MEEKER & CO. IN NEW CONCERN

One of the newest new business institutions in Medford is the Medford Mercantile company which came into existence this week when the firm of W. H. Meeker & Co., of this city, and A. E. Kinney and W. B. Brown of Ashland, perfected an organization and incorporated under the state laws with a capitalization of \$40,000. The officers of the new company are A. E. Kinney, president, C. A. Meeker, vice president and manager, and W. B. Beebe, secretary and treasurer. The new company has absorbed the stock of goods carried by W. H. Meeker & Co., of this city and the business will be conducted by the new company the same as previously except that new lines will be added and these lines already carried will be increased in quantity and variety. Some of the new lines to be put in are shoes for both ladies and gentlemen, men's and boys' clothing, gents furnishings, and ladies' ready to wear garments. It is the intention of the new company to make this stock of goods as extensive as to quantity and variety as to be second to none in southern Oregon. The amount of the entire capitalization will be used in stocking this one store if it found there is a demand for that amount of goods. W. H. Meeker & Co., which firm passes out of existence as the new one is ushered in, has been doing business in Medford for fifteen or sixteen years and while they may not have done the largest business in the city it is to the individual members' credit to say that they have conducted an honest business; a business which has always stood the fair dealing test among the people who have been their steady customers. W. H. Meeker will have charge of the clothing department and the large store building is now being made over to meet the requirements for this added department. The new spring goods are expected to be in readiness for a public opening within a few days, but a date positive cannot at this time be made. The new company will be styled the "M. M. Co.," using only the initials of the company's name. For County Judge. I am a candidate for the nomination of county judge of Jackson county to be determined by the will of the voters at the primaries April 19, 1912. If I am nominated and elected I will during my term of office, as soon as lawful authority of the voters can be secured, bond the county and begin the construction of a scientific system of permanent roads. One million and a half dollars is not too much for this purpose. But a dollar's value must be had for every dollar spent. I will oppose increasing the county's warrant indebtedness and will endeavor to reduce the same and restore the county's credit. I will assume full responsibility for a business administration of every county office. F. E. MERRICK. An Excellent Entertainment. Last evening at the First M. E. church in this city was given the fifth entertainment of the lecture course, under the auspices of the Medford entertainment association. There was present a small but appreciative audience. The number was the Cafarelli Concert company and was one of the best entertainments in the entire course. The company was composed of Signor Cafarelli and his two daughters, with violin, bells, and harp. Each of the company is an artist. Every number rendered called forth great applause and each time the performers responded with an encore.
