RIVAL SHOWS TO AMUSE CROWDS

CHICAGO, June 17.—While the big Roosevelt demonstration is being staged in the Auditorium Theater tonight the Taft forces will have two rival shows. The first is to be a monster mass meeting in the park opposite the Congress Hotel. Bands of music and the marching clubs will enliven the scene and speeches will be made by former Vice-President Fairbanks, Senator Root, Senator Burton of Ohio, William Barnes, junior, and J. B. McDonald of Texas.

The Blaine Club's glee singers of Cincinnati will sing popular songs. At the same time an "Ohio Night" will be held in the gold room of the Congress Hotel. Speeches will be made by Rev. John Wesley Hill, James E. Watson and others. The Blaine club's singers and the Columbus Glee Club will add a band in furnishing the music.

Colonel Roosevelt this afternoon prepared an addition to his speech to be delivered tonight, telling how President Taft plans to organize the convention against him and intimating how he plans to combat the plan.

STOCK MARKET EXTREMELY LANGUID

NEW YORK, June 17.—Indicating what may be expected until existing political differences are nearer settlement, the stock market today was extremely languid, the first hour was entirely without feature, except for a jump of five points in Colorado, Fuel and Iron preferred, which reflected the resumption of dividends in that stock. Canadian Pacific declined one point. Business was too light to give any line on the tendency of the market.

Bonds were steady.

and Roosevelt men unless their candidate is nominated—the Nebraskan has announced that he is not in the running.

Bryan Sees Teddy.

The colonel from Nebraska was still chuckling today over his visit to the colonel from Oyster Bay which he paid in his capacity as a newspaper correspondent yesterday. The two men who may be assailing each other from the stump within a fortnight were in private conversation for nearly half an hour. Neither would discuss the visit or the topics under discussion and all efforts to get Bryan to say whether he welcomed Roosevelt as a fellow progressive were futile.

"I went to get a piece for my paper" naively declared Bryan, changing the conversation when questioned.

 LONDON, June 17.—A Renter dispatch from St. Petersburg stated today that 70 persons were killed by the fall of a wall at Pokrovsk.

BRITISH OPINION FAVORS DARK HORSE FOR CANDIDATE

LONDON, June 17.—The bitter fight between President Taft and Colonel Roosevelt for the republican nomination has been watched closely in this country that the convention at Chicago is being looked forward to with tremendous interest. Ordinarily British feeling would be strongly in favor of the man in office, but in the present instance the force of habit has not held good.

Taft's advocacy of reciprocity with Canada, his famous "parting of the ways" speech last fall, just before the Canadian elections and finally his publication of the Taft-Roosevelt correspondence contained the remark that reciprocity would make Canada "an adjunct to the United States" have prejudiced British opinion against him.

On the other hand, it is the British who will not have forgiven Colonel Roosevelt for his gratuitous advice on his Guildhall speech two years ago on how to run Egypt. Also his foreing of a campaign of personalities has proven distasteful to large numbers of his former admirers in England. The Liberal press naturally regards both the president and the ex-president with disfavor because both are tariff men.

Altogether, Britishers generally would be very well pleased if there should be a deadlock resulting in the choice of two "dark horses" against whom the objections to the two leading candidates could not be urged.

Some space has been devoted in the British press to the possibility of La Follette's being the compromise selection, and he has been especially favored by the Liberal free traders, in the hope that if elected he would be able to accomplish a material reduction of the present high tariff.

NEGROES SEIZE POWER BALANCE

CHICAGO, June 17.—"The balance of power," idea patented by the LaFollette forces and adopted by the Cummins supporters was claimed today by those professing to be behind a plan whereby the fifty-two negro delegates from the south shall enter a defensive alliance to swing through a number of reforms for the negroes, thereby shifting the balance.

The negro workers today rounded up their fellows in pursuance of the scheme. Tonight a banquet will be held to cement the plan, provided the black delegates can be persuaded to leave for the once wining and dining to which they are being treated by the Rooseveltites and the Taft men.

The negro "balance of power" idea is to Jimmy through a plank in the platform favorable to the repeal of the "Jim Crow" laws.

"Excuse Me," the farce by Rupert Hughes, is to be presented in several European capitals.

BEEF TRUST PLANS ITS DISSOLUTION

WASHINGTON, June 17.—The attorney general announced late this afternoon that he had been notified by District Attorney Wickersham of Chicago that the representatives of the National Packing Company, which is the beef trust, had told him that it is the purpose of the Armour Swift and Morris interests, which jointly own the company, to wind up its business. The beef men say today they expect to have a definite plan of dissolution ready August 1, or, if unable to agree, they will notify the attorney general of that fact by August 1. Under these circumstances Wickersham will withhold until August 1, the civil suit which he had proposed to bring against the trust to compel its dissolution.

FEATHER DUSTER IS ENTERED IN CONTEST

Judge Colvig has entered a feather duster in the Mascot contest and if all reports are true the judges will award him the \$200 prize.

To work the mascot, one has but to tickle the other person in the face with it and say, "Hello Grand-ap." These words are the "open sesame" to the charm. When used in this way, diamonds are said to be as easy as picking peaches in the Rogue River valley.

CUMMINS TO AID ROOT'S SELECTION

CHICAGO, June 17.—During the late forenoon a report gained general circulation that the Iowa delegation instructed for Cummins, will unite with the Taft forces on the organiza-

tion of the convention and will vote with them to accept the temporary roll. After this it will break and endeavor to prevent the Taft nomination. The trade is reported to be the result of certain concessions to the Cummins people in the matter of organization. Such a deal with the fight for delegates as close as at present, probably would serve to cinch the acceptance of the national committee's program.

Frank Gilmore will again be leading man with Nazimova next season.

S.S.S. MAKES A LASTING CURE

Not only its proven ability to cure, but its absolute safety as a remedy, has made S. S. S. the most extensively used of all medicines in the treatment of Contagious Blood Poison. Unlike the strong mineral pictures, which temporarily remove the outward symptoms and shut the disease up in the system, there to carry on its destructive work on the delicate and vital organs, S. S. S. strikes directly at the root, and by purifying the blood of every trace of the virus, completely and permanently cures the trouble. S. S. S. is Nature's blood purifier, harmless in its action and certain in its good results. It is made from a combination of roots and herbs, each of which has a definite and specific action in purifying the blood. Years were spent in selecting and proportioning the different ingredients, but when S. S. S. was perfected it soon demonstrated its superiority over all other blood medicines, and now, after 40 years, it is still the one and only certain cure for Contagious Blood Poison. While driving out the poison from the circulation S. S. S. builds up and strengthens the system by its fine vegetable tonic effects. If you are suffering with Contagious Blood Poison S. S. S. is your most certain reliance, and because of its freedom from mercury, potash or any other mineral, it is absolutely safe for every one.
