

GEOGRAPHERS TO VISIT CRATER

W. M. Davis, director of the trans-continental excursion of 1912 of the American Geographical society of New York, has written W. M. Colvig of the Commercial club, accepting the invitation extended by the club to take a trip to Crater Lake as the guests of the local club.

The forty geographers who will be in the party will include some of the most noted scientists of the world. No such gathering of distinguished geographers was ever brought together before in this country.

McFARLAND-ANDERSON GO TONIGHT STIRS ENTHUSIASM

Bud Anderson

Tonight before the Medford Athletic club sport lovers of the boxing game should witness a clever and equally matched bout as one could hope to see. It is indeed a rare occasion for a town the size of Medford to be able to stage such a stellar attraction, for both of the lads in tonight's main event are considered pretty well up as knights of the padded mitts.

Both boys are well known locally and have a large following. McFarland won from Bobbie Evans here several months ago, while Anderson defeated Australian Kelly here several weeks ago. From the standpoint of a good equal match and the interest being taken the Medford Athletic club's gymnasium promises to be filled to a capacity.

Much depends on tonight's bout for either boy, it being a case of either a step forward or backward. A decisive victory would mean more recognition in the pugilistic world. Anderson and McFarland will have to strive hard should they try to win decisively, for they appear so evenly matched, but then mistakes are of-

MINING CONGRESS TO MEET JUNE 18

Local miners are already planning to attend the mining congress which is to be held at Yreka next month and if plans do not miscarry a large exhibit of ore will be shipped to Yreka from this city by local miners.

The last session of the Northern California and Southern Oregon Mining Congress was held in this city in February. This session is to be held at Yreka and at that time the meeting place for next winter will be chosen. It will probably be Ashland. The congress meets twice each year. Discussions of value to this mining district are discussed.

HIGH SCHOOL NOTES.

Mrs. Clara Hewick Colby addressed the high school assembly last Monday morning on the subject, "The Twenty Greatest Women." Mrs. Colby is one of the pioneer editors in the woman's suffrage field. Her list of the twenty greatest women contained some names that are not always included in the catalogue.

The big event of the coming week will be the senior class play to be given at the opera house Tuesday night, May 7. The class has been working hard on this event and is prepared to give the audience its money's worth. The production they will give is "The Merchant of Venice Up to Date." The cast is as follows: Portia.....Mary Duell Nerissa.....Mildred Antle Jessica.....Ethel Elfert Bassanio.....Allen White Gratiano.....Armond Taylor Shylock.....Fletcher Ware Tubal.....Clayton Isaac Launcelot.....Mark Leonard Duke.....Emerson Merrick Professor.....George Baker Policeman.....Leo Schuchard Miss Threedice.....Esther Beery Mrs. Gobo.....Laura McQueen Polly.....Eula Carnell

ten made, and you can never tell in the boxing game until it's all over.

In tonight's preliminaries Australian Kelly, who lately was defeated by Bud Anderson, will box a younger brother of Bud's named Freddie, who has been acting as a sparring partner to Bud. In the other event, Art Collins will meet a new white hope named Young Carl Morris. This one should be good while it lasts.

The club has added a hundred seats, which will sell for \$1 when the doors open at 7:30 p. m.

WARM PRAISES FOR OREGON

In accord with that high degree of courtesy common to the men of his nationality, Marizo Ida, consul of Japan at Portland has addressed a letter to William M. Colvig of the Commercial club thanking him for the kindnesses extended during the consul's recent visit here.

Mr. Ida says: Portland, Ore., May 4, 1912. Mr. Wm. Colvig, president Commercial club, Medford, Oregon.

Dear Sir: Carrying pleasant impression of beautiful scenery and warm hearted people, I have just returned from my trip in southern Oregon, and hasten to express my hearty gratitude for your kindness during my stay in your city.

In conclusion of my investigation, I would predict that Oregon will become, before long, a magnificent center of production, commerce, and enlightenment; for its good soil, good climate, and good educational system can not be equalled by any neighbor on this coast.

Thanking you again for your courtesies, am,

Ever faithfully yours,
MORIZO IDA,
Consul of Japan.

BURN CITY'S RUBBISH TO MUSIC STRAINS

All citizens who want to make Medford more cleanly are urged to spend the week in cleaning up their yards and vacant lots. Saturday all rubbish will be collected by the city and disposed of either by burning or carting away. Rubbish should be separated into two piles—combustible and non-combustible.

Saturday evening a free band concert will take place on the vacant lots back of the Washington school, when all combustible material will be burned.
