BETRAYERS OF THE CAUSE.

THE people of Oregon instructed their delegates to both national conventions as to their wishes. By a large majority the republican delegates were sent to work and vote for Roosevelt, the democrats to work for Wilson.

Half of the republican delegation worked openly for Taft all along the line, on the final ballot only voting for Roosevelt, after having aided Taft to control the organization.

Now come two of the democrats, doing the same thing. Mr. Holman voting against the progressive organization and voting for Parker, then casting his ballot for Harmon who received practically no votes, then following Tammany's lead with Mr. Godfrey, and switching to Clark, trying thereby to defeat Wilson for whom they are instructed.

Oregon democrats should remember these two betrayers of the cause of progressiveness and repudiators of the people's wishes and whenever they show their heads in politics, shy a brick at them.

OREGON MANUFACTURES

ATTENTION is again called to the page the Oregon manufacturers are publishing in the Mail Tribune weekly. The industries represented show that Oregon is making substantial progress in manufacturing.

Every Oregonian should make it a point to ask for Oregon made products, and stop the drain of millions of dollars yearly to the east.

Oregon can make nearly everything Oregon needs, just as Oregon can produce nearly everything Oregon eats. To become a great commonwealth, Oregon must be self-sustaining—and the first step is to produce at home what is consumed.

Every time you buy an Oregon-made product, you furnish employment to Oregon people, who in turn consume Oregon grown produce. You help create an endless chain which in the end benefits you as well as everyone in the state.

Study this page of Oregon manufactures and then help make them successful by buying the Oregon products.

OWNS REMARKABLE BUST OF WASHINGTON

HOUDON'S "BUST OF WASHINGTON"

Appropos of the great interest in the works of the distinguished French sculptor Houdon stimulated in this country by the Doucet sale, it became known that Representative Jefferson M. Levy, of New York, owns a remarkable bust of Washington from the studio of that master.

Mr. Levy's Houdon he has shown a few friends. It is bronze, which he says was made from the original small model of the statue of Washington made by Houdon which is in the Capitol at Richmond, Va. Houdon once visited this country, where he studied for the work, and the mission was given to him at the suggestion of Thomas Jefferson.

BLAME BRYAN FOR CLARK LOSS

BALTIMORE, Md., July 1.—There is a great deal of bitterness against Bryan among the Clark adherents. They felt the Nebraskan had no right to attempt to place a Morgan-Belmont-Ryan brand on the speaker just because the New York delegation gave its support to him.

They have attempted to offset the effect upon the progressives made by Bryan's statement that he would withhold his vote from the Missouri-an as long as New York's vote went to him. At the same time they argued that Clark could not wipe out the injury without attacking Bryan in the forum, where Bryan's assault was delivered.

The majority of the Missouri delegates felt that while Clark would be justified in facing Bryan and defending himself before the convention, his opponents would charge his appearance was for the purpose of personally seeking vindication in the form of votes. Former Senator Dubois and Mr. Williams are said to have ignored the advice of their associates in the Clark camp and to have told Clark his only chance of redress lay in the immediate confrontal of Bryan and the convention. They urged him to take the first train, believing it would get him here before adjournment of the session, but the motion to adjourn came too quickly for them.

The chances are that Clark would have reached the convention hall in time to make the dramatic entrance had not the plans of Messrs. Williams and Dubois become known and the move forestalled.

SOLDIER ELDER TRAINS FAITHFULLY

SAN FRANCISCO, July 1.—Soldier Willis Elder the former soldier who was unearthed by G. M. Anderson, the moving picture king in time to whip a number of aspiring white hopes and fought two rattling draws with Charley Miller, who gained a recent decision over Al Kaufman here, is training faithfully at Medford, Ore., which will be staged July 4.

Elder resembles old Bob Fitzsimmons, once holder of the world's championship title and is by no means lazy. In fact his trainers are always happy when a day's work is done for they are enabled to rest.

Hardened by continuous work with the moving picture company of which his manager, G. M. Anderson is part owner, Elder is nearly fit at the present time to enter the ring at a moment's notice. Like the Fitzsimmons of old, the former soldier has little superfluous flesh to take off. Only a small amount of road work to keep his wind in condition is needed.

At the present time Elder is in charge of Freddie Bogan, who will be remembered by old time ring followers as the man who fought Dal Hawkins in San Francisco years ago and won many ring battles. Abe Atiel, Red Watson, Spider Roche and Anton Lagrave are helping to teach Elder some finer points at boxing.

Not alone does Elder expect to win the coming bout on July 4 with Monohan, but will issue a challenge to the winner of the Johnson-Flynn bout at Las Vegas, N. M.

WOLGAST READY FOR RIVERS FIGHT

LOS ANGELES, July 1.—After entertaining the largest Sunday crowd ever visiting training quarters in the history of the fight game in Los Angeles, Joe Rivers, Chattanooga and Ad Wolgast, lightweight champion announced that they would do only light work today to keep their fighting machinery well oiled pending their final heavy work tomorrow.

Rivers will be within a few ounces of the limit. River's condition is nearly perfect while Ad with only a few days inside training behind him, looks a trifle too lean.

DODGE IS OFF TO ATTEND CONVENTION

Mr. and Mrs. W. P. Dodge left Sunday morning for Atlantic City, N. J., where Mr. Dodge will take his seat in the national convention of the prohibition party when it convenes July 10. Mr. Dodge states that E. Gene Chapin will probably be the nominee of the party. Oregon favors him.

Mr. and Mrs. Dodge will also visit their old home in Iowa before returning. It will be their first visit home in 23 years. They will also visit friends in several parts of the middle west before returning to Medford. They will be absent about two months.

INCREASED PRICES FOR LIVESTOCK

PORTLAND, July 1.—Receipts for the past week have been, cattle, 1025; calves, 81; hogs, 1690; sheep, 5031; horses, 28; goats 108.

The close of the week showed a marked increase of strength in the cattle division, steers and cows being quoted at a 25 cent advance over previous quotations. One feature of the week's sales worthy of mention was that of some baby beef, two steers in this lot bring 7 cents with an average weight of 1025 pounds, and four heifers averaging 790 selling for 6.65. Veal calves sold at 8 cents, being an advance of a quarter over former sales. Bulls and stags sold their own.

The hog market shared in the general upward tendency with a twenty cent advance over the best sales of the previous week. Best light hogs finished, are now finding ready sale at 8 cents with supplies inadequate to the demand.

Trade in mutton was mostly confined to lambs, which ranged from \$5.75 to \$5.85 for the best, with thin stuff selling as low as \$4.00 to \$4.25. Buyers seem disposed to clean up all offerings at good prices, the market being steady to strong in all classes.

CLARK HASTENS TO AID CAUSE

BALTIMORE, July 1.—Champ Clark came to Baltimore Saturday night to call on his managers who reported that his candidacy had suffered by reason of an "attack on his honor" by Bryan. The convention apparently is hopelessly deadlocked and had adjourned until Monday before the speaker's arrival. Back of Clark's coming was a rumor of the disruption in his political campaign.

Senator Stone, former Governor Francis of Missouri, the main body of the Missouri delegation said they opposed the speaker making an appeal to the convention in his own behalf. They believed the convention would misinterpret.

When the convention adjourned at night Clark was hurrying to Baltimore from Washington in response to an urgent call of his campaign director. Bryan at the afternoon session attacked Clark and said he would vote for no man willing to accept the nomination at the hands of "Murphy of Tammany Hall." It was the plan of Clark to appear before the convention and make answer. In this way his managers hoped to bolster the waning strength.

The ballots Saturday ran from the thirteenth to the twenty-sixth. Wilson began with 356 and ended with 467, a net gain of 51. Clark began with 554 1/2 and fell to 463 1/2, a loss of 91 votes. The anti-Clark leaders call attention to the fact they almost exactly offset the 90 votes thrown to Clark by the New York delegation.

Breaks to Wilson were coming from many delegations as the balloting closed. His managers believed once he had overtaken Clark the switching would become general. The Clark forces plan a desperate effort today to win back some of the delegates lost today. This work probably will have the personal direction of the speaker himself.

Julian Eltinge will begin another season in Atlantic City in August in "The Fascinating Widow," and will spend about \$20,000 in new dresses for the production. Atlantic City is where the Eltinge offering was originally presented on November 14, 1910.

Margaret Mayo has two plays under way.

STATISTIC BUREAU BEGINS AGRICULTURAL SURVEY

M. B. Evans, Jr., of Corvallis, representing the Oregon Statistical Bureau and Immigration commission, arrived in the city Saturday, and on Monday will make the initial survey of the agricultural development of the Rogue River valley. He will report on thirty-five or forty ranches of various kinds in this section. The following letter explains the purpose of the survey in full:

"The Oregon statistical bureau, in co-operation with the Agricultural college, is making a preliminary agricultural survey of a number of the leading farms in every county in the state. The object of this survey is primarily to determine the opportunities in each locality for new settlers and, if possible, to find some of the difficulties in agricultural development. Such questions as the following will be asked: The value of land, machinery, stock on hand June 1; the acreage and yield of each crop in 1911; the amount of these crops sold and the receipts; the amount of other farm products, such as milk, butter, eggs, fruit, etc., sold during the year and the receipts; the expenses for labor, seed, feed, fertilizer, machinery, threshing, etc.; the methods of cultivation used and your observation of the results.

"As your answer will be used for the benefit of your community and of the entire state, accuracy of statement is of the utmost importance. All of the information received from you and your neighbors will be compiled in making up a final report on the general conditions in your community. Your statement will be considered strictly confidential. The report of individuals will not be published without their consent."

NOTICE. Notice is hereby given that the undersigned will apply to the city council of the city of Medford, Oregon, at its next regular meeting on July 2, 1912, for a license to sell spirituous, vinous and malt liquors in quantities less than a gallon at its place of business on lots 5, 6, 7, 8, block 20, in said city, for a period of six months.
