

NOBLE TRIED FOR SLAYING PRINCESS

ROME, May 17.—Baron Paterno was brought to trial here today for the murder a year ago of Princess Trigona, lady in waiting to Queen Helena. Aside from the court scandal which it is certain will be fully aired, it is generally believed the trial will bring to light a series of similar scandals and many members of the nobility are wondering whether they will become involved.

The courtroom contained a number of the most prominent aristocrats in Rome when the case was called. A year ago Baron Paterno was one of the finest types of the Italian cavalry officer. Today he appeared a mere shadow of his former self. He was cool and collected however.

In the opening statement of the case all of the details of the murder were reviewed. Paterno, who was declared to have been on intimate terms with Princess Trigona, was asserted to have extorted money from her by threatening to expose their relations. Luring her to a cheap hotel in Rome, Paterno, it was stated, made final threats for money and when the princess refused killed her and then slightly wounded himself.

BAY STATE ACTS DIRECT ELECTIONS

BOSTON, May 17.—By a unanimous vote the house of representatives adopted the amendment to the United States constitution providing for the direct election of senators. The amendment probably will come up in the Massachusetts senate early next week.

WASHINGTON, May 17.—Secretary of State Knox mailed to the governors of all the states today the proposed constitutional amendment providing for the direct election of United States senators. The resolution calling for the amendment was adopted by a two-thirds vote in each branch of congress.

Three years probably will be required for action on the amendment by a sufficient number of states to indicate whether the proposition can command the necessary three-fourths vote to become effective.

LEATHER TRUST NEXT ON LIST FOR PROBE

WASHINGTON, May 17.—In response to numerous complaints the department of justice is soon to take up an inquiry as to whether a leather trust exists, according to announcement made here today. If the inquiry justifies the complaints, an exhaustive investigation will be begun, with a view both to prosecutions and to determine whether undue relations exist between the leather and the packing interests.

REAL MADE IN MEDFORD EXPOSITION

(Continued from Page 1)
display that will interest all the women in Medford.

The girls have also "done themselves proud" in the cooking department. Here Miss Welch has a modern kitchen with gas, electric and wood ranges to work on. The display of cakes, pies, meat loaves, bread, and a hundred other eatables shows the degree of expertness obtained. Practical everyday dishes and attractive ways to garnish deserts, etc., are emphasized.

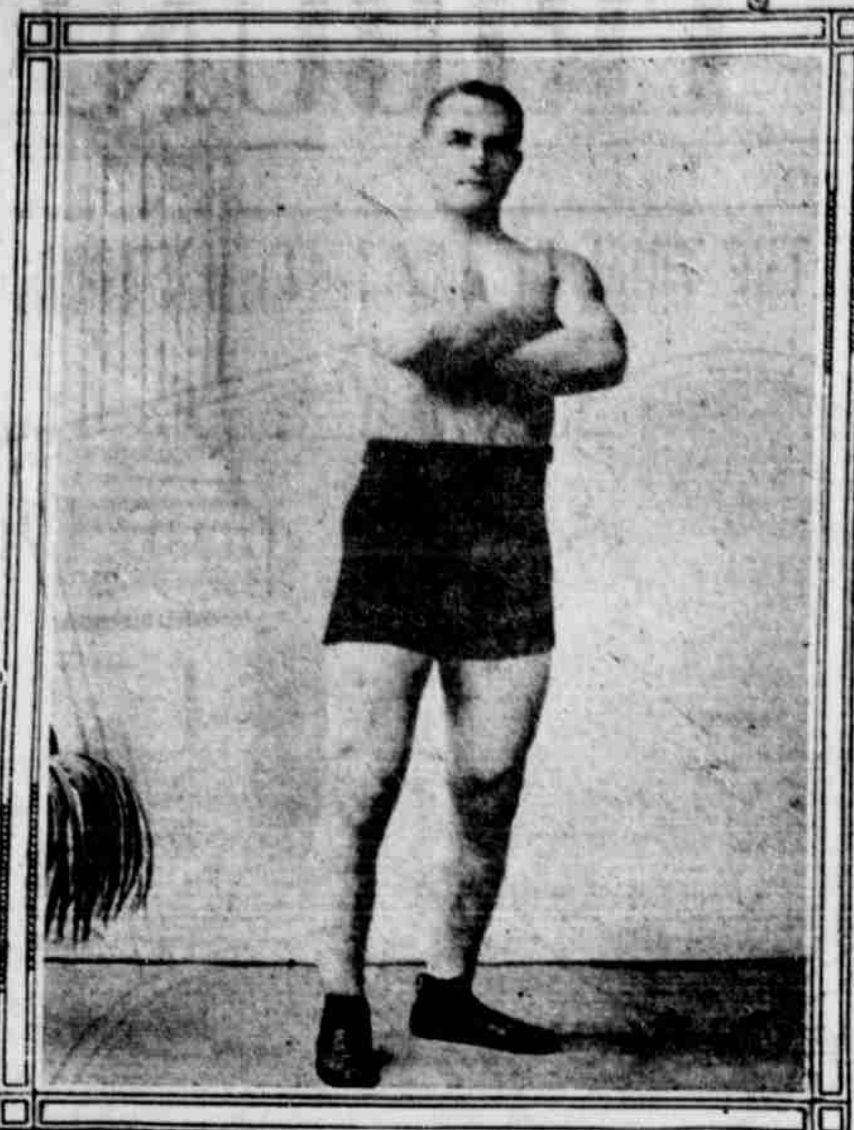

The boys, of course, score heavily in the manual training department. There are no drawers that stick in the tables and desks on exhibition and the design and workmanship reflect great credit upon the students and teacher, Mr. Frost.

Throughout the whole exhibition work is shown, wherever possible to exemplify the improvement made by scholars from week to week. In the commercial department writers who make the proverbial "fly-tracks" at the start are developed into penmen. The usually staid Latin department has insurged from the ordinary rule of things so far as to have displayed student-made maps of Mediterranean countries, plans of bridges, etc.

Of particular interest to those who like to see work in the embryo is that of the grade schools. Here are examples of weaving, basket work that is remarkable, drawings of birds that teach zoology as well as draftsmanship, etc.

There is much else of interest and a visit to the school is well worth the while.

CANADIAN PACIFIC IS LOSER THREE POINTS

NEW YORK, May 17.—Canadian Pacific showed a decline of 3 1-2 as the feature of today's opening stock market. International Harvester was off a point and United States Steel, Union Pacific, Reading and St. Paul were weak. Lehigh Valley made a one point rise, later increasing this gain to 2 and United States Steel and Union Pacific showed advances of about a point. There were some irregular movements around noon.

The market closed dull. Bonds were easy.

TAFT'S MISSION NOW TO PREVENT T. R.'S SUCCESS

LORAIN, Ohio, May 17.—Supporters of President Taft are today applauding statements made by the president yesterday in which he virtually staked his political future on the result in Ohio.

Friends of the president declare that even if beaten in this state, President Taft will remain in the race for the republican presidential nomination until the last ballot is cast in the Chicago convention.

He will make it his mission, they declare, to do everything possible to defeat Colonel Roosevelt.

CAMPA CAPTURES NAZAS AND MARCHES ON TORREON

JUAREZ, Mexico, May 17.—Advices received here late today from Torreon say that General Campa at the head of 1200 rebels has captured the town of Nazas, near Torreon. The rebel commander plans, the despatches state, to attack Torreon while the federal garrison there is weakened as the result of a withdrawal of troops to reinforce General Huerta.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Rivesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardul.

Now, I am entirely well. I am sure Cardul saved my life. I will never be without Cardul in my home. I recommend it to my friends."

For fifty years, Cardul has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—relieves the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardul. Your druggist sells and recommends it. Get a bottle from him today.

TEDDY FINANCED BY STEEL TRUST

CHICAGO, May 17.—Before leaving here this afternoon for Bowling Green, Ohio, where he speaks tonight, Senator Robert M. La Follette stated that he would charge in the Ohio town that three millionaires had raised \$1,000,000 to finance Roosevelt's campaign for the presidential nomination. These men, he said, are George W. Perkins, former member of the firm of J. P. Morgan & Co.; Judge E. H. Gary, chairman of the board of directors of the United States Steel corporation, and Dan R. Hanna, millionaire son of the late United States Senator Mark A. Hanna of Ohio.

At the Bowling Green meeting tonight Senator La Follette declared, he will challenge Colonel Roosevelt to publish the list of men who had contributed to his campaign fund.

VIGILANTES PI NEWSPAPER FORMS

SAN DIEGO, Cal., May 17.—Violators of the local street speaking ordinance, who have been at liberty on bail, are today expected to be returned to jail as the result of the withdrawal of a number of bondsmen.

A. H. Sauer, editor of the San Diego Herald, which has taken the part of the T. W. W.'s in the fight, was called upon yesterday by a committee of citizens who notified him that he could continue to issue the paper provided he submitted proofs of his editorials and news matter to them before publication. Yesterday's edition was not published. Vigilantes who visited the Herald printing shop and "piled" the forms succeeded in preventing the publication of the paper.

Virtually every court in San Diego is occupied with T. W. W. cases.

BLAME PLACED UPON ARCHBALD

WASHINGTON, May 17.—Edward Williams of Senanton, Pa., was recalled to the stand today by the house judiciary committee, which is investigating charges against Judge Robert W. Archbald of the commerce court. Williams repudiated much of the testimony he gave on a previous occasion, attempting to shift to William P. Boland, a Senanton coal dealer, all blame for writing the letter trying to sell the "Katydid" coal pile.

Williams flatly denied his previous statement in which he had declared that Judge Archbald had dictated a letter to a prospective purchaser, declaring today that Boland dictated the letter and forced him to carry it in person to the prospective buyer.

LOS ANGELES, Cal.—A dummy figure dangling by the neck from a fire escape caused a call for fire apparatus. Desperating firemen played football with the corpse.

SUBMARINE STRUCK CREW IN DANGER

ATLANTIC CITY, N. J., May 17.—Submerged in fourteen feet of water the submarine Tuna is aground on the Egg Harbor Shoals with Capt. Danneheur, Lieutenant Hyatt and three others aboard.

Owing to high seas, lifesavers are unable to approach, and fears are entertained for the safety of those aboard the submarine craft.

Chief Electrician Parker, Engineer Eekin and Sailor Hand were aboard the submarine with Captain Danneheur and Lieutenant Hyatt. The vessel was en route to Bridgeport, Conn., for trials when it grounded.
