

TOUTED TEAMS TAKE THRASHING

Three additional "31" games were played Tuesday at the University club which leaves but three more games to be played in the preliminaries. Each afternoon sees much interest displayed and enthusiastic fans rooting for their favorites. So far the team picked to win in each match has fared miserably.

Tuesday's results were: Porter J. Neff and A. E. Reames defeated A. Conro Fiers and T. Slater Johnson, 17-hazard; A. S. V. Carpenter and Whitecomb Field defeated Leonard Carpenter and Lincoln McCormick; M. L. Erickson and Rodger Hitchcock defeated P. S. Steenstrup and W. H. Bingham.

Porter J. Neff proved the phenom of the day. He made every point for his side winning the game in spite of being handicapped by A. E. Reames who couldn't get close enough to the table to shoot. He was long on advice however.

T. Slater Johnson was on his Antelope orchard when he scented the battle from afar. Mounting his trusty steed he rode furiously and well and arrived in time, not to stem the tide of defeat but get in five-count "em" shots. Then he remained for the fight in the evening.

Old Leif Erickson was the boy with the class. Assisted by Hitchcock (not the war correspondent), they won over Steenstrup and Bingham. The latter was still wondering whether Tronson kept his 5 o'clock date to go fishing and couldn't get his thoughts on the game, while Steenstrup was figuring profits on motor cycles.

NEW SEWER DISTRICT MAY BE CREATED

The city council Tuesday evening discussed the matter of creating a new sewer district in the southern part of the city to be known as Sewer District No. 14. The matter will be acted upon at the next regular meeting of the council.

A liquor license was granted to M. J. and E. J. Adams. The sum of \$400 was transferred from the general fund to the light fund.

Protests were heard on the paving of an alley in the rear of the Presbyterian church.

A bid was received from the Jacobson-Bade company for the laying of a sewer. The company bid \$1.25 a foot on 8 inch pipe and manholes each \$55.

GRASS ALONG WALKS IS TO BE MOWED

The city council Tuesday evening instructed the street superintendent to employ men and cut all of the grass in the city which laps over the sidewalks in order to make the walk passable. The work will commence at once.

The action of the city council followed close on the publication of a story in the Mail Tribune dealing with the subject. Attention was called to the many sidewalks along which people must pass in single file or walk in grass a foot high. The street commissioner will employ several men, equip them with scythes and send them over the town clearing the grass away.

TO PAVE STREET THROUGH PARK

The city council Tuesday evening instructed the city recorder to advertise for bids for the paving of the narrow street through the city park from Main street to Eighth. The Clarke & Henry Construction company at the last regular meeting submitted a proposition to pave it for \$1000 which is about \$3000 less than their regular prices for such work. They explained their offer by stating that the street is a public one and that they would be willing to do the work at less than cost in order to help in beautifying the city.

Bids will be called for in order to see if a lower figure than \$1000 can be secured. It is expected that bids will be received from one or two cement firms in the city who plan to lay a brickolithic pavement.

CAREFUL MAN'S OPINION

Business men are careful about what they say—it is part of their training. Therefore when Mr. J. G. Clarke, a business man of Westchester, N. Y., answered a question about his greatly improved health his opinion may be considered correct.

He said "Having been troubled with a bad cough and bronchitis for nearly a year, I decided to take Vinol a short time ago. The cough has now disappeared and my health is very much improved."

"I certainly consider Vinol a valuable remedy and should be kept in every home—until people try it they don't know its value."

Thousands of other intelligent people praise Vinol simply because they have found it just what they needed to drive away lingering coughs and build up their health and strength.

Vinol is a delicious cod liver and iron preparation without oil, and is the greatest strength renewer for all who are weak and run down. We guarantee it to give perfect satisfaction.

MAKES \$40,000 IN ROGUE VALLEY

James Hansen after disposing of his entire holdings in the Talent district has left for Denmark where he will visit his brother and sister whom he has not seen for more than forty years. The interesting fact in connection with Mr. Hansen's trip is the fact that he goes with \$40,000 in his pocket although he came to the Rogue River valley 25 years ago practically penniless.

It was in 1887 that Mr. Hansen first stopped in the Rogue River valley. He secured 7 1/2 acres of land and began to improve it. Later he planted it all to orchard and has disposed of all of it clearing up a tidy fortune of \$40,000.

Seven years ago he sold the first portion of his tract, 20 acres at \$150 an acre. This tract has since been sold for \$27,500.

Mr. Hansen will return to the this valley after a year's visit in Denmark.

BIG CIRCUS IS HERE THURSDAY

The Sells-Floto consolidated circus which comes here tomorrow is a combination of two of the most popular shows which have heretofore toured this country. For many years now, and almost at the same time each season, this attraction has visited this city and it can be truly stated that at no time have they given a performance which has not been fully up to the highest standard set by the biggest traveling tent shows, and thoroughly satisfying in every way. This season the management promises to bring back a circus which is greatly enlarged and possessing many new features heretofore unknown to the sawdust ring or hippodrome track. These will embrace a horse that goes up in a balloon, a man shot from the mouth of a loaded cannon, 40 clowns, the Troupe De Louvre in poses in marble, the Rhoda Royal company of educated horses, Miss Emma Stickney, greatest of all equestriennes, the Galarmo Sisters, an elephant which runs a race with a pony, thoroughly schooled hunters in high jumping feats, the Smith Troupe in a very novel revolving trapeze act, the famous educated elephants which have no superiors, and added to all this will be the conventional features of the circus which have pleased and delighted thousands from the beginning of time.

The historic street parade, without which even a circus of this magnitude would not be complete, has been announced to commence at 10:30 tomorrow morning. This will give prospective patrons an opportunity of judging the consequence of the Sells-Floto circus. It might be added that even the paled itself will present many novel features.

The circus will arrive here on three special trains and will probably begin to unload about daylight, and long before most of the children are out of bed.

The regular ticket wagons will be opened on the grounds as early as 9 o'clock, so that those who wish to secure tickets without getting in the crush may do so.

The management of the circus further announces that their policy of popular prices will remain the same as inaugurated three years ago; 25 cents admits to the menagerie and the big show in its entirety.
