BANKERS, NOT HARD TIMES TO BLAME

That the bankers of the east and not the so-called "hard times" due in presidential years are to blame for the fact that more easterners are not coming west to make investments is the belief of Ben C. Sheldon of Medford and Minneapolis who has just returned from a trip through the eastern states of more than eight months duration. Bankers in the large centers and at the country cross roads towns are one and all throwing their influence against the wishes of eastern people to come to the Pacific slope to find investments. Business is good but the bankers have a great influence.

"Medford still looks better than anything I have seen this trip east," states Mr. Sheldon, "and I am certainly glad to be back. Contrary to the general reports on the coast business is good throughout the east in spite of the fact that this is presidential year. The Pacific coast is suffering from advice given by the eastern bankers—in large cities and in small. They are all using their influence to prevent any western immigration and are having great success in inducing people to remain in the east."

"There was a great Wilson sentiment prevalent in Chicago last week," continued Mr. Sheldon, "but the papers made little of it having their columns full of convention news, Bryan or Wilson are considered sure winners this year."

MEDFORD IS STILL WITHOUT A DEFEAT

Once again has a much-touted unknown blown up. The Medford stick-ers yesterday fell against McFarland's offerings in great style and when the final count was made the score was 8 to 6 in Medford's favor. Still the local bunch are undetected.

It was a great game from a spectator's standpoint and Walter Gladstone Henderson Antle was the chief performer. He got into the game suddenly in the sixth by making a circus catch in the left garden from the top of the fence, then came in and smashed out a two-bagger and while the Grants Pass team was pondering on efforts stole third on them. Then not having thought to do in his own division he invaded Pug Isaacs' domain and after racing nearly to first topped in a mud hold and lost a fly—the first one in three years (Fact).

Tummy showed up well with the stick Sunday and received several hands from the crowd. He is just beginning to get into shape once more. Doc Horton is losing his charity-heartedness and is getting into the game in great shape. Wilkinson and Miles played their usual game. Ike Butler pitched well and only once put himself in a hole.

Little Rudy Schultz showed up again yesterday in uniform and was given a great hand-by the bleachers. He only got one chance but took a beautiful throw at second and put out his man. Rudy comes back with the same old record as usual. His team this year won the interscholastic championship and Rudy was put on the All Star Northwest.

Homeran Baker was there with the goods Sunday for the Pass and tied the score with one over the fence. It was one of the prettiest drives of the season. Weekler played in great form also.

Pug took the water like a battleship in the center garden. It looked like a cross between a lemonade and a shower bath. A long drive landed on the other side of the lake and Pug played water polo but he turned what looked like a homerun into a two-sacker with a marvelous peg out of the watery depths. Bath towels were in order.

In spite of the weather a large crowd was out. Despite the condition of the ground the game was worth seeing although a few of the errors must be chalked up against rain.

Here is the way Withington saw it:

CROOK ESCAPES FROM CITY JAIL

The first real crook lodged in the city jail with a friend on the outside succeeded in escaping from the city jail heretofore touted as being unbreakable. W. R. Archer, arrested Friday for passing worthless paper at San Francisco broke out Sunday evening and succeeded in successfully making his getaway.

With a heavy piece of iron evidently passed to him through a window directly above his cell he succeeded in prying loose the padlock on his cell after which it was an easy matter to escape from the jail. He also freed Alvan F. Tennant who occupied an adjoining cell but Tennant failed to leave.

The getaway was made sometime between 11 o'clock and 4. The escape was clean cut and no indication was left by the prisoner. It is believed that he got out of town on the Shasta Limited.

Tennant is a victim of the cocaine habit and he was sobering when Archer succeeded in getting free but he saw no reason why he should leave as he was arrested only on a charge of vagrancy.

Archer was arrested Friday on advices from San Francisco. He is said to have swindled a number of people there.

SACRAMENTO, Cal., June 24.—Fifteen seconds after Lieutenant Governor Wallace had affixed his signature for a requisition for the return to San Francisco of William R. Archer, wanted for passing bogus checks, the telephone in the governor's office rang this morning. Detective Cusbell who had once before arrested Archer on the same charge stepped to the line. San Francisco informed him that his man had just broken out of the wooden jail at Medford, Oregon. Archer was formerly a salesman for Miller and Lux and disposed of \$160 worth of bad checks.

FAILURE ENDS ATTEMPT

(Continued from Page One.)

BALTIMORE, Md., June 24.—At 4:40 p. m. Colonel Bryan received two telegrams, one from Governor Wilson saying any progressive would suit him for temporary chairman and putting his O. K. on Ollie James and another from New York, notifying him that a mass meeting will be held by progressive democrats at Cooper-Union tonight to protest against the selection of Judge Parker for temporary chairman.

BALTIMORE, Md., June 24.—After two hours session the democratic national committee postponed until 7 o'clock tonight action on the sub-committee naming Judge Parker as temporary chairman of the convention. A sub-committee, including Committeeman Mack, a friend of Parker and Committeeman Hall, of Indiana, friend of Bryan was appointed to confer with both Bryan and Parker during the afternoon, with the

idea of effecting a compromise if possible.

Bryan men on the committee declared this was a victory of Bryan inasmuch as the Parker forces they say had votes sufficient to verify Parker's selection but evidently feared Bryan's threat to force the issue in the convention.

Bryan Willing to Act

If the progressives cannot agree on any other candidate for the temporary chairmanship of the democratic national convention in opposition to Alton B. Parker, William J. Bryan will personally become their candidate. He made this plain today in a statement issued from his rooms in the Belvedere. Bryan said that he hoped someone else would be decided upon by the progressives, but declared if they could not get together he would permit the use of his name for the position. He also said that he was satisfied that the conservatives were trying to split the progressive strength.

"If they insist on Parker there is only one meaning that can be placed on the action of the national committee," said Bryan. "That is that they want a fight. We will accept the gage and we will give them the battle and it will be to a finish."

Bryan Is Angered

Bryan was plainly angered and very much in earnest when he made his declaration. All morning progressive leaders had been in conference with him. They told the same story, that the conservative leaders had lined up many of the Clark delegates for Parker, and that they were claiming 700 votes if a roll call were forced among the delegates on the floor.

After stating that he was willing to lead the fight in person, Bryan said: "There is little doubt that the conservatives consider the naming of Parker as a challenge to the progressives. If necessary, I will be the candidate of the progressives for temporary chairman. But I hope someone else will be agreed on."

Late this afternoon following a caucus, the Alabama delegation which is pledged to Underwood, tendered its support to Bryan in the event that the latter is forced to carry his fight against Parker to the convention floor.

A few moments after the action of the Alabama delegation, the Texas delegation sent a written protest to Colonel L. R. Johnson, the Texas national committeeman and member of the sub-committee on arrangements on his vote for Parker for temporary chairman.
