COMMUNICATIONS

To the Editor: How careful (?) the opposers of woman suffrage have become of woman! How solicitous (?) of the burdens she bears! How they would protect (?) her! Yes, as a wolf protects a lamb or a hawk a chicken.

Government is the administration of law and law is beneficence acting by rule. True government and law are no burdens but causes for rejoicing, and the good men realize that to insure safety and happiness to themselves and their families, by riding the government of its present oppressing evils that the ballot must be placed in the hands of the women.

Let us look at a few of the burdens of the government she is now bearing and from which she means to rid herself when she gains the ballot.

(1) The burden of degradation which places the age of protection as low as ten years instead of at least twenty-one years.

(2) The burden of the great wrong of child labor which, to quote that gifted woman, Charlotte Perkins Gilman, makes "man the only animal that lives on its young."

(3) The burden of war which desolates her home and life by robbing her of her natural protectors.

(4) The burden of the legalized liquor traffic which makes possible the white slave traffic and a long train of evils reaching to the bottomless pit.

(5) The burden of the present economic and labor conditions whereby men, women and children must suffer all the evils of debasing slavery that the corporate interests and their minions may possess the land and the governments thereof.

How simple would be the problem if we only had to contend against real woman's state anti-suffrage organizations in eighteen states! What crimes are committed under the cover of thy name, O woman!

It is not any organization of women against which we struggle but an organization in every state, backed by the money power, the liquor interests and every political crook in the country.

There are suffrage organizations in every state in the union. The organization founded by Miss Anthony and the White Ribboners comprise a great multitude. To these are added the labor organizations, the Grange, the socialist and prohibition parties, the churches and the press in general. True, it is opposed by the whiskey organs and a few wishy-washy publications like "Bok's Ladies' Home Journal."

Woman refuses to longer helplessly wail and wring her hands age after age over the evils she could correct by having the ballot and help to secure quickly and effectively a governmental atmosphere conducive to health, peace and happiness her God has given her right.

Woman suffrage is sweeping the world. It is founded on the eternal principles of justice and cannot be cried down, laughed down, sung down nor whistled down.

Oregon, Winkle of the west, awaken! Neighboring states their lethargy have shaken;

No great reform'er shall be by thee forsaken, And your women soon shall vote. Yes, we shall soon the judgments tell, About the state we love so well, That Oregon men believe, women should receive, Votes, votes, yes, votes for women.

—A Woman.

THE DEMOCRATIC NOMINATION.

OUT of the turmoil and struggle, and the confusion of the prolonged battle of the ballots at Baltimore has emerged a purified party, progressive in principle, progressive in platform, progressive in candidates.

A new declaration of independence has read out of the organization the Ryans, the Belmonts, the Morgans, the bi-partisan big business corruptors who use political parties with the Murphys, the Barnes, the Sullivans, as go-betweens to rake their chestnuts out of the fire and prostitute government for selfish ends.

It is not only the democratic party but all political parties that will profit by the open fraud of the Chicago convention and the exposure of the attempted fraud in the democratic convention.

The question at issue was not so much the personality of the candidates as the principles they represented.

Clark's victory would have perpetuated the reign of the bosses, the corruptions by big business, insured the result of the real progressives, party division, defeat and destruction.

GREAT CROWD FOR DOUBLE BOXING MATCH JULY 4

Soldier White Elder, original white hope and cowboy raider, accompanied by his trainer, Freddie Hogan, and lightweight boxer Ray Campbell, arrived yesterday for his ten-round bout with Walter Monaghan, scheduled tomorrow night, July 4, at the Medford Natatorium.

Elder with his headgear removed bears a striking resemblance to Bob Fitzsimmons, the top of his cranium being quite bald and a whisker on parting his hair now takes the place of the former comb and brush.

The public market will be closed Thursday, July 4th, but will be open on both Friday and Saturday, July 5th and 6th.

"Usin' TIZ Gramma?" "Yes, Harold, it makes Grandma's feet feel just like yours, free from tiredness, aches and corns."

"Your papa and mamma, your your grandpa and your grandpa all use TIZ, Harold. And you'll use it, too, when you get to be a man. Then your feet will never hurt, or get tired. That's why we all use TIZ."

Most of us get old, feet first. The bunions get staid, more wearisome and painful. Corns get harder and more stubborn as the feet become more tender. At a time when old people need their feet most, they can use them less—unless they use TIZ.

If you have never used TIZ before, your first use of it will bring back some of your girlhood days. TIZ will make your feet feel young, strong and vigorous.

TIZ acts on a new principle—draws out all the poisonous exudations that make foot troubles.

TIZ, 25 cents a box, sold everywhere, or sent direct, on receipt of price, by Walter Luther Dodge & Co., Chicago, Ill. Recommended by all drug stores, department and general stores.

Herb White, clever light-weight who boxes Ray Campbell tomorrow night. No, the soldier is not old—in fact, he is barely out of his teens, and attributes his bald spot to his many adventures' blows which grazed or glanced off the top of his dome.

This rancher white hope is the last person in the world that would be taken for a boxer. Quiet and unassuming, he talks of ranches and cowboy life and wanted to know if there were any wild horses, cattle or anything at all that was wild around here that he might be able to spend a few days rough-riding with a lasso, but the white hope was kindly advised that about the only animal that was wild and that he might be able to lasso was a few stray canines around Front street.

Elder and Mohofan will both train up to the hour of the contest, and will be in the pink of condition.

Ray Campbell, the lightweight boxer of San Francisco, who meets Herb White, has been working out with Soldier Elder, and says if he can beat White he would like to be given a chance against Bud Anderson. He is a likely looking lad and has a reputation of being clever.

The two white hopes and the light-weights will have the last workout this afternoon at 2:30 for the benefit of the fans.

JOLTS AND JINGLES By Ad Brown

The new U. S. Solicitor General is named Bullitt. After all the jokes-smiths get through with that name we will cop out the best.

Still we might venture to suggest that he is easily led.

How would a weed pulling contest do for the Fourth. Right here I donate a back yard for the scene of action.

Judge Kelley had Wilson picked as the winner all along. Why not try him out on the weather and the auto races and boost him for prophet?

While Bill Lorimer is defying public opinion, investigations, and the Chicago Tribune to hang on to his seat, George Wingfield of Nevada turns down a job as senator.

Will you have some of this alfalfa breakfast food? Neigh.
