**Cottolene**

THE hospitality of the South is proverbial; a great factor in the success of Southern hospitality is Southern cooking, for good cooks make or mar the meal. Cottolene is a Southern product, made from pure, refined cotton oil, and Southerners know of its purity and healthfulness better than Northerners.

It stands to reason that a cooking fat which is of vegetable origin, free from hog fat and indigestion, will make purer, richer, more healthful food than the product of the pig.
