Lockwood admitted he had not served as a juror in the McNamara case, although he had been told by Franklin his name had been drawn. The defense undertook to show Lockwood's name had been drawn after he consulted with the district attorney.

RIVERSIDE RIPPLES

The Riverside people were invited to one of their usual "good times" at the home of Mrs. Caroline Wallace Saturday evening, May 18, supposedly to celebrate the closing of Miss Margaret Wallace's school year in Gold Hill. The unusual feature of the occasion was the announcement of the marriage of J. T. Galligar, the popular manager of the Del Dio orchard, and Miss Wallace, who was a successful Omaha teacher and came to Oregon on a year's leave of absence. The wedding occurred at Ashland, April 1, the Rev. Chisholm, pastor of the Presbyterian church, performing the ceremony. While the happy event was expected in the near future, it came as a surprise when Mrs. Sprague introduced Mr. and Mrs. Galligar by reading the marriage certificate. After congratulations and best wishes for their future happiness, dainty refreshments were served. Mrs. Galligar sang one of her pleasing solos and games were enjoyed on the spacious porch. About forty guests were present, including the Riverside and Rock Point friends, Prof. and Mrs. Henry and Dr. and Mrs. Smith of Gold Hill. Mr. Galligar is well known as a successful orchard man. S.S.S. NATURE'S TONIC

The very great majority of persons need a tonic in the Spring or early Summer. The system undergoes a change at this season and the entire physical machinery is disturbed. The general bodily weakness, a tired, worn-out feeling, hickie appetite, poor digestion, a half sick feeling and a general run-down condition of the system, show that the blood is weak or anemic, and a blood purifying tonic is needed to build up the deranged system and enrich the blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the long, hot Summer. Many people have put off using a tonic until the system became so weakened and depleted it could not successfully throw off disease germs, and have paid for the neglect with a spell of fever, malaria or some other debilitating sickness. S. S. S. is Nature's ideal tonic. It is a composition of the extracts and juices of roots, herbs and barks which science and experience have proven are best fitted for a tonic to the human system. It contains no minerals of any kind and is therefore perfectly safe for persons of any age. S. S. S. tones up the stomach and digestion, rids the system of that tired, worn-out feeling, and imparts vigor and strength to every part of the body. It purifies and enriches the blood, stimulates the secreting and excreting members to better action, quiets the overstrained nerves, and makes one feel better in every way.
