100 FOREST FIRES IN WASHINGTON. SEATTLE, May 16.—Over 100 forest fires are raging in western Washington between the Canadian border line and the Columbia river. In Snohomish county the town of Sultan is in imminent danger of destruction, the fire threatening the wooden pipe which connects the town with the source of its water supply. It is reported that half a dozen lives have been lost in the vicinity of Acme and Wickersham, Whatcom county, but the report has not been verified. The bodies of the five men who lost their lives when the camps of the English Logging company and the Dempsey Logging camp near Birdsview, were destroyed, have been recovered. They have been identified as Joe Rosier, Fred Cleveland, J. C. Nelson, Ivert Denon and James F. Rawson. The bodies of Lyle Neit and George Urich have not been found. In Skagit county seven ranches have lost their homes and barns, together with considerable stock. Refugees are coming into Hamilton and Sedro Woolley.

PLURALITY FOR TEDDY 70,000. SAN FRANCISCO, May 16.—Practically complete returns from 36,663 of the 37,000 precincts in California today confirm the estimate that Colonel Roosevelt's plurality in the presidential primary will approximate 70,000. The exact figures so far obtainable show the Roosevelt vote as 132,936 with Taft polling 67,043 and La Follette 43,942. These figures give Roosevelt a clear majority of commanding size. On the democratic side, from the results at hand today, Clark polled 39,146 votes against Woodrow Wilson 16,927. Returns from the Second congressional district, while incomplete, seem to indicate that Taft carried Calaveras and possibly Sierra and Amador counties. All the other counties went for Roosevelt except San Joaquin, which La Follette carried and Inyo, which Taft won.

LONE BANDIT HOLDS UP BANK. GRASS VALLEY, Cal., May 16.—The Nevada County bank was held up here late this afternoon by a bandit who locked the bank officials and a woman customer in the vault and escaped with about \$3000. The bandit rode horseback up to the bank and awaited his turn at the paying teller's window. Then he quietly asked A. H. Mosser, the paying teller, to change some money. As Mosser turned the bandit jumped through the window and covered W. D. Harris, Miss Alta Clymo and the paying teller with a revolver and backed them into the vault and locked the door. Emptying the gold lying on a tray into his pocket, the bandit mounted his horse and galloped out of town. It is estimated that he took about \$2500. The robber deserted his horse two miles from Grass Valley and fled into the hills. Charles Frohman, it is reported, will produce two musical pieces next season, "The Doll Girl" and "The Sunshine Girl."

JURY OF FARMERS TO TRY DARROW. LOS ANGELES, Cal., May 16.—A jury within a week and a jury of farmers was the arrow case predicted today by persons connected with both the prosecution and the defense. Twelve men already have passed temporarily for cause and it was believed that before tonight both sides will have concluded the questioning of these men. Pending their final examination, the prospective jurors were ordered locked up last evening and will be kept from contact with the public. Intense public interest in the case, Judge Hutton declared prompted his order for their seclusion. Earl Rogers did practically all the court work for the defense during the first day of the trial. By his line of questioning it was evident that the Burns Detective agency may play a part in the trial. Rogers closely examined each prospective juror regarding his knowledge of the Burns agency and the men it employed. By adroit means he also endeavored to commit each man on his attitude regarding an "informant." This he refused to deny later, was done with Bert H. Franklin, who pleaded guilty to bribing a juror and who will be the state's most important witness, in mind.
