

PREPARATIONS TO WELCOME VISITORS TO OREGON CAVES

Forest Supervisor Fromme announces the appointment of a new guard of the Oregon caves, Richard Sowell of Holland, who entered on duty June 1. In addition to the work of guiding visitors through the caves, Mr. Sowell will devote considerable time to further widening of passage ways, installing of more secure ladders, opening up unexplored passages, clearing up the grounds about the openings to the caverns and repairing nearby trails.

Cloth posters have been prepared by the Siskiyou National Forest office for use in postoffices, stores, garages, livery stables and on trails in the vicinity of the caves, advising the public that the guard stationed at the caves will guide visitors one complete trip through both lower and upper caves and the passage joining the two levels every day, excepting Sunday, to October 31, starting from the camp in front of the caves at 2 p. m. Sulfur guide service is entirely free of charge. Owing to other required duties than guiding, the government guard is not available for guide service except at above time. Visitors are not allowed to carry fire arms within the caves, nor to break off or carry away any specimens.

The act under which the Oregon caves were withdrawn as a National monument reads in part, as follows:

"Any person who shall appropriate, excavate or destroy any historic or prehistoric ruin or monument, or any object of antiquity, situated on lands owned or controlled by the government of the United States, without the permission of the secretary of the department of the government having jurisdiction over the lands on which said antiquities are situated, shall, upon conviction, be fined in the sum of not more than \$500, or be imprisoned for a period of not more than 90 days, or shall suffer both fine and imprisonment, in the discretion of the court."

An added accommodation to those desiring to visit the caves this season has been provided by the issuance of a special use permit to Mrs. Sowell for the furnishing of meals and tent lodging on the national forest land just outside the monument, about one quarter mile below the entrance to the caves. This will relieve visitors of the trouble and expense of packing in supplies and bedding. Camping in the vicinity of the caves is, however, encouraged but it will be insisted upon that far greater care be exercised than has been shown heretofore in burying and otherwise cleaning up all camp refuse.

The caves are accessible from two directions; from the Williams Creek side and the Sucker Creek side. The total distance from Williams post-office is about 18 miles, the first nine miles being a fair wagon road (eight miles to Stevens ranch), and the last nine miles a very good trail. The total distance from Kerby is about 20 miles; the first 15 1-2 miles being fair wagon road (about 14 miles to Grimet's ranch) and the last 4 1-2 miles fair trail.

SIGNS OF FEDERAL AID IN PERSECUTION OF DARROW

LOS ANGELES, June 6.—Clashes between opposing counsel which resulted in fines for contempt of court and indications of federal co-operation with the state in the case were features which overshadowed the scant testimony heard today in the trial of Clarence Darrow.

Injection of the name of Olaf A. Tveitmo, the San Francisco labor leader into the case was another feature. This was done through the endorsement of a \$10,000 check sent by Secretary Morrison of the Federation of Labor to Darrow. The check was cashed at San Francisco and is said by the prosecution to be one of the most important links in the case against Darrow, as it tended to prove currency was received for this check and was used as a fund for the corruption of the McNamara jurors.

Apparent interest of the federal government was indicated by the introduction of evidence said to have been turned over to the district attorney by the department of justice. This included a book of cancelled checks originally drawn upon the McNamara defense fund by Frank Morrison in favor of Clarence Darrow.

REGISTRATION IS AGAIN OPENED

The registration books for the enrolling of names of voters in Jackson county who are entitled to vote at the fall election opened again Tuesday and will remain open until October 23.

The county registration books have been open twice and closed for a time. They first closed April 15 for the primaries. The books opened again April 19 and remained open until May 15 when they again closed until Tuesday.

It is generally believed that the voters of the county are pretty closely registered because of the interest in the recent primaries but there are some yet to register and the books will remain open until October 23 to give them a chance to get their names on the rolls.

Recreation of Rurals.

CLEVELAND, Ohio, June 6.—Recreation in rural communities is the important topic to be discussed by the several hundred experts who assembled here from all parts of the country today for a three days' conference under the auspices of the Playground and Recreation Association of America. The rural travelling library, contests in gardening, corn clubs, athletics, Boy Scout activities and Camp Fire Girls will be considered and various forms of musical and dramatic play activities that have been developed in rural districts, will be presented.

"Got My Sore Foot in It Right!—TIZ"

"A TIZ Bath, My Boy, a TIZ Bath! You Can't Beat It for Sore Feet, Corns and Bunions!"

Is this man a tenderfoot? No. He is a joy walker—one who uses TIZ and gets from the feet a happiness one never felt before.

"Sure! I Use TIZ Every Time for Any Foot Trouble."

When your feet are so tired they feel like stumps, when they ache so that they hurt way up to your heart, when you shamble your feet along and it seems as though all the misery you ever had has settled in your feet, look at the happy TIZ man in the picture.

You can be happy footed just the same. If you have corns and bunions that everybody seems to step on, just think of this happy TIZ man. He had corns and bunions, too. This man used TIZ, and now he has no more tender, raw, chafed, blistered, swollen, tired, smelly feet, corns, calluses or bunions.

As soon as you put your feet in a TIZ bath you feel the happiness soaking in. It's like mountain ozone to lungs.

Nothing else but TIZ can give you this happy foot feeling. Don't accept any substitutes.

TIZ, 25 cents a box, sold everywhere, or sent direct on receipt of price, by Walter Luther Dodge & Co., Chicago, Ill. Recommended by all drug stores, department and general stores.

LOVE WAS GREAT. GIRL MURDERED

SAN FRANCISCO, June 6.—"I am glad the newspapers have listened to my story and repeated it as I have told it. It is hard to explain the attachment between Bernice and myself; it was something that was made for another world. It will be continued when we meet again. She has gone to Wilfred, my baby brother. He will tell her why I did it. Now I know she will be waiting for me, and the sooner the law takes its course the better I will be suited."

The most interesting debutante at court in London, was Violet Keppel, who, after all, was presented by her mother, Mrs. George Keppel, the brightest star of the late king's set.

McNAMARA'S SULK AT PRISON RULES

SAN QUENTIN, Cal., June 6.—For failure to perform the tasks assigned to them, John J. and James B. McNamara, the former serving 14 years and the latter a life term in the penitentiary here for the Los Angeles Times dynamiting outrages, are both under the ban. Credits were taken from the brothers yesterday and they must remain without privileges until they show a disposition to conform to the rules.

Warden Hoyle admitted today that he was having trouble with McNamara. One of the tasks assigned to them, he said, was handling 100 yards of cloth in the jute mill each day. They proved stubborn, he said, and after repeated warnings that they

\$10,000 WANTED BY COUNCILMAN FOR HARD WORDS

GRANTS PASS, June 6.—Ten thousand dollars is the amount of money that W. Ernest Everton, councilman from the Fourth ward of the city of Grants Pass, thinks will be required to assuage his injured feelings and the damage done his private character, by having been held up to "obloquy, ridicule and public shame," by one Frank Leet, likewise a citizen of this city.

And the old city hall, "Fayles' monument," that caused strife and dissension in its getting and dissension and strife in its passing, is responsible for this new ripple upon the local political sea.

Councilman Everton, the plaintiff, was elected member of the city council at the last election as a socialist from the Fourth ward. He is a Southern Pacific railroad engineer, and this is his first holding of a political office. He says that he has at all times been as painstaking in the affairs of the municipality as in his own private business, and does not propose that improper motives shall be imputed to his handling of public matters. For this reason, he says, he has taken notice of the alleged slanderous remarks made by Leet.

Leet, the defendant, is also a socialist, section foreman on the Southern Pacific, and holder of considerable Grants Pass city property, including a brick block on F street. Yesterday afternoon deeds were filed in the office of the county clerk transferring two pieces of property, including the brick building from Frank Leet to Maranda Leet, his wife.
