

ROOSEVELT'S MANAGER THREATENS BOLT

WALKOUT IS PROGRAM SAYS T. R.'S LEADER

"If Decision of Contests is Wrong or Unfair, People Will Not Sit Idly By and See Robbery by Any Political Organization," Says Revell.

Prepared for Any Emergency and Will Meet It by Proper Action—That is, a Rump Convention.

CHICAGO, June 1.—That the Roosevelt supporters will bolt the Republican national convention here if the Taft men secure control of the convention by any means which they consider unfair, was indicated here today in a statement issued by Alex H. Revell, chairman of the Roosevelt national committee.

"If the decision of these contests is flagrantly wrong, manifestly unjust or unfair," declared Revell, "nobody would respect a candidate discriminated against in this way if tamely submitted."

"You may put your own construction on that. Such a situation is one which will have to be met when it arises. This is the people's movement. The people have plainly indicated whom they want. If the contest decisions are not fair, the people will not sit idly by and see robbery by any political organization when it frustrates the popular will which has already been expressed."

"We hope that everything will come out all right, but we are prepared for any emergency. Whatever the situation is, we will meet it with the proper action."

It was rumored here today that the Roosevelt followers have obtained an option on the first regiment armory here, an action which is believed to indicate that the colonel's supporters are prepared to bolt the national convention if necessary.

ROPE BREAKS, BOB DOW HURT

Bob Dow is nursing a crippled knee while W. R. Coleman, J. W. Dudley and Harry Luy are suffering minor bruises today as the result of a rope breaking while they were endeavoring to pull Mose Barkdull, his automobile and a dog, Turk, out of the Little Applegate Sunday. The boys pulling on the rope were badly shaken by the fall, to say nothing of the joys of being suddenly hurled into the stream, the current of which was unusually swift at that point. Dow may be laid up for a few days.

The boys went fishing and in attempting to ford the creek with an automobile were stalled. A rope was secured and while Mose stood by the wheel the others hauled away. The machine was finally hauled out by a passing machine and the boys, after tinkering with the engine for some time, managed to limp on into Medford.

AMERICAN TOBACCO FEATURE OF MARKET

American Tobacco was the feature of the specialties, jumping 14 points on rumors of an impending dividend. Dealings were light and obviously professional.

The market became extremely dull around 1 o'clock. Some of the specialties were unusually strong, International Harvester and Sears-Roebuck being up sharply. The market closed dull. Bonds were steady.

A brass band, employed by the Taft faction, blared noisily while the Roosevelt men bailed for their delegates and concluded their business. The Roosevelt people then marched stormily out of the hall.

The troubles of the convention began when the Taft organization named A. J. Reddick, of Phoenix, temporary chairman. Joseph H. Kibbey of Phoenix, a Roosevelt leader, rushed to the stage, leading Thomas Molloy of Yuma, whom he declared to be temporary chairman. At this point the Taft band burst into music and the angry Rooseveltians withdrew.

Under the bill the budget is \$33,000,000 less than that of last year. It includes \$28,780,000 for the Panama canal construction work, \$2,800,000 for fortification of the canal, \$100,000 for a sub-treasury at San Francisco.

The sundry civil bill carries no comment on the failure to provide an appropriation for the continuation of the tariff board. In the executive, legislative and judicial Appropriation bill, a new makeshift tariff commission was substituted.

HANGS HIMSELF IN PRISON CELL

SEATTLE, Wash., June 3.—Following three previous attempts to kill himself, Joseph Miller, who murdered Mrs. Effie Laasen and George Felton Friday in a fit of unreasoning jealousy, hanged himself in his cell in the city jail yesterday. Miller made a noose out of his underwear, tying one end to the iron bars in the cell window. He then stretched his legs out on the floor. A smile was on his face when he was found. His cellmate, Carl Graham, who was to have kept watch over him, fell asleep. Miller, when arrested, cursed himself for not having ended his life, and repeatedly said that he would commit suicide if he got a chance. Saturday morning he tried twice to hang himself by his suspenders. Saturday night Graham prevented him from leaping on his head from the window to the cement floor of the cell.

Strikers Massed in Slope of Church Yard Attempts to Prevent Woman From Going to Work.

CLINTON, Mass., June 3.—Fifteen striking textile workers, including three women, were shot today by police in a riot here when the two forces clashed in the yard of the Catholic church of Our Lady of the Rosary. It was at first thought that only seven of the workers were shot down. Two men are in hospitals and likely to die.

The gravest apprehension of further trouble is felt this afternoon, as the feeling among the workers is exceedingly bitter.

CLINTON, Mass., June 3.—Four women and three men, members of the I. W. W., were shot; two of the women will die, and a dozen policemen were badly cut and bruised by stones in a riot here today when 10 policemen charged into 300 textile workers, who had massed in the yard of the Church of Our Lady of the Rosary.

The strikers had massed on the slope of the church yard. The police declare that the pickets forcibly attempted to prevent a woman from going to work.

The police sergeant asserted that while leading a squad detailed to the mill district, he heard a woman's scream and saw a woman running from where several men were standing. He started his squad on a run for the spot, the men retreating to join their fellows in the church yard with the police in close pursuit.

At the church the strikers, several hundred in number, made so determined a stand with stones and other missiles, that the police were checked for the time being. The policemen then drew their revolvers and rushed forward in the face of the flying stones, firing into the air, but they were again repulsed, a dozen of their number falling, cut and stunned, before the unerring aim of the strikers.

When the squad had reformed a third charge was ordered, and this time the officers fired straight into the ranks of the strikers, who broke and fled, leaving seven victims, including one dead and two dying.
