

WHY FIGHT WAS STOPPED IS QUERY

The boxing fans of the city of Medford, wherever disposed, today are asking one question: Why did J. F. Hittson, chief of the Medford police force, step through the ropes in the third round of what promised to be the best boxing card ever seen in the city of Medford, and stop the Anderson-McFarland go?

They would also like to know when the duties of bill collector were added to the chief of police's duties, for at the last two exhibitions he has used his office to grab the box receipts for various creditors.

McFarland had been dazed to some extent by a hook to the jaw and was receiving a rain of right and left hooks to his face, when Hittson interfered, but he was far from being out—this Anderson admits himself. There remained 25 seconds of the round to go and McFarland would probably have come up in the fourth strong and willing. But when the go first became really interesting it was stopped. Thereupon the fans jeered. Owing to police interference Referee Edwards called all bets off.

The mill started off from the first tap of the gong and both lads showed that they were out to win. There were no fancy capers or stalling, but each blow landed had a sting in it. During the first round both men shipped several times on the canvas, but a little rosin later fixed this. The second round was fast, both men working hard.

The third round had hardly started when the fireworks were opened. A hook to the jaw dazed McFarland and he went to the mat only to bob up like a rubber ball. He hung on to Anderson and was rapidly regaining his strength when suddenly the majesty of the law appeared on the scene in the person of Chief Hittson. Thereupon the fight was off. It was entirely uncalculated and proved a great disappointment to the fans.

Both of the boxers were surprised at the interference. While it is generally conceded that Anderson would have won the battle had it lasted longer, he had not won it when it was stopped. He is clever and has a splendid wallop. Some day he will be among the best of them.

The first bout between Collins and Phillips furnished a great deal of amusement, especially the first round. In the second round Phillips announced that he had had enough and with a "good night" to his opponent left the ring.

Australian Kelly and Young Anderson gave a clever four round boxing exhibition.

IRISH GIRLS FOUGHT TITANIC SEAMEN TO SAVE THEIR BROTHER.

IRISH IMMIGRANT GIRL SURVIVORS OF THE TITANIC DISASTER.

Among the list of survivors in the Titanic disaster were about thirty Irish immigrants, who are now being cared for by the Irish Immigrant Society in New York until they are safely located with their relatives. Several of the Irish girls told a story of fighting a Titanic seaman to get a drowning brother into a lifeboat.

SELLS-FLOTO CIRCUS IN MEDFORD MAY 23

The most attractive feature of the average horse show is usually the exhibition made by the hunters and jumpers. Indeed, when looking over the program, more often than not it is found that the most important prize money is devoted to these classes.

This season the Sells-Floto circus, which comes here on Thursday, May 23, for a one day engagement, are bringing with them several high class hunters, some of which have been especially imported from Ireland, and during the regular performance these clever animals give a very remarkable exhibition of timber topping. One of them, a black horse called "Lockett" is a thoroughbred which was raised on the ranch of the late Lucky Baldwin near Los Angeles, and which, with his weight up ran a mile in 1.38 1/2 over the Santa Anita race track. "Lockett" was sold because his temper became so bad that he refused to face the barrier, and was regarded as absolutely useless from every standpoint.

Since he has been acquired by the Sells-Floto people, however, and under Rhoda Royal's skillful tutelage he has become one of the most docile horses with the show, and jumps an obstacle nearly seven feet high with perfect ease. Last winter he won several prizes in the high jumping classes at Kansas City, Denver, Louisville and other big horse shows.

UNIVERSITY CLUB BID TWO GODSPEED

The Rogue River Valley University club tendered a farewell dinner Tuesday evening to two of its members who are leaving for several months, mayhap, permanently—W. S. Brooke and S. Vilas Beckwith. Mr. Brooke goes to settle an estate in Maryland while Mr. Beckwith leaves to join his family in Massachusetts.

The dinner was a most enjoyable affair. Among the speakers were Reginald S. Parsons, Judge W. M. Colvig, S. Vilas Beckwith, W. S. Brooke, Stewart Patterson, Whitcomb Field rendered two very touching little ballads, scoring the hit of the evening.

MERCURY SOARS TO 82; REAL SUMMER

After a wet spring summer has jumped in hurriedly in the valley, the mercury soaring to 82 degrees on Tuesday, which was felt to a considerable extent owing to the fact that the weather has been cold, the mercury jumping 20 to 30 degrees hurriedly. The sun has added to the number of summer suits and straw hats and it begins to remind one of the Fourth of July.

SHRINERS VISIT SEASIDE RESORTS

LOS ANGELES, Cal., May 8.—Long Beach and the Great Maier ranch divided honors today in entertaining the Shriners who are holding their 38th annual convalesce in Los Angeles. More than 20,000 festal wearers journeyed to Long Beach for a day at the seashore, according to estimates made by the general Shrine headquarters and railroad men.

Little business was scheduled for the imperial council today and the time of the councilors was filled with a succession of teas and receptions at Long Beach and Los Angeles hotels. The feature event of the day was a ball at the Long Beach auditorium, which it was predicted would draw 4000 dancers.

Thousands of brilliantly clad patrols, each accompanied by its band, marched last evening in the first general parade of the week. The parade which was the largest in the history of the organization, occupied three hours in passing a given point. It was followed by a parade of electrical floats.

Business transacted by the imperial council included the granting to San Diego of a dispensation to form a temple. Charters were granted to Shrines at Muskogee, Okla., and Jackson, Miss. A proposition to form a permanent shrine city on the shores of Lake Michigan was debated and left open. The imperial record was read, showing 16,724 candidates admitted during the last year, making the present membership 172,661.

Incipient Blaze Alarm

A fire alarm was turned in at about 8:30 from the Valley Auto company last night. The origin of the fire was in Mike Hanley's car. The fire was caused by looking into the car with a lighted match which caused the gas carburetor to ignite. Little damage resulted and the car will need only a little paint to be as good as ever.

WAITERS AT BELMONT STRIKE DURING DINNER

NEW YORK, May 8.—Union waiters of the Hotel Belmont are on strike today. The waiters quit work at a given signal during the dinner hour, leaving many guests to sit hungry until other waiters could be borrowed from nearby hotels. So well organized was the walkout that it is said many a waiter laid down his tray within a few minutes of a tip. Objection to the executive methods of the maitre d'hotel was the cause of the strike.
