No Matter What the Color of Your Hair Newbro's Herpicide Will Not Change It in the Least.

While they appreciate full well the value of a sanitary hair dressing, many ladies are afraid to use one for fear it may alter the color of the hair. No such apprehension is associated with the use of Newbro's Herpicide. It makes no difference whether your hair is blonde, brunette or otherwise. Herpicide will not streak, fade or alter it by a single shade. The clear, pure nature of the Original Dandruff Germ Destroyer appeals to everyone. It contains no grease and does not stain or soil the clothing. Herpicide is clean. Used regularly Newbro's Herpicide will eradicate that most common as well as most annoying and distressing of all hair troubles, dandruff. Dandruff is caused by a germ or microbe which gradually forces its way down into the hair bulb or follicle. This gives rise to inflammation, manifested by an itchy scalp and the hair slips out. Herpicide kills the germ, cleans the scalp and prevents the hair from coming out. The itching stops almost instantly.
