Parts Prices are Taxes—Get Them Low
Now—before you buy a car—find out what repair parts will cost you.
Parts prices are your taxes. They come to every owner and they will come to you. But you can get them low, if you will.
Most manufacturers take for granted you won't think of this before you buy a car. Then they've got you. But Studebaker says, "Find out now." Because the Studebaker maxim is—a square deal for every owner.
We guarantee E-M-F "30" and Flanders "20" cars four times as long as most manufacturers, and then sell you parts at prices lower proportionately than any other manufacturer in the world.
