STAR OF OROZCO MEXICO'S FARMER, SOLDIER, RISES

JUAREZ, May 12.—General Pascual Orozco, a farmer, rancher, soldier of meagre education, holds today the balance of power in the Mexican revolution. Though Orozco with his 7000 men is face to face with the federal army that is pressing him back toward the border, and the outcome of the battle is uncertain, developments of the day, chiefly the abdication by Emilio Vasquez Gomez of the provisional presidency, which he ceremoniously assumed a week ago tonight, indicated that the money interests will bring Mexico's president to time, and the disturbance must continue or court Orozco's favor.

Emilio Vasquez Gomez is no longer in Juarez. He was still out of the city last night and crossed over to El Paso, where he was located late tonight in a boarding house. He declined to make a statement.

Jose Cordova, secretary of the state of Chihuahua, who bears Orozco's answer to the Gomez proposal of a provisional government, arrived here tonight. Reliable information tonight is to the effect a group of men who once surrounded former President Diaz have been financing the Orozco movement through the agency of Gonzalo C. Enrile, now in Chihuahua, but that another set of capitalists had sprung up who are seeking to oust the Enrillistas and control Orozco's band. In the underground contest between these financial factions Gomez, who could furnish only political ambitions, was lost.

Of today's battle, somewhere between Conchos and Peralta, twenty-six miles south of Escalon, little could be learned, Orozco having declined to permit correspondents to proceed further than Escalon. The federals claim they have the upper hand and are forcing the rebels to retreat.

BOSTON GIRLS ARE FOUND GUILTY OF HARBORING BOW LEGS.

We all helped ourselves to a good laugh when it was learned that Boston women had been found guilty of harboring bow legs, knock knees and big feet. No place in the world does a perfect understanding count for so much as in the theatrical district which furnishes human props for the musical comedy and burlesque shows of the country. Chorus girls who pride themselves on their physical ability to bring out all the good points in a pair of silk stockings corroborated the verdict of the experts who pronounced Boston's assortment of feminine legs a total

BIG ESTATES DISGRACEFUL

PHILADELPHIA, Pa., May 12.—Have the government seize all but \$2,000,000 of every multi-millionaire's fortune on the possessor's death.

Let the government own and run all express, telegraph and telephone companies.

Take over for government control the Standard Oil company and the tobacco trust.

Have the government confiscate all coal lands.

These are some of the methods of preventing the accumulation of swollen fortunes advocated by the Rev. George Chalmers Richmond, rector of St. John's Episcopal church, whose bitter denunciation of the will of the late Colonel John Jacob Astor has created a furor today.

The Rev. Mr. Richmond contemplated the terms of Astor's will, handing down the bulk of his great fortune to his son, with that of Dr. Francis Bacon, the late surgeon of Yale university, who out of a \$400,000 estate left \$100,000 to be used in the fight on tuberculosis, a few thousands to other worthy causes and the remainder to help poor boys through Yale.

"We are fired with patriotic shame after reading the will of John Jacob Astor," declared the clergyman. "He stands forth at the judgment bar before the Christian conscience of the American people.

"It is a disgrace to leave a fortune of \$50,000,000 in these days."

LEHIGH VALLEY IS MARKET FAVORITE

NEW YORK, May 12.—Lehigh Valley was the feature of today's opening market with a gain of two points. Reading and Canadian Pacific were up a point and other railway and industrial made fair gains. United States Steel developed some heaviness. Later Lehigh Valley increased its gain to 3 3/8 and Reading 1 1/2, while United States Steel, Union Pacific, Atchison and other standard shares were heavy.

The market closed light and steady. Bonds were firm.

PLAN HARMONY FOR UNIVERSITIES

Senator H. Von der Hellen has returned from Salem, where he attended the first joint meeting of the boards of regents for the University of Oregon and the Oregon Agricultural college. A merger of the two institutions was voted against by both boards as regents do not believe the best educational interests of the state would be conserved or advanced by the consolidation of the university and the agricultural college.

A committee of five members, of which Governor West is chairman, was appointed to devise a plan for maintaining the two institutions on a permanent millage tax basis, to consider the proportion of such tax that each institution should receive, and to report their findings to a future meeting of the two boards. The members of this committee, beside the governor, are Judge R. S. Bean of Portland, Judge J. E. Weatherford of Albany, E. E. Wilson of Corvallis, and A. C. Dixon of Eugene.

A committee of six was also appointed, three from each board, to act as a permanent committee whose function it shall be to have general consideration of all things pertaining to the welfare of the two institutions.

The members of this committee are B. F. Irvine, Senator on der Hellen and C. E. Spence, representing the Agricultural college, and J. C. Ainsworth, S. H. Friendly and M. A. Miller, representing the university.

Behind the appointment of this committee is the desire and purpose of the members of the two boards of regents to bring the two institutions into permanent relationship.

COMMITTEE NAMED TO CONSOLIDATE SCHOOLS

SALEM, Ore., May 12.—Governor West has announced the personnel of the commission which will investigate the advisability of consolidation of the Oregon Agricultural college and the University of Oregon. This commission was named as the result of a resolution adopted at Dallas some time ago during a trip of the Portland business men to the west side. The commission will act entirely independent of any proceeding on the part of the board of regents of either school.

W. K. Newell, horticulturist and d-vrman, of Gaston, is selected as chairman of the commission. The other members are: Judge Robert S. Bean, University of Oregon regent and federal judge, Portland; J. K. Weatherford, Oregon Agricultural college regent and attorney, Albany; Dr. C. J. Smith, member of board of higher curriculum, Pendleton; W. J. Mariner, farmer, Blalock; Will Daly, Federation of Labor, Portland; John H. Smith, attorney, Astoria; E. L. Thompson, banker, Portland; George Putnam, editor, Medford.

CROWD AT HASKINS.

The opening of Haskins soda fountain attracted crowds all day Saturday. For a part of the day soft drinks were served free and nearly every soda lover in town tried the new place. The fountain is complete in every way and the advertisement it received on the opening day bespeaks continued success.

FREE SPEECH WAR IN MASSACHUSETTS

WAKEFIELD, Mass., May 12.—A free speech war similar to that in San Diego, Cal., is expected today as a result of the action of the police raiding the home of August Salvati, an I. W. W. leader, thereby preventing a meeting of the Industrialists called to protest against holding Elmore and Giovannianni, leaders, in jail in connection with the recent textile strike in Lawrence.

On Sunday Salvati rented the G. A. R. hall for the meeting. Upon protest by a number of the veterans, the lease was revoked and the Industrialists then proceeded to Salvati's home where the raid took place.

William Truittman, Elizabeth Gurley and National Industrialist Organizer Flynn were escorted to the depot by the police and threatened with arrest unless they left the city. They went to Lawrence and retained counsel.

The police allege that the Salvati meeting disturbed the peace.

PAY LAST TRIBUTE TO LATE E. C. IRELAND

The last tribute of his home people was given Saturday afternoon to the late Councilman E. C. Ireland with the impressive services of the Elks lodge and the escorting of the body to the depot for shipment of the body to the old home in Champaign, Ill. Members of the city council acted as honorary pallbearers. The entire membership of the Elks lodge attended the remains, the services of the Elks being conducted in their temple.

LOST SLEEP TEN YEARS

Any one who knows Mr. B. F. Sugg, of Tyler, N. C., will tell you that he speaks nothing but the truth.

Mr. Sugg has suffered greatly from sleeplessness and in a recent letter says: "For ten years I have suffered greatly from a nervous ailment which caused me to lose at least three hours of needed sleep every night.

"I tried everything I could find to get relief, and finally one bottle of Vinol gave me more relief than all other remedies. I am grateful to Vinol for my present good health."

Many persons who are in a nervous, run-down condition get so they cannot sleep, and this is almost certain to wreck their health unless the right steps are taken.

Our delicious cod liver and iron remedy without oil, Vinol, builds up the body and nourishes the nerves with pure, rich blood, and makes it possible to get natural, restful sleep. We guarantee that Vinol will do you good (money back if it fails), and if you are weak, nervous and sleepless, you certainly should try Vinol. Medford Pharmacy, Medford, Ore.

SECOND DEFEAT FOR INSURRECTOS

EL PASO, May 12.—Latest reports received here indicate that the rebels were defeated again today. Censored messages received at Juarez state that Orozco and his men are approaching Jimenez, with General Huert's federals in pursuit. The dispatches quote the rebel commander as saying that he retreated willingly, "to draw the federals away from their base of supplies into the desert wastes."

A second dispatch said that General Orozco had burned five bridges en route to Jimenez, but that General Huerta had repaired two of the structures.

Frank R. Noll of Big Hatte was a recent visitor in Medford.

SMALLPOX RAGES MEXICAN COAST

NOGALES, ARIZ., May 12.—Smallpox in a virulent form has again appeared at Mazatlan, on the west coast of Mexico, according to refugees arriving here today on the first southern Pacific train to reach Nogales since a dozen bridges south of Elmhurst were burned a month ago. It is asserted that more than 100 cases of the disease have been isolated.

Throughout Sonora, Sinaloa and Tepic handle and rebels still are perpetrating terrible outrages. The refugees report. In Sonora, dismantled Yaqui Indians also are pillaging, and many murders have occurred in spite of federal reports that cured. Dozens of villages have been terrorized had ceased and the banditti been controlled.

S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

While Eczema, Acne, Tetter, Salt Rheum, etc., are troubles which affect the skin, their source is far deeper than the outside cuticle. Such afflictions are caused by irritating humors, or uratic acid in the blood. Such impurities inflame and irritate the delicate network of fibrous tissue which lies just beneath the surface of the outer skin, and the inflammatory discharge thus produced is forced out through the pores and glands, and is continually kept up while the blood remains infected. This exudation causes the formation of scales and crusts so often seen in Eczema, and when they are scratched off the flesh is left raw and more susceptible to other infection. It can very readily be seen then that to produce a cure the circulation must be purified and cleansed. This S. S. S. will do. It goes down to the very bottom, removes all humors and impurities, neutralizes the excessive acids of the system and in this way removes the cause of disease. Local applications can only soothe the irritation and assist in keeping the skin clean; they never produce a cure because such treatment does not reach the blood. S. S. S. restores to the thin, acid blood all its lost properties, makes it pure and rich and enables it to nourish the skin and keep it soft, smooth and healthy. Book on Skin Diseases and any medical advice free to all who write.

Overland Wins Greatest California Road Race

FRESNO, April 21.—Defeating cars selling at a much higher price and rated with more powerful horse-powers, the \$900 Overland car covered itself with glory in the recent 200 mile road race at this place, covering the course in four hours three minutes and sixteen seconds. When the Overland flashed across the finish line competing cars were trailing behind at various distances. The big Elmore finished twenty-seven minutes after the Overland and the Flanders had finished but eight laps, Buick eight laps, Warren eleven laps, E. M. F. nine laps and Winton two laps. Two other cars had been withdrawn for various reasons. Of the nine starters, seven cars were on the course at the finish. The Overland was the first to reach the 100 mile mark and stopped but once during the race. The Fresno Republican, under whose auspices the event was held, says of the Overland: "The big surprise was furnished by the sturdy little Overland under the excellent driving of Tom McKeelvey. The car responded to his bidding without a bobble. The race will go down in history as one of the most successful events over rough roads, with sharp turns, in central California. The Overland averaged about fifty miles an hour."
