

NEW CREAMERY IS COMPLETED

A new creamery in the lower Applegate valley, known as the "Valley Pride," was formally opened Wednesday, a large number of people from various parts of the country attending. The ranchers of that section served a big picnic dinner at noon and a most enjoyable time was had. A large delegation from Medford and Grants Pass was present. Many speeches were made and a good time generally followed. The creamery is said to be a splendid one.

Among those who attended from Medford: W. M. Colvig, W. F. Isaacs, J. A. R. Perry, P. J. O'Gara, E. N. Warner, C. E. Whisler, J. W. Keyes, H. C. Garnett, Colonel Tou Velle and John Hall McKay.

NEGRO OUTRAGES AROUSE CUBA

HAVANA, June 6.—Thoroughly aroused over barbarous outrages committed by the negro rebels, the Cuban government today took steps to "rush the revolution by stamping out the uprising without regard to the rules of war."

President Gomez formally suspended all constitutional guarantees in Oriente province today. The Cuban congress appropriated \$1,000,000 with which to conduct a war of extermination. Captain Iglesias of the federal forces is advancing upon the rebels with 250 sharpshooters under his command, and with orders to shoot to kill all rebels whom he encounters. No prisoners will be taken, no quarter given and no surrender accepted.

SITUATION SEEN BY BRYAN

(Continued from Page 1)

pose, if indications and threats amount to anything. If the combatants are left to themselves it is safe to guess that Mr. Roosevelt will be a candidate—either the nominee of the regular convention or the nominee of a bolting convention.

But there is a third course. The Republican national committee is composed of men who, whatever their attachments to particular individuals, are still more attached to the Republican party, and they have it in their power to determine the action of the convention. The committee will know how many uncontested delegates Mr. Roosevelt has; how many uncontested delegates Mr. Taft has, and how many delegates Senators Cummins and LaFollette has. If, as is probable, Mr. Roosevelt does not have enough uncontested delegates to give him a majority of the convention, the committee may seat enough of Mr. Taft's delegates to make his strength the equal of Mr. Roosevelt's and leave the balance of power in the hands of LaFollette and Cummins.

In that case the door is open for all sorts of compromises. Taft and Cummins might be the result, or Cummins and LaFollette might be able to force the nomination of a dark horse, provided always that Mr. Roosevelt doesn't bolt.

All things considered, I would say if I were inclined to speculate—but I am not.

Taft's Steam Roller

(Continued from Page 1)

Senator Dixon, manager of the Roosevelt bureau, privately admitted that the colonel has no chance before the national committee. Dixon declared that he had received a commiteeman's proxy by telegraph, but that he would not use it.

"I would rather be licked than be forced to enter the convention and make a spectacle of myself," was Dixon's emphatic comment.

FOUR KILLED IN EXPLOSION

(Continued from Page 1)

men ran for a telephone and telephoned to Jacksonville for medical assistance. Only one doctor could be found and he did all that he could for the injured men who were rushed to Medford to the hospital. Officials of the court house turned out and went to the assistance of the injured, conveying them in autos to this city.

Three of the men who were killed outright were not touched by the men at the quarry who turned all of their attention to the injured. Their bodies were later covered to await the arrival of the coroner.

The case of James Ryan, who was fatally injured, his body being twisted and shattered in a horrible manner is most pitiful. He is the eldest son in a large family at Jacksonville and a widowed mother is dependent upon him for support. He is well known about Jacksonville as a hard-working boy. He did not regain consciousness after being hurt.

John Simmons who was killed outright is a single man. He has been living with his brother, who has a family. He has resided at Jacksonville for the past seven years.

The Jacksonville quarry is owned by the city of Medford but is being operated by Twoby brothers who are securing crushed rock from it for the Central Point road.

TOOTH MAIN EVIDENCE IN DIVORCE SUIT

SAN FRANCISCO, June 6.—Exhibiting in court a tooth which she has cherished for twelve years, Mrs. Flora Levy today asked for a divorce on the ground that the tooth had been forcefully extracted by her husband, Jacob Levy. Fearful of a repetition of the operation, she testified, she had never lived with Levy since he knocked the tooth out in 1909. He had ever given her. She wanted no alimony, she said, but only to be rid of him, and the decree was granted.

The Daily Hint from Paris.

Point d'esprit evening dress with fringe and trimming of pearls. Venice lace.

BELGIUM QUIETING DOWN FROM REVOLTS

BRUSSELS, June 6.—Although disorders were reported today in most of the large cities of Belgium, they were not of a serious nature.

Socialists here today announced that they would demand a revision of the legislation which is causing the present disturbances, at the next session of parliament. A general strike of miners in the province of Sainaut was called by the socialists today, thousands of workmen walking out.

Wedding in Army Circles.

NEW YORK, June 6.—Army officers in full dress uniform, with their wives and daughters, filled the Church of St. Cornelius the Centurion on Governor's Island today at the wedding of Miss Stella L. Dunn, daughter of Lieut. Col. Beverly W. Dunn, U. S. A., retired, and Lieut. Allen Kimberley, of the U. S. Coast Artillery Corps. Lieut. Kimberley will take his bride to Fort Monroe, Va., where he is now stationed.

Four Year Old a Witness.

ST. HELENS, Ore., June 6.—Attempts were made today by the prosecution in the trial of J. A. Pender, charged with the murder of Mrs. Daisy Wherman and her four year old boy to prove that the defendant though already possessed of a shotgun, borrowed a revolver on a pretext and that this weapon was the one with which the crime was committed.

Indiana to Stand Pat.

INDIANAPOLIS, Ind., June 6.—Declaring that the Indiana delegates to the national Republican convention in Chicago will not bolt if he can help it, Chairman Lee of the Republican state committee, a Roosevelt supporter, left here today for Chicago to appear before the Republican national committee in regard to contested delegates.

Fire Wipes Out Cobalt.

MONTREAL, June 6.—A dispatch received by the Canadian Pacific railroad telegraph company this morning contains the report that Cobalt in northern Ontario was virtually destroyed by fire. Fire is said to have started in the Lyric theatre at 9:15 last night and at the time the message was sent was not under control.

FRECKLES

New Drug That Quickly Removes These Homely Spots

There's no longer the slightest need of feeling ashamed of your freckles, as a new drug, othine—double strength has been discovered that positively removes these homely spots.

Simply get one ounce of othine—double strength, from any first class druggist in Medford and apply a little of it at night, and in the morning you will see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove freckles.

MARSHALL DIES IN ELECTRIC CHAIR

BOSTON, June 6.—Going to his death with prayer on his lips, Harry Marshall was electrocuted in Charlestown prison at 12:30 a. m. today. He was convicted, with Mrs. Mary Cusumano, of the murder of the woman's husband. Death was instantaneous.

It was stated today that Marshall went to his death in ignorance of the fact that Mrs. Cusumano's sentence had been commuted to life imprisonment.

Traveling Man Injured.

WINNEPEG, Man., June 6.—A. E. Ester, a commercial traveler of San Francisco and Mrs. Oddson of Seattle were among the nine injured in a wreck of the Canadian Pacific transcontinental train at Gull Lake, Man., yesterday afternoon. The accident was due to a broken rail. Earlier in the day the Calgary-Edmonton express was derailed and George Young of Boston killed.

"Just Say" HORLICK'S

It Means Original and Genuine Malted Milk The Food-drink for All Ages.

More healthful than Tea or Coffee. Agrees with the weakest digestion. Delicious, invigorating and nutritious. Rich milk, malted grain, powder form.

A quick lunch prepared in a minute. Take no substitute. Ask for HORLICK'S. Others are imitations.

CUBAN REBELS ARE PUT TO DEATH BY PRESIDENT GOMEZ'S TROOPS

President Gomez's troops in Oriente are downing the rebellion of the negroes by taking no prisoners. Despatches state that all rebels in the vicinity of Sagua found under arms are put to death. Many insurgent bands are located in Pinar del Rio.

Refrigerators Herrick

Are used by the government in institutions and on battle-ships, by states and railroads, because the "DRY AIR SYSTEM" used in all "HERRICKS" makes them the most economical and sanitary refrigerators on the market.

HERRICK REFRIGERATORS WATERLOO, IOWA

THE DRY AIR SYSTEM
The construction is such that the cold, dry air is forced through all the compartments, removing all odors and gases arising from the articles stored, and delivering them through a process of nature entirely outside of the refrigerator. A wet rag hung in a "Herrick" will be thoroughly dry in the course of a few hours.

MATCHES MAY BE STORED
In this refrigerator for months and ignite with ease, on any of the interior linings. Owing to this perfect circulation, butter, cream, milk, meats, berries, fruits, etc., may be stored in the "Herrick" at the same time without danger of taint or contamination to the most susceptible.

THE CONSTRUCTION
Every "Herrick" is constructed of solid oak and lined with white odorless spruce. All walls and doors are heavily packed with white mineral wool.

Come in and let our salesmen demonstrate this wonderful refrigerator.

WEEKS & MCGOWAN CO.

Bumper Crop for Grants Pass.

From all the agricultural districts tributary to Grants Pass there come reports of orchards loaded with swelling fruit; or meadows of alfalfa just coming into bloom ready for the first cutting, or fields of potatoes, melons, tomatoes and of hops, berries and grains that are making the best possible growth, with assurance that the harvest will be full of profit and of satisfaction.—Grants Pass Courier.

California Crop Disappointment.

The prospects for a large crop of deciduous fruits are not quite so promising at this date, particularly with reference to prunes and pears, as our April reports indicated. This condition does not surprise us, as we pointed out in our previous discussion the effect of lack of moisture would be more apparent as the dry season progressed.—Red Bluff News.

Joaquin Miller to "Movies."

OAKLAND, Cal., June 6.—Joaquin Miller, "The Poet of the Sierras," is said today to have made an engagement with a moving picture concern to act as the central figure for a play to be enacted at his home at Redwood Canyon in the Berkeley Hills. His daughter Juanita Miller, also will pose before the camera.
