Medford people, especially housewives who are endeavoring to beautify their lawns with flowers, are very much incensed because many passers-by persist in entering their grounds and robbing the flower beds of their most beautiful blooms. This practice is usually confined to boys and girls, but Medford makes an exception to this general rule, as in this city there are grown folk of both sex who have as little sense of propriety, common decency, and regard for those things not their own, as has the younger population. Many reports of the work of these vandals have been made to the police and any person caught thus offending the beautiful flower gardens of the city will be arrested.

Vosburg, with the barge Nehalem in tow, went ashore on the north spit at the Nehalem river bar shortly before noon today, and, with high seas dashing over her, lies among the breakers this afternoon a battered wreck. S.S.S. CURES BLOOD POISON

When the blood becomes infected with the virus of Contagious Blood Poison, the symptoms are soon manifested. The mouth and throat ulcerate, copper-colored spots appear, a red rash breaks out, the hair begins to come out, and usually sores and ulcers show themselves on different parts of the body. At the first sign of the disease S.S.S. should be taken, for the trouble is too powerful and dangerous to trifle with. If allowed to run on the tendency is to work down and attack the bones and nerves, and sometimes it makes a complete physical wreck of the sufferer. The disease can make no such headway if S.S.S. is commenced and used according to directions; its progress can be stopped, the poison removed, and health preserved. S.S.S. goes into the blood and removes the insidious virus, cleanses the circulation and makes a complete and permanent cure by driving out the cause. S.S.S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and blemishes, and when S.S.S. has thoroughly purified the circulation no trace of the disease is left. S.S.S. is the greatest of all blood purifiers, cured Contagious Blood Poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. TEDDY CHOICE OVER TAFT FOUR TO ONE

TACOMA, Wash., May 3.—Complete returns from all precincts in Tacoma show that the people favored Roosevelt over Taft nearly four to one. Roosevelt men say they have nominated delegates to the county convention in practically every precinct and expect to win out over the reactionaries. Old time ring caucuses methods were vainly attempted by Taft men.

Both Tempting and Healthful

Cottolene-made Pastries

Indigestion is the cause of most human ills; lard—which is made from hog-fat—is oftentimes indigestible. Cottolene is more healthful, more wholesome and goes one-third farther than lard—therefore, is more economical. Being made from pure, vegetable oils, containing no hog-fat, Cottolene makes food which agrees with the stomach and aids rather than retards digestion. Don't be talked into using some of the many imitations. Made only by THE N. K. FAIRBANK COMPANY "Nature's Gift from the Sunny South"
