CLEARED OF CHARGE OF KILLING FISH

Accused of allowing sawdust from his mill on Applegate to flow into the river, A. W. Shearer, manager of the Steamboat mining property, was forced to stand trial Saturday before Justice Glenn O. Taylor and was acquitted.

The testimony showed that Shearer had constructed a dam and endeavored to the best of his ability to keep any of the mill waste from being floated into the stream. One noon a small hole was worked around one end of the dam while the men were at lunch, allowing a small amount of sawdust to pass, and possibly a small amount flowed into the stream. Game Warden Wright and Merrill of Grants Pass found traces of the sawdust as it was carried over the road and caused the arrest.

The court held that there had been no violation and dismissed the case.

Gas in Your Stomach Not Always Dyspepsia

—It's Nervousness
Your Nerves very often make you stomach irritable. It is often to such a point that you get Gas from it. This is one kind of Dyspepsia, the Nervous kind, and this kind you can cure only by a Remedy that acts directly on the Stomach Nerves.
Bassmann's Gas-Tablts do this to perfection. They are made especially for Gas. They act on your stomach nerves, they quiet the irritable, restlessness gas forming stomach, and not only relieve, but cure Gas permanently. Usually it seems a pity if you suffer from Gas in the stomach and bowels not to try Bassmann's Gas-Tablts. These peculiar little pills cost only 50c by every drug store, or send 10c to H. H. Bassmann Pharmacy, 1326 Sutter St., San Francisco.

mon and Chairman Underwood have no instructed delegates. Gov. Wilson's instructed votes are Oklahoma, in the southwest, in Wisconsin in the middle west and in Pennsylvania at the east. He also is the second choice by definite instruction of the delegates from Kansas and North Dakota showing that these western states are after making due allowances for local pride, are in reality Wilson states.

Governor Wilson also has the support of at least eight of the twelve un-instructed delegates from Maine, in New England. After Friday's primary this week he will also have the instructed delegates from Oregon so that the Wilson strength will reach from the Atlantic to the Pacific from Portland to Portland.
