

ANDERSON IS EASY VICTOR

But Anderson made short work of the much-touted McLellan at Frankie Edwards boxing match Tuesday evening. In the third round of what was scheduled a ten round go McLellan endeavored to seek refuge from the storming attacks of his opponent by hiding back of a foul but it was no use and Anderson is credited with a knockout.

The fight opened fast and furious. The first round Anderson had only a shade but he was after his man all the time. In the second round he floored McLellan and had him all but out. Had not McLellan clung on desperately despite the referees orders he would have gone out.

In the third round Anderson was fast finishing his man when the end came. He smashed McLellan on the jaw and as he was falling he started another low one which landed only an instant after McLellan's knees were on the mat. Technically it was a foul, but Edwards was right in counting McLellan out. The last blow did little damage and McLellan began to get to his feet but the advice of his seconds thundered from his corner and caused him to flop flat and take the count. It was a poor bit of sportsmanship but then McLellan was ready to quit. And as a matter of fact in the second round when McLellan was hanging on and refusing to break the fight should have been awarded to Anderson. McLellan was clearly outclassed.

The first preliminary was a joke. The second was a clever sparring match between Kelly and Maxwell.

OREGON REPRESENTED IN OLYMPIC GAMES

The University of Oregon was ably represented by Walter McClure and Martin Hawkins in the trials for the American Olympic team held in San Francisco last week. McClure won his event, the 1500 meter race, in the fast time of 4:03 3-5, only 1-5 of a second behind the world's record. As a result of this marvelous performance he is almost certain of a place on the American team which will leave for Stockholm this summer. Hawkins finished second in the 110 meter hurdle race, beating Smithson, the holder of the world's record. The time was 15 2-5. Kelly of the University of Southern California being the winner. Hawkins is not sure of a place on the team, but as none of the eastern hurdlers have thus far made fast time this year it is very probable that he will be chosen. It is a very unusual thing for one university to have two men on this team and Oregon is to be congratulated on being so well represented.

Saturday the Universities of Oregon and Washington will battle for the northwest intercollegiate tennis championship. The tournament will be held in Seattle. The Oregon men who will make the trip have not yet been selected. The only man sure of a berth on the team is Harry Stine, member of last year's championship team. Ralph Newland, Oregon's star last year, has left school and hence will not represent the lemon yellow this spring. Among the most likely candidates are John Shattuck of Portland, "Dolly" Gray of Portland, Vincent Yaden of Klamath Falls, and Irwin Brooks of Monmouth.

SCHOLARSHIP EXAMINATIONS

UNIVERSITY OF OREGON, May 22.—The competitive examinations for the Rhodes scholarship at Oxford are to be held October 15 and 16 at either Albany or Eugene. The examinations, in accordance with the system of higher English education, are based chiefly on literary and language work. A committee of the president of Pacific university, Pacific college, Willamette university, Albany college and the University of Oregon select the man best fitted for the scholarship from the highest of the contestants.

The scholarship itself consists of 200 pounds per year and residence at one of the colleges, comprising Oxford university for three years. It is granted every other year.

The men winning this scholarship previous to this year are Worcester Johnson, U. of O., Cecil Lyon, U. of O., and Carroll Woody, McMinnville College. The latter won out by a very close margin over Dean Collins, U. of O., '10, now famous in Oregon as the originator of the Nesmie Nitts versus appearing daily in the Oregonian.

DARROW DENIES TALE OF CONFESSION

LOS ANGELES, May 22.—Clarence Darrow today heatedly and unqualifiedly denied a report printed in a San Francisco newspaper to the effect that he will confess to the bribery of George N. Lockwood to escape a jail sentence.

"Such a thing has never been considered," cried the accused attorney when told of the report. "It is not being considered and never will be. I never, never will plead guilty. The thing has never entered my mind. I can't imagine where such a story could have originated, unless it was started by someone connected with the other side of the case."

Darrow repeatedly has declared his innocence of the crime with which he is charged, and today he reiterated his statement that he will fight the case to the bitter end. He again expressed his belief that he will be acquitted.

Wm. Hodge in "The Man From Home"

The supply of superlatives with regard to "The Man From Home" and its phenomenal success in every city thus far visited is running short. Everybody who has seen the play in which William Hodge comes to Medford Theater May 24th, is of virtually the same opinion respecting its abiding merits, and it seems as though if it were not for its many loyal supporters, who return for second and third visits, it would soon exhaust the theater going population. "The Man From Home" taken all in all is actually and without question the one big play of the past decade.

M'CALLUM WILL HANDLE CONTESTS

Walter McCallum has taken hold of the boxing game in the city and will conduct the contests in the future. He is having his attorneys draw incorporation papers for the Medford Athletic club.

"I see there is a demand in Medford for clean sport run on the square and I intend to respond to that demand. In other words I will give the boxing fans a run for their money and at the same time remain strictly within the law."

HONOR MEN ARE DOING GOOD WORK

T. M. Peeler of Florence Rock on whose place the Honor Men are encamped is in Medford on his way east to Missouri where he will visit his old home for a month. Mr. Peeler is stopping with J. F. Hittson in this city who is a cousin.

"The honor men are doing splendid work on the Crater Lake road" states states Mr. Peeler, "and should be maintained there by the county. With the arrival of good weather the men are fast making good and the roads are being put in excellent shape. I do not believe that any well founded fault could be found with their labor. The men are very well behaved and attend strictly to their own business. The honor system of Governor West is working splendidly as far as Westville is concerned."

PRESBYTERIANS TAKE STAND ON TEMPERANCE QUESTION

LOUISVILLE, Ky., May 22.—The Presbyterian general assembly took a positive stand on the temperance question today. Congressional legislation to prohibit interstate shipment of liquor into prohibition states or districts was indorsed. Still further use of the Bible in the curriculum of Christian colleges was urged in the report of the committee board on the report of the nominating committee, which was approved and equivalent to election, named, among others, for no place on the executive committee, Mark A. Matthews of Seattle.

SIDEWALKS TO BE COMPLETED

Property owners who have sidewalks which were put in before their street was improved and in consequence were not extended to the curb at street intersections are to be ordered by the city to complete the walks to the curbing at once. This will make the sidewalks complete and will be the last step needed to keep out of the mud in the winter time.

In most cases the ground is low at the end of the walks which causes a large pool of water to form at the end of each walk during the winter season, making it very inconvenient to passers-by.

EASY TO LEARN HOW TO DRIVE AUTOMOBILE

"How long does it take to learn to drive a car?" The above question is uppermost in the prospective automobile owner's mind, when he has fully decided to purchase a car.

It is noticeable how some new owners think it is going to be hard to learn, while others think it will be easy.

In talking about the different ways new owners take hold of a car, Sullivan & Hanley say: "The one thing in most new owners that causes delay is lack of confidence in themselves. When they get behind the wheel for the first time and feel that the car will go where they want it to go, they experience hesitation in assuming the responsibility—it's the easiest thing on earth to drive a car once you know the few details."

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled. Into the sensitive membranes flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

RICHESON'S SISTER TO CONFER WITH BROTHER

BOSTON, May 22.—Miss L. Richeson, sister of the Rev. Clarence V. T. Richeson, electrocuted for the murder of Avis Linnell, arrived here this afternoon to confer with her brother Douglas Richeson, regarding the disposition of the dead pastor's body. Attorney Morse, counsel for the Richeson's will confer with Miss Richeson and her brother.

At noon the corpse was still unclaimed.

BEARISH TENDENCY IN STOCK MARKET

NEW YORK, May 22.—Canadian Pacific opened today's stock market with a gain of 2 1-2. Other leaders were fractionally lower and dealings were light. Standard shares were down about 1 to 2 points at noon, but some recovery was made later. American Tobacco rose between 2 and 4 points. The average level was decidedly under yesterday's close and the trading had an exceedingly bearish tendency.

Medford's Public Market Opens for Business Saturday Morning, May 25

Facilities unequaled for display of all kinds of produce.

W. H. CANON, Mayor
J. E. WATT,
J. C. EMERICK,
G. H. MILLAR,
Market Committee

To the People of Medford and Rogue River Valley, GREETING

Medford's new public market has been completed and will be open for business Saturday morning. The market is designed to benefit both producer and consumer; the farmer and truck gardener by giving them an opportunity to display and sell their produce, and the consumer by opportunity to purchase direct from the producer.

The market depends for success upon the co-operation of producer and consumer. Given this, it will help solve the problem of high cost of living, stimulate truck gardening, encourage the farmer and keep the money at home.

Your support is earnestly solicited.

MARKET RULES

Green vegetables must be brought in fresh and clean, covered with wet gunny sacks.

Berries must contain a full box.

Fresh produce of all kinds, fruit, berries, vegetables, milk, cream, butter, eggs, chickens, meats, etc. solicited from producers of the Rogue River Valley.

For further details see
E. J. RUNYARD,
 Market Master

Market open from 7 o'clock a. m. to 3 o'clock p. m. daily except Sunday
 South Riverside Avenue near Main Street
 Medford, Oregon
