ed to unite the party and put it back in the position that makes success seem so assured today was the splendid administration Mayor Gaynor had given New York during the past two years, his forcible character and his ability to pass upon the great problems that are now confronting the American people.

Chamberlain Talked of.

"Your democratic senator George E. Chamberlain is talked of to a great degree in the east as a vice presidential possibility and is no doubt among the possibilities for that office in the democratic party. Mr. Chamberlain is a man greatly respected and universally popular among the senators and congressmen at Washington. He is highly thought of in New York, where he has always been willing to assist the democratic cause with speeches at the request of campaign managers, no matter what the personal inconvenience. It is recognized also that Mr. Chamberlain is not only the leading democrat in Oregon in relation to national affairs but that he also occupies the same position in all of the states west of the Rocky mountains. Therefore he would be considered not only from the standpoint of the votes he would

THOUSANDS AWAIT ROOSEVELT'S TALK

BOSTON, April 27.—Thousands of thoroughly aroused voters in Boston are eagerly awaiting the speech of Colonel Roosevelt here tonight, in which he is expected to repeat his Worcester attack on President Taft. The sharp edge and warm personal note which the controversy between the two republican leaders has assumed since President Taft flung down the gauntlet on Thursday has aroused interest to the highest pitch, and voters who heard the president here Thursday night are impatient for the colonel's reply.

Letters of Celebrities Sold LONDON, April 26.—One of the most interesting auctions of autograph letters and historical docu-

ments that has taken place in London in some years was held today at Sotheby's. The collection included holograph letters of Lord Nelson, Queen Elizabeth, Mary, Queen of Scots, the Duke of Wellington, Cardinal Wolsey, Charles II, Oliver Cromwell and many other celebrated figures in English history.

S.S.S. CURES OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germs; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S. S. S. cures Old Sores by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. When S. S. S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the discharge ceases, the inflammation leaves, and the place fills in with firm, healthy flesh. Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use. Book on Sores and Ulcers and any medical advice free to all who write.
