The concrete foundation is being put in for the new garage on South Bartlett street. This building is being put up by Emerick Bros. and S. Childers and when completed will be leased for a term of years to a Medford automobile agency.

SUPREME COURT TO PASS ON RECALL

PORTLAND, May 1.—A supreme court decision may be necessary to decide whether or not the recall of public officials in Oregon is legal. A petition for the recall of District Attorney Cameron of Multnomah county has been filed with Secretary of State Oleott and the latter has written Cameron giving him until Saturday to call an election to see if the voters favor recalling the official. Cameron says he will not resign but will appeal the case to the supreme court for a ruling on the legality of the recall. Attorney General Crawford some time ago held the recall provision inoperative in the absence of an enacting statute but later reversed his decision. In the petition for his recall, Cameron is charged with general malfeasance of office, especially neglect of duty in prosecuting criminals.

BRYCE TO REMAIN HERE UNTIL END

SAN FRANCISCO, May 1.—Refuting the report that he is to accept the post of minister of foreign affairs of England and declaring that he will return direct to the United States from his present trip to Tahiti and Australia, James Bryce, ambassador of Great Britain to the United States, today paid high tribute to this country.

"I have no desire to be other than I am, ambassador of my country to this wonderful republic," declared Bryce. "I will meet the end in America. I do not intend to go to England at all on this trip. I will return direct to the United States from Australia. I think this is sufficient refutation of any rumors that I am to become minister of foreign affairs of England. I have not heard it mentioned that there was to be any change in that high office."

SUFFRAGETTES STILL ON HUNGER STRIKE

LONDON, May 1.—Despite the terrible torture of forcible feeding as practiced at Aylesbury prison, a number of suffragettes confined there today are still on a hunger strike.

"And I know several who will keep it up until the termination of their sentences—if they survive," said Dr. Frances Ede, who was herself one of the participants in the strike before her recent release from the institution.

As a result of Dr. Ede's revelations Home Secretary McKenna, who has jurisdiction over the prisons of England, admitted in parliament that 25 out of 28 suffragette prisoners in Aylesbury had attempted to starve themselves, as a protest because certain privileges had been withheld from them and that it had become necessary to resort to forcible feeding. When pressed by inquisitive and indignant members he reluctantly declared that five of the women starved had become so ill under the treatment that they were discharged upon the advice of medical officers.

METHODISTS OPEN CONFERENCE

(Continued from Page 1.) portant feature. There is a widespread demand for more bishops, and it is believed from four to eight new bishops will be elected this year. Thirteen editors of the various church publications are also to be chosen. This afternoon's session was devoted to the work of the standing committees and the preparation of reports of the church's progress, finances and general activity at home and abroad since the last quadrennial conference in Baltimore. Charles W. Fairbanks, former vice president of the United States, is in attendance at the conference today in an unofficial capacity.

Swamp Land Notice.

Acting under instructions from Governor West, all the swamp land belonging to the State of Oregon will be selected as soon as possible. Any one having information regarding the location or condition of such land will kindly confer with me. Such information will be of much value to the land department.

TO THE PUBLIC.

The members of the Medford Military Brigade wish to announce that the above mentioned organization is not a part of, nor in any way connected with, the Boy Scout organization in this city, but is a separate and distinct organization, and under entirely different management.

GROWS FOUR-LEAF CLOVER.

THE ALL FOUR-LEAF CLOVER

Clover plants with four leaves on every stem, instead of the traditional three, are now on exhibition in New York for the first time in this country and each warranted to bring unlimited good luck.

They are the result of nineteen years of patient experimentation by Max Schling, florist and botanist. The result was obtained by hybridization and thousands of plants passed through the hands of the experimenters before success was attained.

The original of this plant was the Oxalis, which had three leaves, like the ordinary clover of this country, and it times five.

TARANTULA IN BUNCH OF BANANAS STARTLES BOY

When your commission house boys happen to be handling a bunch of bananas and you see a big bug coming your way looking for a place to light you better dodge—it's a tarantula. That's what J. W. Packard, an employee of the Rogue River Commission company, did Tuesday when he was unloading a carload of bananas at the company's warehouse and a big tarantula bug missed him by several feet when it jumped from its hiding place in a bunch of bananas. The tarantula, which is a South American species, was gathered in still alive and seemingly healthy and placed in a glass jar where its poisonous fangs can harm no one. It was brought to the Mail Tribune office and is on exhibition there.

STRAW HAT DAY IS DARK AND DREARY

Remain in thy handbox, straw hat of mine. Slumber in peace for another day; I would I could wear thee, but must decline. Oh, why should it rain on the first of May?

Those who invested in a new straw hat or simply in the chalk necessary to make the old ones look like new were bitterly disappointed today for Strawhat Day, the First of May, is dark and dreary.

Like unto Easter when the fairer sex bemoaned the lack of sunshine, dawned May day and those who awoke early hoping to don the old straw hat had to give it up.

CHAMBERSBURG, Pa., April 30.—In the presence of a notable gathering of American educators Dr. Anna J. McKeag, formerly of the Wellesley college faculty, was installed today as president of Wilson college. The principal address at the inauguration exercises was delivered by President Ellen Fitz Pen'dleton of Wellesley.

MONEY BACK

HYOMEI is Guaranteed to End the Misery of Catarrh, Colds, Sore Throat and Croup

Get a HYOMEI (pronounce it High-o-mei) outfit today.

Pour a few drops from the bottle into the little hard rubber pocket inhaler that comes with each outfit, and breathe it four or five times a day.

Immediately you will know that HYOMEI soothes and heals the inflamed and irritated membrane.

But HYOMEI does more than soothe and heal; it kills the germs, those persevering pests that are the root of all catarrhal conditions.

A complete HYOMEI outfit which includes an indestructible pocket inhaler costs only \$1.00. If you now own a HYOMEI inhaler, you can get an extra bottle of HYOMEI for only 50 cents at Chas. Strang's and druggists everywhere.

S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it, and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S.S.S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S.S.S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acid matter, is nourished, soothed and softened by the cooling, healthy stream of blood. S.S.S., the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Here It Is! THE FAMOUS TOLEDO RANGE. Now You Know, Don't You? At only one place in Medford. The big store, West Main and Grape Streets. GARNETT-COREY HARDWARE CO.

Better than the Best. WITHOUT our knowledge, the Columbus Laboratories of Chicago tested FISHER'S BLEND FLOUR for a Dakota Wheat Grower. The analysis ranked FISHER'S BLEND FLOUR higher in General Average, Gluten Quality, Water Absorption and Loaf Value than the best Dakota all-Flour Wheat Patent Flour, which is the recognized standard for bread-stuff efficiency. FISHER'S BLEND FLOUR is a scientific combination of Eastern Hard Wheat and Western Soft Wheat, preserving the best qualities of each. It costs you from 20 to 25% less than a straight Eastern Hard Wheat Flour—does FISHER'S BLEND FLOUR. For Sale by All Dealers.
