### SEE T. R. AND CARNEGIE AS MENACE AND NUISANCE

WASHINGTON, May 28.—The Kilkenny cats and the uneven distribution of wealth, the latter as represented by Andrew Carnegie and the former by Colonel Roosevelt's prospects for nomination, were mingled in a lively debate in the senate today over Hitchcock's resolution calling for full information of corporations as disclosed in the corporation tax returns.

The returns, he said, encouraged a disposition toward imperialism and made evident the disparity of wealth and the increased lists of millionaires and had shown the protected interests had a revenue of a billion dollars a year over a legitimate profit.

John Sharp Williams interjected that it was necessary for the democratic party to prepare to take charge of public affairs.

"After the two Kilkenny cats get through," he said, "there won't be any republican party left and the democrats will go in by default." He predicted the nomination of Roosevelt, who, he said, was dissatisfied because he could not be both former president and president at the same time.

"The democrats are trembling in their boots for fear the former president will be nominated," retorted Gallinger, who added he would do all he could to prevent Roosevelt's nomination.

### Students to Aid Courtney

SEATTLE, Wash., May 28.—Determined in their efforts to send Ira Courtney to New York, where he will catch the American Olympic team en route to Stockholm, the University of Washington students have started a campaign to raise funds for their star athlete to insure his trip.

### Anderson Funeral

The funeral services of the late Wesley J. D. Anderson were held at the Baptist church Saturday, May 25, 1912. The services were conducted by members of the local order of W. O. W. of which he was a member. Interment was made in Odd Fellows cemetery.

Mr. Anderson was born in Indiana and was 47 years of age.

I'm The Little Doctor

That little cough, that seemingly insignificant cold may be the start of a serious—perhaps fatal illness. You can't afford to neglect a cold or cough. Get "the little doctor" MacLaren's Mustard Cerate.

Your druggist has it—two sizes—25 and 50-cent jars. You should always have it in the house—MacLaren's Mustard Cerate gives prompt and sure relief from neuralgia, rheumatism, lumbago, colds, sore throat, headaches, sore muscles, etc. It's better than a mustard plaster for anything a mustard plaster's good for.

### LITTLE INTEREST IN BOND ELECTION

Very little interest is being displayed today in the special city election called to substitute phone poles for newspapers and for voting \$20,000 to pay the city's share in the cost of a new bridge over Bear Creek. Unless a heavy vote is polled late this afternoon only about one-third of the total vote in the city will be cast. Only 300 votes had been polled at 2 o'clock and little indication of a heavier vote was to be seen.

Members of the city council were active on the street in behalf of the charter amendment which substitutes telephone poles for newspapers and several arguments were started by these men.

Indications are that this amendment has met defeat.

### NORTHWEST HAS GREATEST WHEAT CROP IN HISTORY

PORTLAND, Or., May 28.—With the acreage in Oregon, Washington and Idaho greater this year than ever before, it is estimated today that the Pacific northwest will have the greatest wheat crop in its history. It is believed the crop will be 68,000,000 to 70,000,000 bushels. The greatest crop heretofore harvested amounted to 65,000,000 bushels.

### BLOCKS FIGHT ON COFFEE COMBINE

NEW YORK, May 28.—The government's fight to curb the operations of the so-called coffee trust met with a serious setback today when the United States circuit court here today refused to enjoin the trust from disposing of 50,000 bags of coffee now stored in a Brooklyn warehouse. The coffee suit is being heard before Circuit Judges Lacombe, Cox, Wood and Noyes, and is directed against Herman Sieleken, an importer and alleged leader of the trust.

It was reported here today that Brazil, through its ambassador in Washington, indicated to the state department that it would be inclined to regard the prosecution of the coffee trust as an unfriendly act and that in the event of the United States government being allowed to seize the 50,000 bags of coffee it would enter a most serious protest.

### Portland To Hear Emma

PORTLAND, May 28.—No attempt will be made by Portland authorities to prevent the lecturing here next week of Emma Goldman, the noted anarchist. It is announced today by Chief of Police Slover says he expects no disturbance in connection with her visit here. A hall for Miss Goldman to speak in was obtained only after considerable difficulty.

### BAUERWARTS IS FOUND GUILTY

RIVERSIDE, Cal., May 28.—Frank Bauerwarts was found guilty today by a jury of the murder of Mrs. Harriet Guyot of Portland, Ore. Death sentence will be imposed upon him by Judge Densmore Saturday.

Bauerwarts, who is a Belgian, also is charged with the murder of Miss Julia Francola of The Dalles, Ore., who, it was alleged, he persuaded to accompany Mrs. Guyot to his mining claims in the Chuckawalla mountains. He was tried first on the Guyot charge.

According to testimony offered during the trial the woman financed the work Bauerwarts was doing on his claims. March 17 last both were killed, being shot through the heads while they slept.

Bauerwarts was arrested by officers from Riverside, summoned by M. E. T. Putnam, a prospector, who tramped across 30 miles of desert to a telegraph station. He had seen Bauerwarts bury the bodies.

### OAKLAND, Cal., May 28.—All day

was spent today by Assistant Attorney Carey and Judge Frick arguing the murder trial of Harry Prescott, who is being tried for the second time for killing Ralph Thompson, whom he surprised in his home with Mrs. Prescott. Self-defense was the plea.

### TAFT DELEGATES BOLT IN TEXAS

FORT WORTH, Texas, May 28.—With the Roosevelt people in complete control the Taft delegates to the republican state convention, which met here today bolted and announced that they would send contesting delegates to Chicago.

Although Roosevelt swept the state in the recent county primaries, it was expected that an uninstructed delegation would neutralize the former president's supremacy to a certain extent, and a hot fight was looked for. Soon after the convention opened, however, it developed that the majority of the uninstructed delegates favor Roosevelt's candidacy and the Taft men immediately left the state.

### CALIFORNIAN IS BLAMED

(Continued from Page 1)

pressed the news of the disaster and sent misleading messages to the relatives of survivors.

That Wireless Operator Cottam of the Carpathia withheld important news of the catastrophe and then sold it for "blood money" in New York.

The report recommends increased lifesaving apparatus and regulation of wireless equipment; restrictions in manning the vessels, compulsory searchlights and generally revolutionary reforms in the construction of ships.

### STATE MAY SEND SAN DIEGO TROOPS

SAN DIEGO, Cal., May 28.—That San Diego's police will have to handle the local I. W. W. situation or the state troops will come here to preserve order is the ultimatum which Chief of Police J. K. Wilson has before him today from State Attorney General U. S. Webb, who has spent several days here investigating at the order of Governor Johnson. Wilson says he can and will preserve order, and there are indications that he will not have any unofficial assistants, Webb having barred them. A special grand jury will also be convened soon to consider the "occurrences of the past," as Attorney General Webb calls them. That he considers the acts of so-called vigilantes as acts to be made the basis of prosecution is evident from his formal statement to and his conversation with Chief Wilson and others.

### Across Country to Wed

SAN FRANCISCO, Cal., May 28.—Wedded after a trip across the continent to meet the man of her choice, Mrs. C. A. Albert Smith left today for her new home in Astoria, Or., accompanied by her husband, a business man of that city. She was Miss Ida M. Hickie of Waterloo, Ia., and made the trip from that city alone to meet Smith here.
