

MARKET PRICES PROVING GREAT LURE HOUSEWIVES

As day after day the market continues to be a drawing card for the housewives of Medford who throng to it in the early hours of the day for their supplies of garden truck and other farm products, its success seems to be assured. The producers are more than pleased with the patronage they are receiving while the housewives delight in the prices asked and the quality of the produce and products offered the trade. The fame of the market is rapidly spreading and from far outlying districts of the county farmers are beginning to come to Medford to sell their products and are remaining to patronize the local merchants. The market so far has more than fulfilled the wishes of the men who are back of it.

A splendid variety of stuff is offered at the market. Here is today's offerings and prices at which they sold:

- Head lettuce, 5c bunch.
- Common lettuce, 2 for 5c.
- Cucumbers, 5c.
- Radishes, 2 bunches for 5c and 3 bunches for 10c.
- Spinach, 3 bunches for 10c.
- Young onions, 3 bunches for 10c.
- Carrots, 3 bunches for 10c.
- Turnips, 3 bunches for 10c.
- Asparagus, 10c lb. (Made its appearance for first time today.)
- Peas, 5c lb., 6 lbs. for 25c.
- Bets, 3 bunches for 10c.
- Rhubarb, 5c lb.
- Gooseberries, 35c gallon (tame).
- Strawberries, 10c, 3 for 25c, extra choice 12 1-2c.
- Butter, home made dairy, 60c roll.
- Eggs, fresh ranch, 20c doz.
- Chickens, choice dressed young hens, 18c lb.
- New potatoes will be offered the trade Saturday.
- Meats will be offered tomorrow. It is now cooling in order to be in first class condition. Farmers are urged to bring meats to the market for sale.

Notice

Those who have purchased Early Wheeler peach trees from the Texas Nursery company will meet at the Ashland city hall at 1 o'clock Saturday to arrange for a settlement with the company.

P. J. O'GARA,
Pathologist.

OLD SOL TAKES LITTLE JOY RIDE

The sun began tuning up a little yesterday. Perhaps you noticed it. For months he has lain back and failed to show enough real warmth to cause comment. Monday, however, spurred on by the repeated remarks that he was loafing, like Achilles, on the job, and letting J. Plusius put him on the bum, he began to show a little speed.

The chariot was brought out bright and early and the horses hooked to the traces, and then at a signal he was off. As he mounted higher and higher toward the zenith so did his speed increase but it was not until he started on his downward course that he showed his real class. He put the clutch in the high and during the afternoon the thermometer registered 89 1-2, the hottest day of the year.

By the feel and looks of things today there will be something doing again this afternoon. It's ideal baying weather.

ED ROOT TELLS OF IOWA'S GREAT CYCLONE

"Monday night was the anniversary of the great cyclone," states Ed Root, "that blew our house and barn away and severely injured many of us."

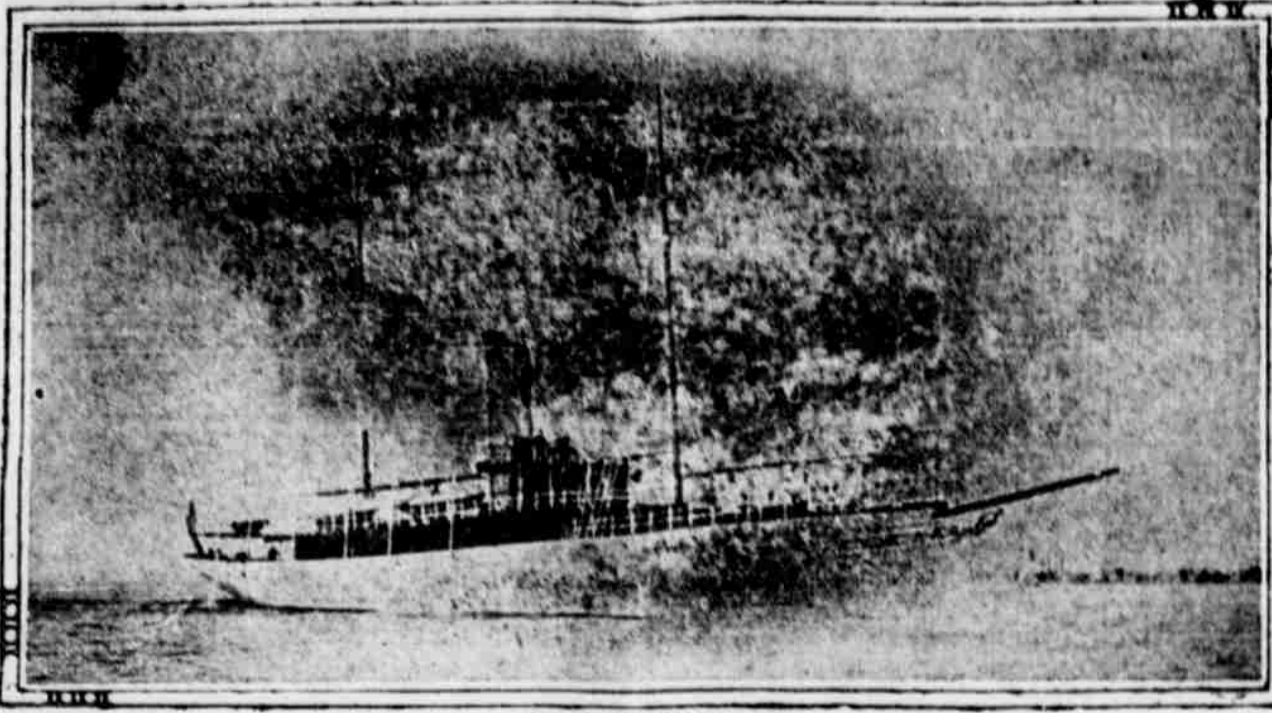

"I was living with my parents at Comanche, Ia. at the time. It was in 1860 and I was a small boy, but remember it distinctly. We all ran out of the house and laid flat on the ground, clinging to the grass. The wind came with a fearful roar, smashed the house down and blew off the boards. Some of them struck and dazed me. The wind was so strong that it blew the livestock through the air right over our heads and one of the cows was lodged in a tree.

"The Mississippi was swept back and the channel bared clear across it at Comanche.

"I never forgot that cyclone and was glad when we moved to Oregon, where the wind don't trouble anyone. Oregon is good enough for me."

HANDSOME STEAM YACHT ON WAY TO HER HOME PORT

THE LYDONIA

The new ocean going steam yacht, the Lydonia, owned by Mr. William A. Lydon, of Chicago, Ill., is now on her way to Chicago, which is to be her home port. The yacht, which is of the English seagoing type, is expected to arrive at Chicago in time for the opening of the Chicago Yacht Club on Memorial Day.

The Lydonia is one of the largest and handsomest steam yachts that have been built in this country since 1902.

ISMAY REHEARSES STORY OF TITANIC

LONDON, June 4.—The story of the Titanic disaster and the part he played in it was retold to the British court of inquiry today by J. Bruce Ismay, managing director of the White Star line, owners of the lost liner.

Ismay's testimony was practically the same as that given by him in Washington before the senate Titanic investigating committee. Ismay denied that he held financial interest in the shipbuilding concern of Hart and Wolf of Belfast, builders of the Titanic.

That a vessel was only a few miles distant from the Titanic on the night of the sinking was the testimony of Alfred Crawford, a Titanic steward. He testified that, acting under orders of Captain Smith he rowed toward an unknown vessel but a few miles away. This ship, Crawford said, ignored the Titanic's distress signals and steamed away as the row-boat approached.

Medford Printing company carry a full line of legal blanks.

STOCKS GOING UP ON WALL STREET

NEW YORK, June 4.—Today's opening stock market exhibited considerable strength. Reading and Union Pacific and some specialties made gains of from 1 1-2 to 2 points, and the metal stocks were up fractionally. About a score of stocks gained a point or more and there was great activity in the industrials. Later Reading rose 2 points, and Lehigh valley and Union Pacific were strong, as was also United States Steel.

The market closed strong and active.

Bonds were steady.

TEDDY DECLINES TO DISCUSS OHIO RESULT

NEW YORK, June 4.—Theodore Roosevelt declined today to comment when shown the United Press from Ohio state convention. The colonel merely said:

"I am interested, but have nothing to say. I must refer you to what I said in my statement about Ohio last night."

BIG DIVIDENDS MANILA ROADS

MANILA, June 4.—That the operation of railroads in the Philippine Islands is a success is evidenced in the large dividends that were declared during the past fiscal year. None of the four per cent interest guaranteed on the bonds by the insular government has had to be paid, as the dividends far exceeded that rate.

In the entire archipelago there have been completed to date 585 miles of railroad, all of which is in active operation. According to plans which have been filed with the government supervising railway expert 490 miles more of track will be laid by September, 1918.

CABINET HOLDS JUBILEE OVER RESULT IN OHIO

WASHINGTON, June 4.—President Taft was on conference with his cabinet today when a direct wire brought him news of the result of the Ohio convention. The president was pleased but declined to comment. For a few minutes the cabinet held a

AUTO PLUNGES OVER GRADE

Sunday while en route to Galice, the automobile of Wyman Eaton of Grants Pass, containing Mr. Eaton and his daughter, plunged over the grade near the Harry Lewis place, and badly injured Mr. Eaton, who was pinned underneath the overturned car.

Miss Eaton escaped injury by jumping, but the car went to the bottom of a 20-foot grade, carrying Mr. Eaton with it, giving him a bad scalp wound, bruising him in the side where a lamp on the machine struck him, and otherwise shaking him up. When C. H. Demaray, who was just ahead, returned to the overturned auto, Mr. Eaton was unconscious, and he was taken to the Lewis home, where medical attention was given him. No bones were broken, and it is believed that the injuries are not serious.

LITTLE CHANGE IN LIVESTOCK MARKET

PORTLAND, June 4.—Receipts for the past week: Cattle 837, calves 70, hogs 12,591, sheep 5140.

The cattle market has shown very little change, though a few head of extra choice steers brought \$7.35, and a few cows and heifers out of the same lot \$6.35. Best medium weight steers, averaging from 1100 to 1200 pounds, find ready sale from \$7.00 to \$7.25. Taken all in all last week's quotations prevail in the beef division.

A good many hogs were received and last sales for the week were made at \$7.75, though some claim best quality swine would bring as high as \$7.90. However, packers and butchers are pretty well supplied and should receipts continue coming in freely we look for the market to hold around \$7.75.

NATION'S WRECK

(Continued from Page 1)

party no longer exists as a force for the preservation of the rights of each individual but has become the plaything of a demagogic ambition, which would use the party organization to destroy those principles established by adoption and education.

"Roosevelt is a clever politician and usually is able to conceal his sub-conscious mind, but yesterday's statement clearly betrayed that his ultimate purpose is subversion of the government. This has been clear to me through years of intimate knowledge of the man and study of his basic character. It chafes under all restrictions, is chafing under the stress of this conflict and he has openly betrayed the secret recesses of his mind, in which are matured passionate ambitions to use his apparent popular favor for the destruction of the constitution, which is an impediment to the realization of his ambition."

HOTEL MEN PLEDGE \$100,000 FOR EXPOSITION

SAN FRANCISCO, Cal., June 4.—Another \$100,000 is pledged today to the subscriptions for the Panama Pacific exposition from the leading hotels of this city. The hotel men already had subscribed \$150,000 to the fair. The money will be raised at once.

CLINTON WORKERS DENOUNCE SHOOTINGS

CLINTON, Mas., June 4.—Speakers of the I. W. W. today addressed an indignation meeting here, protesting against the shootings of yesterday, when 40 police charged a mob of 300 textile strikers, wounding several of them. The speakers bitterly denounced the Clinton police.

The strike situation was quiet here today.

DISCARD CHLOROFORM AND ETHER AS UNSAFE

ATLANTIC CITY, N. J., June 4.—Declaring that the use of chloroform, ether and cocaine is no longer safe, the committee on anaesthesia of the American Medical association in session here today, has gone on record as opposing their use by the medical fraternity. It is probable the committee's report to this effect will be adopted by the association.

President Taft probably will issue a statement later.
