Lives There a Woman With a Soul So Dead Who Does Not Want Nice Hair on Her Head?

—HERPICIDE—
Certainly not! Every woman admires beautiful hair and wants it. Every woman can have nice hair. Not the kind that may be purchased at the store, but real live hair growing on her own head. There is nothing adds so much to woman's charm as a nice head of natural fluffy hair. It is not difficult to have nice hair. If not interfered with the hair will grow long and luxuriantly.
The most destructive and most prevalent form of hair trouble is dandruff. Herpicide kills the germ which causes this annoying accumulation, keeps the scalp clean and prevents the hair from falling out. This allows the follicles not already atrophied to spring into life, shooting forth from the tiny dormant papilla new healthy hair.
You experience marvelous benefit from the first application. The terrible itching which is indicative of dandruff stops at once. The hair becomes glossy and lustrous with a beauty that always indicates a clean healthy scalp. More men and women have gotten positive results from the use of Newbro's Herpicide than from all other remedies combined. Why then court possible disappointments by using an off brand hair remedy when you can just as easily and cheaply have Herpicide, The Original Dandruff Germ Destroyer? It makes all hair beautiful.

THE HERPICIDE CO., Dept. 81B, Detroit, Michigan.
will, upon receipt of Ten Cents in postage or silver send a sample bottle and valuable pamphlet about the hair to any address.

FLANDERS Automobiles EMF

You Want the Best— Not the Cheapest

Flanders "20" Roadster, \$750

Don't be alarmed if somebody tells you you can buy an automobile for less money than the \$750 Studebaker-Flanders "20." You can, but you better not. The Flanders "20" corresponds point by point with the best and highest priced cars sold. Cheaper cars at every vital point are built on ideas long ago discarded for good cars. Don't take our word for it. Make comparisons and see.

The Studebaker-Flanders "20" is a marvel—a high grade modern car at a low price. If you pay less you buy much less. And the cheaper car today will cost you far more in the long run. The competing car isn't sold which the Studebaker Corporation, the greatest automobile manufacturers in the world, couldn't reproduce for less money; but we won't build a cheap car, because the name "Studebaker" means the best for your money.

If you are content with a car that runs today and dies tomorrow, don't buy the \$750 Flanders "20." It will wear for years. Remember this—the Studebaker-Flanders "20" will outwear 2 to 1 any other car under \$1100 and give you double satisfaction, confidence and comfort into the bargain.
