28 ACRES SOLD FOR \$11,800

John A. Honey has sold 28 acres of his 56-acre orchard ranch, situated on the Griffin Creek-Medford road, to Dr. E. H. Rishel of Mayville, N. D. This property is part of the old Nick Kime place, about three miles south and west from Medford. About half of this tract is set to pear and peach trees and the other half is put out to alfalfa. The price paid was \$400 an acre or \$11,200. Mr. Rishel expects to move to Medford next fall and make his home on the ranch.

A remarkable feature connected with this purchase of Dr. Rishel is the fact that he never saw the land. Some Medford Commercial Club literature had been sent him and he was willing to invest his money upon the guarantee put up in this literature by Mr. Colvig, president of the Commercial Club. This little incident is positive proof of the good work which is being done by this local organization.

BOARD SAYS CONDITIONS (Continued from Page 1)

has been and is above 95 per cent. Furthermore, we submit the following voluntary statements:

Medford High School

Medford High School, May 21, 1912.—Gentlemen of the Board of Education: Without entering into detail, we the members of the High School faculty, wish to make this brief statement to your honorable body:

We are of one opinion, viz., that our janitor has kept everything neat and clean and absolutely sanitary to our entire satisfaction. Respectfully submitted, C. R. Bowman, Principal; C. W. Frost, J. B. Griffing, Florence M. Carpenter, Nellie M. Santee, Mary Belle Estes, Bertha H. Welch, Harriet M. Cox, Jennie Mae Sneider, Mabel E. Mears, Florence M. Marshall, Eunice C. Munson.

Lincoln Public School

Lincoln School, May 21, 1912.—Gentlemen of the Board of Education: We feel as teachers of the Lincoln School that it is our duty to express to you our appreciation in terms as follows:

We know that you have done all that could be done under present conditions to make our building sanitary. Our halls are large, ventilation, light and heating very good. We think the sanitary conditions here are such as would not be injurious to the health of anyone. At least we have found it so. Respectfully submitted, R. V. Dunham, Principal; Marian I. White, Ambrosine C. Murphy, Carrie A. Jacks, Grace V. Pearce, Edith M. Fish, Kate Stine, Mrs. M. Peter.

Roosevelt Public School

May 21, 1912.—To the Board of Education, Medford City Schools, Gentlemen: We, the undersigned teachers of the Roosevelt School, wish to state to your honorable body that we duly appreciate our surroundings from every point of view.

Particularly the well lighted rooms, the spacious halls, good ventilation, splendid heating system and sanitation in general, which is, to say the least, ideal. L. S. Beveridge, Principal; Anna Purucker, Mabel I. Myers, Mary E. Moore, Julia Fielder.

Jackson Public School

Jackson School, May 21, 1912.—Gentlemen of the Board of Education: As teachers of the Jackson School we feel it our pleasure to submit the following:

We duly appreciate all the improvements you have made here. Everything throughout the entire building, is, in our opinion, sanitary in every way with one exception. If the concrete is placed in the basement so that all seepage flows immediately to the lowest point, where the pump is located, conditions will be absolutely ideal. No ill effects have been noticeable here on account of sanitation. Signed: Irene Lansing, Principal; Bernice Carder, Florence S. Herrick, Mae Mordoff, Maude Philbrook.

Washington Public School

Washington School, May 21, 1912.—To the Board of Education, District No. 49, Medford, Oregon, Gentlemen: In justice to ourselves and our janitor we feel it our duty to make this brief statement:

Our building has been kept as sanitary condition as was possible, under present conditions, and with the improvements contemplated we feel sure this building will be all that anyone should desire. Respectfully submitted, H. S. Stine, Principal; Inez H. Coffin, Martha L. Bare, Myrtle I. Clayville, Mary V. Grigsby, Kathryn Dunham, Mildred R. Ware, Jessie B. Wilson, Theone E. Carlin, Viola Pheister, Laurana M. Rowand, Emily DeVore.

The True Test

Tried in Medford It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Medford. Kidney sufferers can hardly ask for stronger proof than the following:

Mrs. J. H. Bausman, Central Ave., Medford, Ore., says: "I was so bad with kidney trouble that I could not do my housework. My back was weak and painful and in the morning when I got up, I was lame and sore. The kidney secretions were unnatural and my health steadily ran down until I was hardly able to get about. While in that condition, I read about Doan's Kidney Pills and got a box. I felt better from the time I commenced their use and it was not long until I was cured. I am in a position to recommend Doan's Kidney Pills to anyone afflicted with kidney complaint." (Statement given Sept. 14, 1907.)

RE-ENDORSEMENT.

When Mrs. Bausman was interviewed on October 26, 1909 she said: "My former endorsement of Doan's Kidney Pills still holds good. Since this remedy cured me I have had no further attacks of kidney complaint and I have enjoyed good health. I do not hesitate to say that Doan's Kidney Pills are beneficial for difficulties caused by weak kidneys." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Women in Commercial Club. One matter taken up by the chamber, and which, by the way, is an innovation, was the question of inviting the ladies of Red Bluff and the county to become members of the organization and assist in its support and work. The by-laws of the chamber provide that "any resident of Red Bluff shall be entitled to membership in this chamber by signing a contract to pay dues as herein provided," and this plainly includes the ladies.—Red Bluff News.

S.S.S. CURES OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germs; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S. S. S. cures Old Sores by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. When S. S. S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the discharge ceases, the inflammation leaves, and the place fills in with firm, healthy flesh. Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use.
