50 Spaniards had been slain near Torreon.

### Rebels Concentrate.

EL PASO, Texas, March 8.—Orders to concentrate at Torreon and give battle to the rebel troops under General Orozco, now marching on Mexico City, were received today by the commanders of the federal forces in northern Mexico. President Madero hopes in this way to avert the rebel attack on the capital.

More than 3,000 federal troops have already reached Torreon and 2,000 more, comprising the commands of Generals Villa and Blanquet, are on the way.

A clash between the two forces is expected early in the week. If the rebels are victorious they will continue their march on the capital. In the event of a federal triumph, President Madero believes that the attack can at least be averted until the city has prepared an impregnable defense.

The American authorities are permitting arms and ammunition to cross the border. More than 56,000 rounds of ammunition, consigned to rebel commanders, have already passed the line.

### TAFT TO PIGEONHOLE ARBITRATION TREATIES

WASHINGTON, D. C., March 8.—The British and French arbitration treaties, ratified by the senate after being stripped of the clause that invaded the constitutional treaty-making power of that body, were taken today to the state department. They probably will be pigeon-holed. It is known that President Taft wished to see the treaties ratified unamended.

### WARN AMERICANS TO KEEP OUT OF MEXICO WHILE WAR IS ON.

COLONEL E. Z. STEEVER, (IN CENTRE) COMMANDER OF THE UNITED STATES TROOPS ON THE MEXICAN BORDER, AND STAFF.

President Taft has issued a proclamation urging the citizens of the United States to observe strict neutrality and to leave Mexico if the situation becomes more alarming. Colonel Steever, in command of the United States troops on the Mexican border, is ready for any emergency.

### PEACE IN SIGHT FOR STRIKERS AT LAWRENCE MILLS

LAWRENCE, Mass., March 8.—A settlement of the Lawrence textile strike is in sight.

Following a "get together meeting here today it was learned that both the operatives and mill owners had practically settled on a compromise agreement by which both factions make concessions. The plan gives the poorest paid workers substantial increases while the advance to the skilled workers is slight. The agreement, it was learned, also provides for a modified system of operating the mills to cover the demands of the strikers that the "speed up" system be abolished.

It is generally understood that both the operators and operatives are entirely satisfied with the main points of the agreement and it is probable that the strike may be called off by Tuesday.

### LENROOT OUT WITH CAPTAIN

WASHINGTON, D. C., March 8.—Admitting that he had a serious disagreement with Senator La Follette, Representative Lenroot today gave out a statement explaining why he had withdrawn as a candidate for delegate from Wisconsin to the national republican convention.

"La Follette and I," said Lenroot, "differed in regard to certain matters, which it is unnecessary to discuss now. I have been close to La Follette for years. If I were sent to the national convention many persons would regard me as his spokesman. It would be unfair to him under the circumstances for me to take a position in the convention which he is not in accord. It will relieve Senator La Follette and myself of embarrassment if I am not a candidate. I expect to speak for a La Follette delegation to the Chicago convention if the campaign committee demands it as necessary."

### ROLL OF PAPER COSTS RAIROAD COMPANY \$5250

SEATTLE, March 8.—A roll of newspapers, six inches thick, carelessly thrown on the station platform at Hillman City and allowed to remain there, cost the Seattle, Renton and Southern railway a \$5,250 verdict in the superior court today. The verdict was rendered in favor of Mrs. C. W. Doyle. She had fallen over the roll of papers and sustained a fractured hip and foot.

### Roosevelt as Talesman.

NEW YORK, March 8.—For the fourth time in as many days, Theodore Roosevelt today reported at the Mineola courthouse as a talesman for jury duty. He was excused and came to his offices here in the Outlook building. He refused to discuss politics.

### FRUIT PROSPECTS IN CALIFORNIA MUCH BRIGHTER

"When I left California a week ago prospects for the 1912 fruit crop were very dark, but during the past week a rain storm has so brightened the outlook that a fair crop is almost certain to be harvested," states Frank B. McKeever, manager of the California Fruit Distributors, who handle the fruit of Central and Northern California, who arrived in Medford Friday morning for a look over the Rogue river valley.

"We need more moisture during the growing season," continued Mr. McKeever, "and according to past years we can count on this. However the nature of the storms, their severity and duration will effect the crop somewhat."

"California will not ship its usual pear crop. This much is certain, but according to advices, the outlook is far more encouraging."

Mr. McKeever is being shown over the valley today by W. H. Stewart. He is the guest of E. M. McKeany, northwestern agent of the Producers Fruit company, who has his headquarters in this city.

### STANDARD OIL REACHES 900

NEW YORK, March 8.—The stock market opened strong today. At the opening several thousand shares of United States Steel changed hands at prices 1-2 to 5-8 higher than yesterday's closing. Canadian Pacific and the Hill stocks were particularly firm, all rising nearly a point. Toward noon the advancing movement was partially checked by profit realizing sales. On the curb Standard Oil maintained its sensational advance, touching 900 before the end of the day's trading.

The market closed firm. Bonds were steady.

### BOY SCOUT CHIEF GOES TO PORTLAND

SAN FRANCISCO, March 8.—Lieutenant General Robert Baden-Powell, hero of the Boer war and founder of the boy scout movement, today is en route to Portland and Seattle, resuming his tour of the world. Before leaving General Baden-Powell expressed his intention to return here as a visitor to the exposition in 1915.

### LONGEST FLAGPOLE TOWED ON RAFT TO FRISCO

ASTORIA, Ore., March 8.—The flagpole which was presented to the Panama Pacific exposition officials by the Astoria centennial committee has been towed to Stella, Wn., where it will be placed on one of the Hammond Lumber company's piling rafts and taken to San Francisco. It is the longest single stick flagpole in the world.

### TAFT SAYS ALL SHOULD LOOK TO PROSPERITY ISSUE

ABOARD PRESIDENT TAFT'S SPECIAL TRAIN, CANTON, Ohio, March 8.—On his way to Toledo where he will speak tonight, President Taft today addressed an audience of more than 1,000 persons at Alliance, Ohio. He said in part:

"Assuming that everyone is obeying the law, it is prosperity and business we should look to. Affected agitation creating a lack of confidence among those having capital invested is not for the people's good. Therefore what we want is that quiet confidence that makes everyone look after his own business and put as much money into it as he can. Then jobs will be many, wages will rise, we will all have money to buy shoes for our children and those liking comfort can enjoy it. It is wise that we should not cultivate hostility between classes and between persons in a similar situation; that we should have confidence in each other because we are all in the same boat."

### TUESDAY SET FOR DYNAMITE CASES

INDIANAPOLIS, Ind., March 8.—Forty-six men indicted by the Indianapolis grand jury on charges of complicity in the nation wide dynamite conspiracy, among whom are many prominent labor men, will be arraigned in the United States district court here next Tuesday. The defendants involved in the California court proceedings will not be arraigned here.

It is reported that P. H. O'Donnell of Chicago will be chief counsel for the defendants. The indicted men will hold a conference Monday to complete plans for their defense.

The only defendant not yet arrested is John McRay. John Carroll and Edward Phillips are making a hard fight at Syracuse, N. Y., to prevent extradition to Indiana.

### PEACE BOUND TO WIN SAYS TAFT

MANSFIELD, Ohio, March 8.—President Taft, speaking from his train here today, said:

"I was disappointed yesterday by the defeat of the universal arbitration treaties in the senate. I don't know whether the treaties, as amended, are worth putting through, but the cause is just and is bound to win."

MINNEAPOLIS, Minn., March 8.—In response to an invitation extended by the Hennepin County Democratic club, William J. Bryan came to the Twin Cities today to speak at a luncheon given by the club at the Hotel Radisson here today and at an evening meeting under the same auspices in the St. Paul auditorium.

### AMUNDSON IS FIRST ONE TO DISCOVER POLE

Indications that Rival Explorers Both Found Mythical Point Within Few Hours of Each Other—Cook-Pearry Embroglio Likely to Be Repeated.

Partisans of Both Scott and Norwegian Claim the Glory—All Norway Rejoices Over Amundsen's Success.

LONDON, March 8.—"Captain Raold Amundsen positively denies telling the correspondent of a London newspaper or anyone else that Captain Scott of the British navy had reached the South Pole."

This dispatch came today from Hobart, Tasmania, to the Reuter News Agency, further complicating the situation in regard to the alleged successful dash to the South Pole by the British explorer.

Confirmation of the success of Captain Amundsen's South Polar dash was received by the London Express today in a dispatch from Hobart, Tasmania. The message also announced that the explorer would visit San Francisco before returning to Europe.

**Amundson at Hobart.**  
News that Captain Amundsen had landed at Hobart for a brief stay but had refused to discuss his achievements were also contained in the dispatch. It was said that the explorer was preparing a statement for the Geographical societies and that these would be sent out soon. Captain Amundsen kept the crew aboard the Fram, and has successfully prevented details of his trip from leaking out.

After a week's stay in Hobart, the Norwegian explorer will sail for Buenos Ayres, and thence around the Horn to San Francisco. From there he plans to drift through the Northwest passage to the Atlantic.

The fact that no direct news has been received from Captain Scott is taken to indicate that Captain Amundsen reached the South Pole first. It is admitted here that if Captain Amundsen remained at the pole for three days, as reported, that his observations could not have been faked.

A dispatch to the London Star from Hobart says that when Captain Amundsen was asked if Captain Scott had reached the Pole he refused to answer.

**Celebrate Discovery.**  
CHRISTIANIA, Norway, March 8.—Today's session of parliament was devoted to glorifying the achievements of Captain Raold Amundsen in his successful dash to the South Pole. A cable of congratulation was sent to the explorer at Hobart, Tasmania, where he will spend a week preparing his scientific observations.

### M'MANIGAL TO BE A WITNESS

SAN FRANCISCO, March 8.—Ortie McManigal may be brought to this city to testify at the proceedings of extradition next Monday when Olaf Tveitmo and Eugene Chaney will resist being taken to Indianapolis for arraignment on alleged dynamite conspiracy indictments.

Attorneys for the labor leaders appeared today before Federal Judge Dehaven seeking subpoenas, one for McManigal, the other for certain records in connection with the case. Judge Dehaven took the matter under advisement.

McManigal is now in Los Angeles. "Tveitmo and Chaney are entirely and absolutely innocent of the charges," said Attorney Schlesinger today. "Therefore we want to get McManigal here and find out if possible what he testified to before the Indianapolis grand jury. It is our right to know this."
