

RIOTERS QUIETER AT BUDA PEST

BUDA PEST, Hungary, May 24.—Rioting which yesterday convulsed the city as a result of the government's defeat of universal suffrage, today is being continued, although not as determinedly as before. The lull in the conflict was caused by a partial surrender of Count Tisza and his party, who conceded manhood suffrage as demanded.

There is still, however, grave trouble in the factory district, where, although the general strike has been called off the women are still loudly demanding the ballot.

SCHWAB IN LINE FOR HERO MEDAL

SOUTH BETHLEHEM, Pa., May 24.—Charles M. Schwab, the steel king, is a candidate for one of Andrew Carnegie's medals today as a result of his rescue of J. C. Kirchon, general manager of the Tonopah mine extension, from drowning here.

Kirchon fell into a pool while the two men were trout fishing, and when Schwab, who plunged in after him, finally got him back on the bank, both men were exhausted and Kirchon was unconscious.

HARMON ONLY LEADS WILSON BY 7500

COLUMBUS, Ohio, May 24.—With eight counties still missing, the official returns of the democratic presidential primaries in Ohio today show the following vote:

Governor Judson Harmon, 90,523; Woodrow Wilson, 82,954.

CONFERENCE IS OPEN

(Continued from Page 1)

wherever he can be found. So many farmers are slow to realize these facts, and it is necessary that organized effort be made to gather the experience of successful organizations and carry the information to all that need it.

"There are a number of such successful organizations in Oregon, and other parts of the northwest, and most of the problems to be met in new organizations have already been worked out. Among the notable successes in Oregon is the Lane County Fruitgrowers' association. Starting in with almost no capital and under very discouraging circumstances, they have built up a splendid business and now own the cannery, fruit packing warehouse and evaporator, and can obtain all the capital needed to finance their season's operations. Their markets are continually broadening, their crops are returning a profit, and they can begin to think about enlarging production. The Puyallup Valley association handled nearly one-half million dollars worth of blackberries and raspberries last year and have increased the value of their lands in 12 years from \$100 to \$1000 per acre.

"Such associations have no trouble where the joint credit of all the members is pledged, in securing all the funds needed, either from the local banks, or from among their own members.

"Cities could aid by providing public markets; states by strict laws against fraudulent commission men; and the general government by furnishing reliable crop and market reports, and the immediate inauguration of a parcels post system worthy of the name."

Travelers of Two States

HUTCHINSON, Kan., May 24.—An army of knights of the grip invaded Hutchinson today and will remain in possession of the city until Sunday. They are the delegates to the annual grand council meeting of the United Commercial Travelers of Kansas and Oklahoma, which held its opening session this morning in Odd Fellows hall. Following the customary exchange of greetings, the grand council went into executive session. The business proceedings will conclude tomorrow morning and in the afternoon the annual convention parade will be held.

Advertisers Vote for President

DALLAS, Texas, May 24.—When the National Association of Advertising clubs started balloting this afternoon for a convention city for 1913, Toronto, Canada, seemed the most likely winner although San Francisco and Baltimore were making a strong fight. George W. Coleman of Boston was re-elected president of the association.

TWO SPEED MARVELS

A. R. Kiviat and G. V. Bonhag, the two speed marvels, are expected to be members of the American team that will represent this country at the Olympic games at Stockholm, Sweden, in June.

MARKET DULL, BUT FIRM TONE PREVAILS

NEW YORK, May 24.—The stock market, while dull, showed a generally firm tone today, particularly in the industrial issues. American Tobacco led the list with a jump of 7 points, carrying a number of specialties to higher levels in sympathy. Outside of a two point rise in Pacific Mail, price changes elsewhere were narrow and did not exceed fractional limits in either direction. The advance in Pacific Mail was said to be due to prospective change in control of the property. Towards noon the market lead showed a better tone, but trading continued dull. The market closed irregular and dull. Bonds were steady.

ELECTRIC STATION HEAD KILLED BY SHOCK

SEATTLE, May 24.—Ed C. Rehnig, chief operator for the city lighting department at Cedar Falls power station, is dead today as a result of coming in contact with 60,000 volts of electricity yesterday afternoon at 4:39 when he completed the circuit in some unknown way at the switch house when Joe Newstrom, an operator on the plant saw a brilliant electrical display. He rushed into the house and saw the engineer dead on the floor, his body badly burned.

Oklahoma Editors Meet

MUSKOGEE, Okla., May 24.—Makers of Oklahoma newspapers rounded up here in force today for the twenty-first annual meeting of the State Press association. An invocation by Bishop Thurston opened the proceedings this morning. Other features of the forenoon programme were addresses of welcome by Mayor Miller and President Spaulding of the Muskogee commercial club, a response for the visitors by John Goble of Guthrie and the annual address of Horace Sheppard of Altus, president of the association.

ADVICE ABOUT GRIP

How to Escape Its Dangerous After Effects

With so much grip in town this winter a few words of advice will not be out of place.

First, grip is no trifle. Its after effects are often very serious.

Second, grip is particularly bad on children, old people and all who are not in the best of health.

Third, grip hangs on—takes away your energy and appetite—leaves you feeling weak and played out. That is a dangerous condition.

The best thing you can do is to build yourself up with Vinol, our delicious cod liver and iron preparation without oil. It tones up the system and makes you strong and vigorous.

Read this letter from R. J. Lown, Oneonta, N. Y.: "I had an attack of grip last January which left me in a very badly weakened and rundown condition. Lately I began to take Vinol and I find it strictly all right. It began to help me from the very first and now I am as well as ever." Remember, we guarantee Vinol to do just what we say—we pay back your money if it does not. Medford Pharmacy, Medford, Ore.

WILBUR WRIGHT IS IMPROVED

DAYTON, Ohio, May 24.—A slight improvement in the condition of Wilbur Wright, the noted aviator, who is critically ill from typhoid fever at his home here, was reported today by Dr. Conklin. The patient's temperature was slightly reduced last night and Wright recovered consciousness for the first time in five days. The typhoid crisis in the aviator's case is expected to be passed today.

TOM LAWSON TO RUN FOR SENATE

BOSTON, May 24.—Announcement that he would be a candidate to succeed United States Senator W. Murray Crane of Massachusetts was made here today by Thomas W. Lawson, the Boston financier.

Senator Crane announced recently that he would not be a candidate for re-election. His term expires in March, 1913.

In Memory of Queen Victoria

OTTAWA, Ont., May 24.—All Canada today joined in celebrating Victoria day, which is observed annually in memory and honor of the late Queen Victoria. Military and patriotic exercises were held in all the principal cities, but the chief observance of the holiday as in former years consisted of athletic competitions and sporting events. More than ordinary interest attached to the athletic competitions, as in several instances they were to serve as tryouts for Canadian representatives in the Olympic games at Stockholm this summer.

In Memory of General Woodhull

JAMAICA, L. I., May 24.—A memorial tablet in honor of Brigadier General Nathaniel Woodhull, a noted soldier of the Revolution, was unveiled this afternoon at the place near here where General Woodhull was mortally wounded while resisting capture by the British, on August 28, 1776. The Sons of the Revolution of the State of New York conducted the exercises.

The Man From Home

By Booth Tarkington and Harry Leon Wilson

The Success of the Century

"To have written a play like this is really to have performed a national service."—Collier's Weekly.

"When I saw 'The Man From Home' I said I'd see it again, and I did, and I'll see it a third time if I ever get the chance."—"Uncle Joe" Cannon, in a Political Speech.
