FINANCIAL EXHIBIT OF JACKSON COUNTY, OREGON sides of Gold Hill bridge. 11 miles of grade and regrade on east side of Evans Creek.

The following pages contain a true statement of the financial condition of Jackson county, Oregon, brought down to June 1st, 1912.

In ascertaining the present debt I have listed the outstanding warrants; from the Clerk's Warrant register,

In ascertaining the amount of in-terest accumulated on the debt, uncalled, I have estimated interest from the day the warrant was issued to the 1st of June, 1912, using the treasurer's interest tables in computing interest.

In ascertaining the amounts tabulated as expenditures, I have used the Clerk's Distribution Journal, and for the tabulation of amounts paid by Treasurer, I have used his monthly

In ascertaining the cost of the bridges I have obtained this cost both from the Clerk's warrant register, his bills, the contract price, and the Roadmaster's statement.

Respectfully submitted, J. H. WILSON, Attorney and Accountant. Jacksonville, Oregon, June 4th.

GROWERS

The prospects are good for a bumper fruit crop in the Pacific northwest. We would advise all growers of Peaches, Apricots, Canteloupes, Tomatoes, Potatoes, etc., to get in touch with us. It is a part of our business to find a market for the fruits and produce grown in the valley. We have our arrangements completed to handle the crops that will bring good returns to the grower. It will pay you to investigate.
