

RIVAL MEETINGS WASHINGTON G. O. P.

ABERDEEN, Wn., May 15.—Republican delegates chosen by the counties of this state are today holding two state conventions here—one for Taft and the other for Roosevelt.

Decision to hold a separate convention was reached early this morning by the Roosevelt "steering" committee, and the Roosevelt delegates are meeting in the Knights of Pythias' hall. The Roosevelt contingent has both more uncontested delegates and more counties represented than the Taft convention.

Senator Hammer of Skagit and E. Robertson, Taft men, this morning made a tentative proposal giving the progressives 10 of the 14 national delegates. The matter is now being discussed by the Roosevelt caucus. The feeling is general that they will accept no compromise.

Senator Falconer of Everett probably will be the chairman of the Roosevelt convention.

IRON CROWN RICH IN COPPER, IS REPORT

What is purported to be a large copper find is the discovery of what is now known as the Iron Crown group on Murphy creek, eleven miles from Grants Pass, which was located two months ago by M. G. Womack, A. L. Cusick and John Clark.

Since the discovery the owners of the group, which consists of some fifteen claims, have worked the dyke and prospected the property by a crosscut tunnel 250 feet in length, before they were satisfied that they had a legitimate proposition. The owners now claim that they have a copper deposit even greater than the Blue Ledge in richness of ore.

The ore is known as gray copper, and the owners claim that assays give from 1 to 17 per cent copper and from \$5.50 to \$8 per ton in gold. As to quantity, the vein which shows croppings to a width of 100 feet, is claimed to be traced for four miles upon the surface.

The discoverers will make an effort to interest capital in the prospect, that actual work may be begun.

Our Correspondents

DEBENGER GAP ITEMS.

(By Norman Gage.)

E. H. Thornbrue was a pleasant visitor at Central Point last Thursday.

E. H. Wilhite was a business visitor at Central Point last Monday and his son Clarence was a business visitor at the same place Saturday.

Among the visitors at the Debenger Gap vicinity last Sunday were Mrs. J. B. Hanna and family and sister-in-law, Miss Hanna; Perry Foster, Russel Thornbrue of the Debenger Gap vicinity and Mr. and Mrs. C. E. Wilkinson and daughter-in-law, Mrs. J. B. Plymire, and her two children Reginald and Giles, all from the Willow ranch east of Medford, these latter being relatives of the owners of the Debenger Gap ranch.

Claude Jones of Sams Valley will have finished planting his corn this week.

The Sunday school classes of Table Rock and Antioch combined last Sunday and were taught at Antioch. Quite a large number of relatives to Mr. and Mrs. G. W. Stacy and family gathered at their place last Sunday to spend the day. Those present were Mr. and Mrs. John Rodgers and family, Mr. and Mrs. Howard Rodgers and family, Mr. and Mrs. Oscar Rodgers and family, Mr. and Mrs. Frank Rodgers and family, Mr. and Mrs. William Houston and family, Mr. and Mrs. Jack Houston and family, Mr. and Mrs. James Cornutt and Sanford Richardson.

G. Bird Johnston of the Debenger Gap ranch was a social and business visitor last Tuesday and Wednesday with his relatives Mr. and Mrs. C. E. Wilkinson and Mr. and Mrs. J. B. Plymire of the Willow ranch near Medford. He also visited the metropolis.

Dr. E. Kirchgessner of the Riverdale ranch came to the Debenger Gap ranch last Sunday to meet his old friends Mr. and Mrs. C. E. Wilkinson, whom he had not seen for a great many years.

CENTRAL POINT ITEMS

O. N. Nelson of Jacksonville spent Tuesday here.

Mayor W. A. Cowley was a Tuesday visitor at Roseburg.

Mrs. Knutzen and daughter and Warren Mee and daughter of Applegate spent the first of this week here with their sisters, Miss Mary A. Mee and Mrs. Emma Bebb.

Miss Mary A. Mee spent Tuesday in Jacksonville.

Mrs. Spink, Rev. and Mrs. Hearst, and A. J. Klum spent Tuesday in Medford.

The Epworth league social given at the Y. M. C. A. gymnasium Tuesday evening proved to be a great success. Many games were played, after which dainty refreshments were served. All who attended reported having a very enjoyable evening.

R. C. Sleed and George B. Aldon of Gold Hill spent Sunday here.

Miss Jessie Chauncey visited friends in Medford the first of the week.

Our schools will close here the last day of May and the members of the senior class are very busy preparing for the commencement exercises, which will be held in the Central hall Friday evening, May 31.

BOURNE A CONFEREY UPON RIVER AND HARBOR BILL

WASHINGTON, May 15.—Senator Bourne of Oregon has been appointed one of the three conferees on the part of the senate on the river and harbor bill, which was radically amended in the senate after it came from the house.

The appointment of Senator Bourne is an important advantage for Oregon, as it puts on the conference committee the senator who secured the insertion of important amendments to the bill granting larger appropriations for Oregon river and harbor improvement. Most important of all is the increase that adopts the 30-foot channel plan from Portland to the sea.

Medford Printing company carry a full line of legal blanks.

EAGLE POINT EAGLETS

By A. C. Howlett

E. R. Salter and wife who have been visiting his brother Fred and wife, returned to Milaca, Minn., last Wednesday. Mr. Salter is auditor for the N. P. Railroad and his time was limited. They expect to visit Los Angeles on their return trip. Mr. Salter seemed to be well pleased with our country and promised to return in the future.

Mrs. A. J. Florey and her son Jack have installed a water plant in her yard. Her husband, A. J. Florey, our genial postmaster, says that he has enough to do in the post office to keep him busy, so he has nothing to do with it except to eat the lettuce and radishes. She has had a tower built, a reservoir put up, pipes laid, a sprinkler installed and a gasoline engine in working order and she feels well satisfied that they will have garden truck this summer.

Speaking about water systems, Mrs. Howlett has had pipes laid all through her garden and eight hydrants placed in her garden. Berry bushes, lawn, etc., are all arranged so as to be sure of something good to eat this summer. Many of the people of Eagle Point are arranging to have water on their ground this summer although the soil will produce very well without water, still it does better with it.

Wm. Sears of Butte Falls was a pleasant caller Tuesday night and so was a lady and gentleman whose names I did not learn. They were from California.

Mrs. Mills and Mrs. James of Butte Falls came out and were guests of Mrs. J. B. Jackson and family.

J. B. Jackson, while shearing his sheep had the misfortune to have a fine lamb in trying to get to its mother but its head so hard against a fence as to cause its death, either breaking its skull or neck.

E. L. Cooley has been engaged the past week as supervisor, attending the eighth grade examination in our school. There is a class of twenty taking the examination and Mr. Cooley speaks very favorably of the class. Their names will be given later.

Mr. Purdy reports that he is getting along nicely with his organization of the Electric Light and Power company and thinks that they will be ready to go to work on the plant soon.

Friday noon Messrs. P. J. O'Garra, our county horticulturist, J. W. Myers, fruit tree inspector, Mr. S. B. Hall and J. B. Aiken called for dinner and said that they were hunting "bugs." They had been to the old Bradshaw orchard and report that the orchard is simply loaded with fruit, and that the outlook for fruit this season means the income of one million dollars for this valley this season. While they were here Mr. Myers state that King George of England had placed an order for forty-five boxes of Bose pears with the Hanley orchard on Little Butte Creek about twelve miles above here. All our Butte Creek country is noted for its famous pears, peaches and apples; in fact our foothills are the natural localities for that kind of fruit.

Heath and Diamond, since they moved into their new store building, have bought a fine new delivery wagon and the driver seems to be kept busy.

Since I last wrote I made a trip to Grants Pass to visit Dr. M. C. Findley to have my eyes treated and while I was there I met one of our old pioneer neighbors, Mr. Gregory who is afflicted with his eyes so that he can hardly see, and Miss Lee Middlebush of Trail who was also visiting the doctor on the same business.

Since my last letter Mrs. Sophia Robinett has moved from her brother-in-law's, G. W. Daley to Central Point.

New German Ambassador
BERLIN, May 14.—It was officially announced here today that Baron Marshal Von Bieberstein has been appointed German ambassador to Great Britain.

SALT LAKE CITY, Utah, May 14.
—Democrats of Utah assembled here in state convention today to select the delegates to the national convention at Baltimore.

S.S.S. NATURE'S PERFECT TONIC

Something more than an ordinary tonic is required to restore health to a weakened, run-down system; the medicine must possess blood-purifying properties as well, because the weakness and impurity of the circulation is responsible for the poor physical condition. The blood does not contain the necessary quantity of rich, red corpuscles, and is therefore a weak, watery stream which cannot afford sufficient nourishment to sustain the system in ordinary health. A poorly nourished body cannot resist disease, and this explains why so many persons are attacked by a spell of sickness when the use of a good tonic would have prevented the trouble. In S. S. S. will be found both blood-cleansing and tonic qualities combined. It builds up weak constitutions by removing all impurities and germs from the blood, thus supplying a certain means for restoring strength and invigorating the system. The healthful, vegetable ingredients of which S. S. S. is composed make it splendidly fitted to the needs of those systems which are delicate from any cause. It is Nature's Perfect Tonic, free from all harmful minerals, a safe and pleasant acting medicine for persons of every age. S. S. S. rids the body of that tired, worn-out feeling so common at this season, improves the appetite and digestion, tones up the stomach, acts with pleasing effects on the nervous system, and reinvigorates every portion of the body.
