

TAFT INTERFERES IN HANFORD RULING IN OLSSON CASE

WASHINGTON, June 5.—President Taft and Attorney General Wickersham ordered today the United States officials at Seattle to grant a new trial to Leonard Olsson, the socialist whose citizenship was cancelled by United States Judge Cornelius Hanford of the western district of Washington.

Congressman Berger following the decision of President Taft and Attorney General Wickersham announced that tomorrow he will present in the house an impeachment indictment against Judge Hanford. Berger had conferred with President Taft and Wickersham and declared that both repudiated Hanford's ruling in the Olsson case and promised to furnish all government papers if the house decides to proceed against the Seattle jurist.

POLITICAL POT BOILING

(Continued from Page 1)

Credentials of the newly elected members of the committee will be presented. Unless these men are seated at once and allowed to participate in passing on contested delegates a bitter fight will at once be precipitated.

Will Resort to Courts

National Committeeman Harry S. New of Washington has stated that the newly elected committeemen, the majority of whom are favorable to Roosevelt, would not be seated until after the presidential nomination is made. R. B. Howell, newly elected committeeman from Nebraska, an out and out Roosevelt man has announced that he will appear before the committee with his credentials of election signed by the governor of Nebraska and demand his seat. If refused Howell and the other new committeemen will likely apply for writs of mandamus and fight out their cases to a finish. The lawyers representing the New element of the committee, are prepared for this move and a stubbornly fought legal battle is certain to follow.

Executive Session Thursday

The entire session of the committee tomorrow will be of an executive nature, to which the public will be barred. The hearings of contested delegations begin Friday. Although these hearings will be open to the public, the committee will decide each case in private session. Fifteen minutes will be allowed each side for argument in district contests. Where contests are consolidated the committee has agreed to allow consolidation of time on the basis of fifteen minutes to each contest. Of the southern contests, advance briefs indicate that Taft delegates were chosen in regular conventions except in the Texas contest. This is the only southern contest that Roosevelt is likely to win.

Members of the national committee have announced that each case will be decided on its merits and that they do not expect to go behind the face of the returns in deciding the contests.

Teddy's Slight Chance

That the Roosevelt people have but a slight chance of seating newly elected committeemen until after the presidential nomination is made was the admission of the national committeeman William Ward of New York, a staunch Roosevelt supporter who arrived here today. Although he declared that he was for Roosevelt, first, last and all the time, Ward asserted that he favored the ruling that the terms of new members of the national committee should not begin until after the national convention had adjourned and expressed the belief that the former committee will control the contests. This means that the contests will be decided on a viva voce vote unless twenty members of the committee demand a record vote by the committee.

At least three-fourths of the national committeemen already are here and the others are expected before night. Gus Karger, President Taft's personal representative, arrived from Washington today and brought a message from President Taft to Congressman McKinley. The Taft people are confident of controlling the convention, and are assuming a more belligerent attitude. It is certain that both factions will fight to a finish.

The members of the national committee are practically agreed that only representatives of the press associations should be permitted to attend the hearing of contests.

TEDDY EXPECTS A SQUARE DEAL

OYSTER BAY, N. Y., June 5.—Returning from a horseback ride here today Colonel Roosevelt's first question was about the results of yesterday's South Dakota primary election. He refused to comment on the voting in South Dakota.

Roosevelt declared that he expects to get a square deal in the republican national convention at Chicago. Medill McCormick and Gifford Pinchot took luncheon with Colonel Roosevelt at Sagamore Hill today.

PUBLIC MARKET

ducers shall offer their products for sale. Bob Crowder is said to be a butcher, that he buys livestock, butchers it and in fact runs a butcher shop in the public market and is not a producer. But the women look at it from their own point of view and demand that they be allowed to buy meat from him at the public market.

Women Eager to Buy

It has been suggested that if the matter can be solved in no other way that Crowder can move across the street from the public market, open a shop and sell just as cheaply. Or the city can create a municipal meat market and place him in charge.

The manner in which the women of the city flock to the public market is a revelation. At 9:21 o'clock this morning 51 women by actual count were in line waiting to buy meats and

a number of them were frank in stating that they and their families had been doing without meat for weeks past, because they could not afford to pay the prices asked elsewhere. That is why it is so popular.

City Council to Act

Crowder had no sooner started to be business at the public market than a howl went up from the butcher shops of the city. He was underselling them from 10 to 15 cents a pound on all varieties of meats. They appealed to the city council and demanded that he be stopped from selling as he was not a producer. So the market committee of the city council

will settle the matter this afternoon, but from expressions of opinion by them this morning Crowder must stop.

A number of women have appealed to the committee direct to allow Crowder to continue in business at the public market.

HIGHER PRICES RULE IN STOCK MARKET

NEW YORK, June 5.—The stock market opened at higher prices for the coal stocks. Reading, Lehigh Valley and Norfolk & Western soon gained a point or more. Dullness followed the opening after which activity was resumed, with further gains by the leaders, including one or two point advances in some industrials. Trading was largely of a professional character.

The market closed strong. Bonds were steady.
