HOG MARKET ADVANCES DIME

PORTLAND, May 6.—Receipts for the week have been: Cattle 1574; calves 82; hogs 1540; sheep 4850; horses 25.
The cattle market has been steady to strong at a very high range of prices throughout the week. Sellers have been predicting a higher market, but the larger handlers of cattle in the northwest as a matter of protection have contracted enough supplies to guarantee them against famine until mid-summer, and in some instances have in hand and buying falls off. Paying present prices for cattle on a speculative basis is not considered safe. Leading packers are of the opinion, except in rare instances, that the market will not go higher.
The hog market advanced a dime during the week. There was only a medium supply and the offerings were snapped up eagerly at the prevailing strong prices.
The sheep market was steady to strong at the previous weeks range of prices.
